Theodore Roosevelt School
Organizational Chart 2016-2017

Section 1.02 Organization Description

A. Mission Statement. It is the mission of the Theodore Roosevelt School (hereinafter “School”) to prepare and empower all students for the choices and challenges they will face in the future by providing a positive, healthy, social and educational environment which is based on Ndee knowledge and language.

B. Philosophy. The School believes that:

1. Quality education and residential services should be provided in a healthy and safe environment wherein students are assisted in developing a positive self-image and life skills and where students are taught multicultural and social values and academic and social skills.
2. Each student should be assisted in developing their identity, dignity and self-confidence. Each student should be accepted, respected and acknowledged for his/her unique, positive qualities and contributions.
3. The cooperative involvement of the School, parents, and community will create a positive environment that is conducive to quality educational and residential services.
4. Dzit ligai siañ language and traditional values should be modeled and preserved. Each individual should have the responsibility to model dzit ligai siañ traditional values, culture, and language. In this manual, dzit ligai siañ shall also be referred to as White Mountain Apache and/or WMA.

C. Services Provided. The School provides homeliving and educational services for 6th – 8th grade students in the community. Students reside in the dormitories while attending classes and receiving instruction at the School.

D. School History. **[Reserved]**

E. Organizational Structure. The White Mountain Apache Tribal Council appoints School Board Members to serve on the Board. The Board provides the underlying policy and leadership to the School by instituting operating and management policies. The administration and staff provide the technical expertise and are responsible for the day-to-day operation of the School.

The Board employs a Principal (Principal in this policy manual is defined as CEO, Chief School Administrator or Principal, whichever is the highest ranking executive officer) who directs and manages the day-to-day operations of the School. The Board also employs managerial, professional and operating staff to assist the Principal to carry out the goals and objectives of the School.

Section 1.03 Enactment and Amendment

The Theodore Roosevelt School's Policies and Procedures Manual (hereinafter "Manual") shall be effective only upon its adoption as the official policy of the Board, and shall be distributed to Board members and employees. All employees are expected to follow the policies and procedures in this Manual and any amendments thereto as soon as they become effective. Duly enacted amendments will replace former policies and procedures. New amendments, at the time they are enacted, will be considered as part of the employee's employment contract with the School.

The Principal, or other staff, as directed by the Board, shall review proposed amendments and as necessary, shall obtain a legal opinion from legal counsel to the Board regarding said proposed amendments.

The Board may publish the text of the proposed amendments in its minutes and by posting notice of said amendments. The Board shall set a date and time for final consideration of said amendment not less than ten (10) calendar days after said publication. Staff and other persons may submit comments upon proposed amendments prior to final adoption by the Board. If, in the Board's opinion, time does not permit a review, the Board may enact an amendment to the policy without the ten (10) day posting period and declare the amended policy effective immediately.

An amendment to the Manual adopted by the Board shall become effective immediately upon the Board enacting an amendment. Copies of the amendments will be thereafter distributed to all staff members and shall be posted at the School to notify all employees and the general public of the policy change.

In construing the provisions of this Manual, all references to the "School" or "TRS" shall mean Theodore Roosevelt School, and all references to the "Board" shall mean the duly appointed and qualified Theodore Roosevelt School Board. If a duty specified in this Manual is to be performed by a person in a position which is no longer in effect, the specified duty shall be performed by the School employee or official who holds or has been assigned to perform the equivalent responsibilities.

Section 1.04 Jurisdiction

Any legal matters and employment agreements shall be determined according to and in accordance with the laws of the White Mountain Apache Tribe, and the White Mountain Apache Tribal Courts shall have sole jurisdiction over any such disputes. Any employee aggrieved must exhaust the administrative remedies provided in the Manual prior to seeking any relief in White Mountain Apache Tribal Court or other tribunal.

Section 1.05 Employee Acknowledgment Form

The Policy Manual contains important information about the School. I understand that I should consult my supervisor regarding any questions not answered in the Manual.

Only the Board has the ability to adopt any revisions to the policies in this Manual.

Furthermore, I acknowledge that this Manual, and revisions to it, are part of my contract of employment with the School. ARTICLE II. PERSONNEL POLICIES

Section 2.01 Nature of Employment

This Manual is intended to provide employees with a general understanding of the School's personnel policies. Employees are required to familiarize themselves with the contents of this Manual, for it will answer many common questions concerning employment with School.

This Manual cannot anticipate every situation or answer every question about employment. This, however, is intended to be the guide to the Board and the employee and is to be considered a part of the employment contract. It is understood by employees and employer that the Manual may be amended from time to time by the Board. The employee shall be notified of any modifications to the Manual and is expected to follow the modification to the Manual as adopted by the Board. Any modifications to the Manual will become part of the employment contract.

In order to retain necessary flexibility in the administration of policies and procedures, the Board reserves the right to change, revise, or eliminate any of the policies and/or benefits described in this Manual. The only recognized deviations from the stated policies are those authorized by Board action.

Section 2.02 Employee Relations.

The School believes that the working conditions, wages, and benefits it offers to its employees are competitive with those offered by other employers in this area. If employees have concerns about working conditions or compensation, they are strongly encouraged to voice these concerns directly to their immediate supervisors. We encourage all employees to resolve internal disputes within the School alleviating the need for outside interference.

Section 2.03 Equality of Employment Opportunities/Non-Discrimination/White Mountain Apache Indian Preference

The School is committed to a policy of non-discrimination relative to race, sex, age, religion, disability and national and/or ethnic backgrounds with the exception of the preference given to Indians under the Civil Rights Acts of 1964, and subsequent modifications, and the preference given to enrolled members of the White Mountain Apache Tribe under the White Mountain Apache Labor Code and any amendments thereto. It is the policy of the School, in all employment decisions, to give preference first to qualified enrolled members of the White Mountain Apache Tribe, secondly to an Indian spouse of an enrolled member of the White Mountain Apache Tribe, and thirdly to other qualified Indians. Further, it is the policy of the School to provide for Indian employment whenever possible, consistent with the operation of a high quality educational program. Accordingly, the Board will undertake active recruitment efforts to locate qualified Indian applicants for all vacancies. Similarly, active efforts will be undertaken to notify Indian employees of opportunities for promotion and training. However, notwithstanding the foregoing, the School shall be free to select the best qualified individual for any given position.

With the above-noted qualifications, the School is an equal opportunity employer and complies with employment requirements of the White Mountain Apache Tribe, and other applicable laws and regulations. Notwithstanding the foregoing, the Board reserves the right, in the best interest of the children it serves, to hire the best qualified candidate on a case-by-case basis.

Section 2.04 Veterans Preference

The School does provide a hiring preference to veterans. The term veteran means any person who has served at least 181 consecutive days active duty in the armed forces, and who has received an honorable discharge. Active duty for training or inactive duty by National Guard or Reserve members of the military does not qualify as “active duty” for this preference and shall not be considered active duty for purposes of this policy. As defined in 5 U.S.C. § 2101(2) as it may be modified, “armed forces” means the Army, Navy, Air Force, Marine Corps and Coast Guard.

The purpose of this policy is to aid veterans in making a transition into civilian employment and is, in part, recognition of the veterans’ sacrifice and to prevent veterans seeking employment from being penalized for their time in military service. This policy recognizes the economic loss suffered by citizens who have served their country in uniform, restores veterans to a favorable, competitive position for employment and acknowledges the larger obligation owed to veterans.

Veterans requesting preference relative to employment with the School must indicate they are requesting the preference in their employment application and attach a copy of their DD214 discharge papers at the time of submitting their employment application. Veterans who have successfully completed all phases of the application process and who otherwise qualify for a position for which they are applying shall be given a veterans preference in the selection process by adding five additional points to their application score. The additional five points is the extent of the veterans preference that is to be given by the School.

Notwithstanding the foregoing, the School retains the right and discretion to hire the candidate it deems most beneficial to the School.

Section 2.05 Immigration Law Compliance

The School is committed to employing only individuals who are authorized to work in the United States and does not unlawfully discriminate on the basis of citizenship or national origin.

In compliance with the Immigration Reform and Control Act of 1986, as it may be amended and other applicable immigration and workers control acts, each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility. Former employees who are rehired must also complete the form if they have not completed an I-9 with the School within the past three years, or if their previous I-9 is no longer retained or valid.

Employees with questions or seeking more information on immigration law issues are encouraged to contact the Human Resources Manager. Employees may raise questions or complaints about immigration law compliance without fear of reprisal.

Section 2.06 Employee Medical Examinations

A. Medical examinations may be required as a condition of an offer of employment. If required, a medical examination will be performed by a health professional of the School's choice, at the School's expense and the offer of employment and assignment to duties will be contingent upon the results of the medical examination. Information on an employee's medical history or resulting from a physical examination will be filed and maintained separately from the employee's personnel file.

The School may require an employee to undergo a medical examination at any time that the School questions the employee's ability to perform his or her assigned duties, or questions whether the employee may be a direct threat to the health or safety of the employee or others.

B. The School requires pre-employment drug and alcohol screening for any applicant who is not a current or returning employee prior to the final approval for employment. The screening shall be completed at the School's expense by a third-party testing facility pursuant to the facility's procedures. The screening shall be conducted for the presence of alcohol and illegal or unauthorized prescription drugs. The detection of alcohol or illegal or unauthorized drugs at or above established detection levels will disqualify the applicant from consideration for employment for a period of 12 months from the date of the screening report.

C. The School requires drug and alcohol testing for current employees according to the terms of the Drug and Alcohol Policy, in Sections 6.03 to 6.09.

Section 2.07 Anti-Nepotism

The employment of relatives in the same area of an organization may cause serious conflicts and problems with favoritism and employee morale. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment can be carried into day-to-day working relationships.

Relatives of persons employed by the School may be hired only if they will not be working directly for or supervising a relative. School employees cannot be transferred into such a reporting relationship. No person shall participate in the consideration of any application for employment or promotion which involves the possible selection of a relative (as that term is defined herein) of such person.

If the relative relationship is established after employment, the individuals concerned will decide who is to be transferred or resign. If that decision is not made within 30 calendar days, management will decide who will be reassigned, transferred, or terminated. In other cases where a conflict or the potential for conflict arises, even if there is no supervisory relationship involved, the parties may be separated by reassignment or terminated from employment.

For the purposes of this policy, the term “relative” or the term “immediate family member” shall mean, spouse, child, parent, sibling, parent, grandparent, grandchild, or like relations created by marriage. The terms shall persons who are not related, but reside in the same household or are in a relationship as god-parent and god-child.

See also Section 2.08, Conflicts of Interest.

Section 2.08 Conflicts of Interest

Employees have an obligation to conduct business within guidelines that prohibit actual or potential conflicts of interest. The purpose of this policy is to provide employees with clarification on issues of acceptable standards of conduct regarding relatives and transactions with outside firms and individuals.

Actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee or a relative of that employee. For the purposes of this policy, a relative is person who is defined as a relative under the School’s hiring policy (see Section 2.07 - Anti-Nepotism).

No person employed by the School may be directly supervised by a relative (see Section 2.07 – Anti-Nepotism). A dependent of a Board member (a person for whom more than half of whose support is obtained from a Board member) cannot be hired by the School except upon consent of the Board. Neither a Board member or their spouse or person who lives with a Board member, as explained in Section 2.07, may be hired or retained by the School. This policy will apply for summer or part-time work as well as for full-time employment.

School business dealings with outside firms should not result in personal financial gains for any employee or his or her relatives (see Section 2.07 - Anti-Nepotism). An employee who has, or whose relative has a substantial personal interest in any decision of the School, shall make known the interest in the official records of the School, and shall refrain from participating in or influencing the School’s position on any matter as an employee in such a decision. Personal gain may result not only in cases where an employee or relative has a significant ownership of a firm with which the School does business but also when an employee or relative receives any kick-back, bribe, substantial gift, or special consideration as a result of any transaction or dealings involving the School. All transactions that can be interpreted to involve personal financial gain shall require specific Board approval.

Additionally, no employee of the School shall accept gifts from any persons, group, or entity doing, or desiring to do, business with the School. The acceptance of any business related gratuity is specifically prohibited, except for widely distributed, advertising items or consumable items of nominal value.

Section 2.09 Filling Vacancies

A. Determination. Prior to filling any vacancy, the Human Resources Director shall certify, in writing, to the Principal that funds are available for the vacancy. The Board, in

consultation with the Principal, shall determine whether or not any vacancy should be filled and the timeline for filling said vacancy.

B. Reassignment. The Principal is authorized to make in-house reassignments not to exceed one hundred twenty (120) days based upon an employee request or for administrative convenience. Reassignment does not require compliance with other provisions in this Manual.

C. Consultants/Trainers. The Principal shall, with the approval of the Board, have authority to hire consultants and/or trainers in accordance with the procurement policy. Consultants or trainers shall receive no benefits. Consultants or trainers shall be evaluated and selected by the Principal without regard to other provisions of this chapter; however, this procedure will not be used to circumvent regular hiring practices.

Section 2.12 Interview Committee

An Interview Committee shall be appointed for all professional position vacancies and other position vacancies when specifically instructed to do so by the Board. The Interview Committee shall be appointed by the Principal and shall be composed of no fewer than three (3) and not more than five (5) employees or Board members. The Principal shall attempt to appoint committee members possessing knowledge, experience and familiarity with the position under consideration. Unless a conflict of interest requires otherwise, the committee shall include: The Principal or designee, the immediate supervisor of the position under consideration, the

departmental supervisor of the position under consideration, and an employee of said department. Board members may also serve on the Interview Committee. It is not mandatory to have the precise committee members listed above; however, the above listing sets forth the general intent regarding the composition of an Interview Committee.

- B. The Interview Committee shall make a ranked list of qualified applicants that were interviewed and the basis for their rankings. Said ranked list shall constitute the recommendation of the Interview Committee. The ranking or report of the Interview Committee shall be submitted to the Principal.

B. **Requirements for an Emergency Classification.** Emergency classification shall occur only if the Principal, or designee, makes written, affirmative findings that failure to immediately fill a position will: (1) pose a safety threat to persons or property; (2) jeopardize the integrity and successful completion of program objectives; and/or (3) result in the immediate loss or reduction of funds. One of the above factors may be sufficient for such action.

C. **Hiring Roster.** Should an emergency hiring occur, all current applications for the vacated position and all other readily identifiable candidates, including current employees, will be used to create a roster. Efforts will be made to secure the widest circulation of job announcements as permitted by the emergency situation.

D. **Final Decision.** The Principal shall submit his/her recommendation on hiring to the Board with the reasons therefor. The Board shall make the final hiring decision.

E. **Maximum Appointment Period.** No emergency hiring shall exceed one hundred twenty (120) calendar days. At the expiration of the one hundred twenty (120) day appointment, the contract will be terminated unless the employee has been duly appointed to that position after all employment procedures have been fulfilled.

F. **Preference.** Preference will not be given to persons filling emergency contracts unless all requirements have been documented and the employee has been certified eligible.

G. **Pay.** Where a current employee receives an emergency appointment under this section, rather than reassignment, the employee's pay will be adjusted to that of the new position. New emergency appointments are not eligible for holiday pay, sick leave, annual leave, personal leave, or health and life insurance. Emergency appointments are entitled to worker's compensation and overtime.

Section 2.17 Substitute or Intermittent Professional Employees/Hiring

Substitute teachers and other professional functions may be provided by an annual intermittent contract, which provides for temporary employment as needed in the best interests of the School. Such contracts shall only be offered to qualified persons and shall provide for employment intermittently during the ensuing year as needed by the School. Short-term or intermittent professional employees, excepting those regularly employed as a teacher assistant, shall be selected and employed as follows:

1. There shall be advertised in and about the communities directly served by the School such intermittent contract positions as may become available during the ensuing school year.

4. The Principal, or designee, may select substitute teachers, as needed, from those having executed an annual contract for intermittent services as a substitute teacher.
5. No intermittent contract professional so employed shall be entitled to any rights or benefits accorded to an employee by virtue of the Manual except as shall be required by law.
6. The Principal may, upon the recommendation of the academic supervisor, or department head responsible for the short-term professional or intermittent employee, without cause or notice, terminate the temporary employment of any such person and rescind the contract for intermittent services. Such decision shall, however, be reported to the Board at their next regular meeting and the cause, if any, may be reported to the Board in executive session.
7. In the event, as to any defined intermittent or short-term professional function or position, no applicant remains or is available in the employee pool for that position, the Principal, or designee, may hire a person qualified to perform the duties of that position without regard to the requirements herein contained.
8. Issuance of an intermittent contract shall not create a right to teach or work. Whether an intermittent employee is called to work and the amount of time an intermittent employee is allowed to work shall be at the discretion of the School Administration.

Section 2.18 General Background, Fingerprint Checks and Adjudication Policy

CHECK AND RELEASE**

I, _____ [Applicant's name], have applied for employment with Theodore Roosevelt School (hereinafter "TRS") to work as a _____ [Job Title].

Employees at TRS are subject to the following federal and tribal laws:

1. The Indian Child Protection and Family Violence Prevention Act (P.L. 101-630) states that all Indian tribes which are contract or grant recipients under the Indian Self-Determination and Education Assistance Act or Tribally Controlled Schools Act of 1988 are subject to investigation and minimum standard requirements, and that character investigations are a federally mandated requirement.
2. The Crime Control Act of 1990, Child Care Worker, Employee Background Checks (P.L. 101-647) states that each agency of the Federal Government and every facility operated by the Federal government (or operated under contract with the federal government), that hires (or contracts for hire) individuals involved with providing child care services to children under the age of 18 shall assure that all existing and newly hired employees undergo a Criminal History Background check.

It is the policy of TRS not to discriminate on the basis of race, color, religion, gender (including sexual harassment as described in TRS' policies concerning sexual harassment), sexual orientation, age, national origin, disability, marital status, political affiliation, or veteran status in its educational programs, activities or employment policies as required by federal law. TRS abides by federal laws regarding people with disabilities. If you have a special need, reasonable accommodations will be made in accordance with the American Disabilities Act of 1990. Inquiries regarding compliance with any of the above may be directed to TRS' Human Resources Department; or to the Director of the Office For Civil Rights, U.S. Department of Education, Federal Office Building, 1244 Speer Blvd., Suite 310, Denver, CO 80204-3582.

ARTICLE III. EMPLOYMENT STATUS AND RECORDS

Section 3.01 Employment Classification/Categories

It is the intent of School to clarify the definitions of employment classifications so that employees understand their employment status and benefit eligibility.

Based on prevailing federal court decisions, the School disclaims any applicability of the Fair Labor Standards Act (“FLSA”) and asserts its sovereign immunity from application of the FLSA to the School. Notwithstanding the foregoing, the School generally adopts, as its policy, not as federal law, the definitions, policies and procedures set forth in the FLSA. By disclaiming the applicability of the FLSA, the School affirmatively states that it will not respond and is not required to respond to any federal claims or the jurisdiction of any federal court; however, it will respond in White Mountain Apache Tribal court to its decision to include similar employment provisions via its own policies. While the School may use definitions and principles from the FLSA it is not bound by the FLSA and there shall be no jurisdiction over the School arising from the FLSA.

A. Exempt Employees – are those executive, managerial, professional and administrative employees who are exempt from coverage from portions of the FLSA, including the requirement for paying overtime, by virtue of the employee’s job duties and skills. Employees assigned to exempt positions are not eligible for overtime. Theodore Roosevelt School exempt employees include the Principal, teachers, counselors and other positions designated by the School.

B. Non-exempt employees – are non-supervisory or some office staff positions. Employees assigned to non-exempt positions are eligible for overtime under an emergency situation and with appropriate prior approval.

In addition to the above categories, each employee will belong to one other employment category:

A. Year-long employees are those who are not in a temporary or probationary status and who are regularly scheduled to work a full-time schedule on a year-long basis. Generally, they are eligible for the School benefit package, subject to the terms, conditions, and limitations of each benefit program.

B. School-year employees are those who are not in a temporary or probationary status and who are regularly scheduled to work a full-time schedule during school year. Generally, they are eligible for the School benefit package, subject to the terms, conditions, and limitations of each benefit program.

C. Probationary employees are those whose performance is being evaluated to determine whether further employment in a specific position or with School is appropriate.

There are two classifications of probationary employees: 1) newly hired, and 2) promoted and/or transferred. Newly hired probationary employees are those employees who were not employed by the School immediately before their hire for the subject position or whose contract was terminated or non-renewed before their hire by the School for the subject position. Promoted/transferred employees are employees who were employed by the School at the time they were promoted or transferred to the subject position.

D. Temporary employees are those who are hired as interim replacements, to temporarily supplement the work force, or to assist in the completion of a specific project. Employment assignments in this category may not exceed 90 total days per fiscal year. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status unless and until notified of a change. While temporary employees receive all legally-mandated benefits (such as workers' compensation insurance and Social Security), they are ineligible for all other benefit programs.

Temporary employee's employment with the School terminates at the time stated in their contract if there is a contract. If there is no contract temporary employee's employment terminates as determined and directed by the School in its sole discretion. Temporary employees have no right to continued employment or to appeal the termination of their employment.

E. Part Time employees are employees hired for the school or full year who work less than 40 hours per week or less than the full time number of hours established for a position if such number of hours is specifically set by these policies. Benefits for such employees are determined by their individual contracts with the School not these policies. If no benefits are given in said contract then it is presumed that the employment is without benefits or is limited to those benefits specifically set forth in their contract. Part time employees are not "eligible employees" as defined in Article V Section 5.01 herein.

Part time employees are subject to rules and standards of conduct set forth in these policies and have the right to the grievance and appeals procedures set forth herein.

F. Student Teachers. Persons student teaching at the School under a recognized student teacher program are not employees of the School. Student teachers do not have the rights of employees under these policies, nor shall they be compensated for their student teaching activities. However, student teachers must adhere to the standards set forth for the staff in these policies. Any violation of said standards by the student teacher shall be grounds for the termination of the student teaching opportunity for that person at the School.

School employees who student teach at the School, but were employed by the School prior to their student teaching, will be paid at the rate and in the manner that they were paid prior to student teaching, while they are student teaching.

G. Volunteers. Volunteers are required to comply with all School policies and procedures.

Section 3.02 Probationary Employment Conditions

A. Newly hired employees are probationary employees and shall be subject to a probationary period of ninety (90) calendar days. This probationary period is intended to give new employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance and to determine whether the new position meets their expectations. The School uses this period to evaluate employee capabilities, work habits and over-all performance.

1. Progress reports at one (1) month intervals shall be conducted by the immediate supervisor and submitted to Principal.
2. A probationary period may be extended for an additional period up to ninety (90) calendar days when recommended by the supervisor and approved by the Principal.
3. Prior to the completion of the probationary period or any extension of the probationary period, the employee's supervisor shall conduct and complete an evaluation of the employee and provide it to the Personnel Office.

B. Probationary employees shall be eligible for worker's compensation insurance, social security, holiday pay and participation in the School's retirement program. Probationary Employees are not entitled to any other benefits under these policies including, but not limited to, sick, vacation, personal, bereavement or any other leave, except that leave without pay may be authorized in the Principal's sole discretion for limited duration due to compelling circumstances that arise during the probationary period. When a newly hired employee successfully completes the probationary period and obtains the status of a regular employee, the employee's accrued personal, vacation and other leave during the probationary period shall be fully credited to the employee from that time forward. There shall be no back pay for leave or holidays occurring during the probationary period.

C. Probationary employees' employment may be terminated at will and employee may terminate their employment at will during the probationary period. Employment terminations during any probationary period are not subject to any grievance or appeal.

Commented [GH1]: Is it still the intention to allow an employee to terminate their contract during the probationary period?

Section 3.03 Volunteers

Volunteers are not employees of the School nor shall they receive compensation or benefits under these policies. Volunteers may apply for employment with the School through one of the above-described categories. A volunteer providing continuing services for the School must develop a plan including their scope of services and times and which the School employee will provide immediate supervision to the volunteer. The supervising employee must obtain approval from the Principal to utilize the volunteer services in their department/program. Volunteers must be approved by the supervisor and the Principal prior to them providing services. Volunteers must comply with the conduct and performance standards set forth in these policies. Volunteers must have successfully completed a background and fingerprint check as set forth in these policies prior to providing such services.

Section 3.04 Non-School Employees

Independent contractors and personnel from other agencies occasionally provide on-site services to the School. All such independent contractors and personnel shall comply with the conduct and performance standards set forth in these policies. In addition, any person who may have unsupervised contact with students shall first complete a background and fingerprint check.

Section 3.05 Employment Reference Checks

To ensure that individuals who are employed by the School are well qualified and have a strong potential to be productive and successful, it is the policy of School to check the employment references of all applicants. See Section 2.10.K.3 and 2.18. In addition, the School, through the Human Relations Director and/or Principal shall submit a prospective, new employee's name, social security number and fingerprints to appropriate agencies to ensure the background and fingerprint checks set forth in these policies.

The Human Resources Director will respond to all reference check inquiries from other employers. Responses to such inquiries will confirm only dates of employment, wage rates, and position(s) held. No further employment data will be released without a written authorization and release signed by the individual who is the subject of the inquiry, unless required by law.

Section 3.06 Personnel Data Changes/Updates

It is the responsibility of each employee to promptly notify the School of any changes in personnel data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of an emergency, educational accomplishments, and other such status reports should be accurate and current at all times.

Teachers, administrators, and other personnel required to be certified shall supply to the administrative office the required certification. It is the responsibility of each teacher and administrator and other personnel required to be certified to obtain such certification, supply proof of such certification to the administrative office and to keep their certification current.

Section 3.07 Access to Personnel Files

The School maintains a personnel file on each employee. The personnel file includes such information as the employee's job application, resume, employment contract, records of training, documentation of performance appraisals and salary increases, and other employment records. All information and materials related to an employee's background/criminal history shall be kept and secured in a locked container or area.

Personnel files are the property of the School and access to the information they contain is restricted and confidential in accordance with federal and state law. Wherever the law allows, the confidentiality of the information shall be maintained. Unless the law directs otherwise, only supervisory management personnel or members of the Board who have legitimate reason to review information in a file shall be allowed to do so. To the extent allowable by law, personnel files will not be considered public records.

An employee who wishes to review his/her own file, should contact the Human Resources Director. With reasonable advance notice, an employee may review his/her own personnel file in the School's administrative office and in the presence of the Human Resources Director. No documents may be altered, added to, or removed from the file during such review.

Section 3.08 Non-Disclosure

The protection of confidential information is vital to the interests and the success of School. Such confidential information includes, but is not limited to, the following examples:

- Employee Compensation data
- Employee Medical file
- Students Records
- Pending projects and proposals

Any employee who discloses confidential information will be subject to disciplinary action, up to and including termination of employment, even if he or she does not actually benefit from the disclosure of information.

Section 3.09 Employment Applications

The School relies upon the accuracy of information contained in the employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions provided by an applicant or employee in any of this information or data may result in exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

Section 3.10 Performance Evaluation

A. Policy. Performance evaluation is the continuing process of measuring the employee's contribution to Theodore Roosevelt School. The performance evaluation process: (1) provides the employee with the supervisor's assessment of areas of strengths and those needing improvement in the performance of assigned duties; (2) allows the employee and supervisor to plan professional development activities; and (3) provides the supervisor with a formal process for feedback to and from employees. Performance evaluation will be the supporting data used for individual personnel decisions such as promotions, demotions, incentive awards and other recognition. It will also be used to plan group training, organizational restructuring and work force expansion.

B. Evaluation Periods. A minimum of two (2) performance evaluations will be conducted per employee by their supervisor, departmental supervisor, or designee. These will be conducted within the periods of November 15 to December 15 and March 1 to April 1. An additional performance evaluation will be conducted two weeks prior to the conclusion of the probationary period of a new employee. Performance evaluations may be conducted at any time determined advisable by administration.

C. Performance Standards. Performance standards will be based upon the principal job elements set forth in the written Position Description and, where possible, written in measurable objective statements. Each supervisor will meet with staff within thirty (30) days of the beginning of each school year to review performance standards. New employees will review the performance standards with the supervisor within the first two (2) weeks of employment.

D. Deficiencies. A formal performance evaluation will be conducted when unsatisfactory work performance is noted by the immediate supervisor. Follow-up plans to improve performance will include specific actions needed to be performed by the employee, along with a timeline within which improvement should be noted.

E. Administration. The Director of Administrative Services will provide supervisors with performance evaluation forms for each employee in their areas of responsibility. Copies of the performance evaluation will be filed in each employee's official personnel file.

F. Principal. The Board is responsible for conducting annual evaluations for the Principal. The evaluation shall be based upon criteria taken from the job description. All evaluations will be discussed with the Principal in an executive session of a duly-called meeting. The Principal will be given a copy of the written evaluation. Typically, although not required, the annual evaluation should take place at the School Board's annual meeting or as they may otherwise direct. It shall be the duty of the Principal to ensure that the Principal's evaluation is timely completed annually. The Principal shall notify all Board members that the evaluation is due to be completed thirty (30) days prior to the evaluation date.

G. Employee Comments. Every performance evaluation form shall include space for comment by the employee. If the employee does not agree with the evaluation, a statement of non-concurrence can be included in the evaluation.

Section 3.11 Position Descriptions

All employee positions shall have a Position Description. Supervisors shall use Position Descriptions to orient new employees regarding their duties and responsibilities. Supervisors shall use Position Descriptions and these policies as the basis for evaluating the performance of an employee.

Preparation of Position Descriptions shall be the responsibility of the Human Resources Manager, who shall consult with department heads and the Principal in developing said descriptions. All Position Descriptions shall be approved by the Board prior to use.

Section 3.12 Contract Renewal/Nonrenewal

Renewal or nonrenewal of employee's employment with the School will be decided during the last quarter of an employee's current contract year. If the School offers to renew an employee's contract, it may prescribe a time limit in which the employee must accept the offer of renewal. If an employee's contract offer expires without a decision or action, at the discretion of the School, the employee's employment contract with the school will be deemed to have been nonrenewed and employee's employment with the School will terminate with the termination

date of employee's current contract. A nonrenewal of an employment contract is not "adverse action."

A. The School does not recognize any tenure rights or rights to continued employment of any employee beyond the term of employment identified in an employee's current year contract. Because nonrenewal is neither a disciplinary action nor adverse action under White Mountain Apache Tribal law, the decision to nonrenew the employment of an employee by the School is final and not subject to an appeal or grievance. Notwithstanding the foregoing, the School may make an employment contract with a key member of the administration staff for a term not to exceed three years if the Board makes an express finding that such term is in the School's best interest. For the purpose of this section, the term "key member of administration staff" is an employee in an exempt status serving in a management level position in school administration. Such positions include the chief school administrator, school principal, business manager, dorm director, maintenance and transportation director, and other administrative positions of similar authority and responsibility over key administrative functions.

Probationary Employees: If the employee has not completed his/her probationary period under the old contract, then the probationary period will be continued into the new contract term if a new contract is offered. The offering of a contract renewal to a probationary employee is not considered a satisfactory completion of the probationary period. The probationary period shall continue for the mandatory ninety (90) calendar days or greater if the period is extended.

Temporary Employees: The contract renewal provisions described herein do not apply to temporary employees. Temporary employees have no right to continued employment and may be terminated at the sole discretion of the School with no right of appeal.

ARTICLE IV. MANAGEMENT OF THE WORK FORCE

Section 4.01 Regular Hours of Work

The administrative office will be staffed from 7:30 a.m. to 5:00 p.m. pursuant to flexible scheduling by the administrative office staff. Academic staff's regular hours of work are from 7:30 a.m. to 3:30 p.m. Monday through Friday and may be altered depending on the needs of the School. The facility management staff shall work assigned staggered shifts depending on the needs of the School. Kitchen staff's regular hours of work are from 6:00 a.m. to 2:30 p.m.

At times, circumstances will require schedules for employees to vary throughout the School. Also, different terms and conditions apply to exempt and non-exempt employees under these policies. See Section 3.01. This is particularly important relative to overtime eligibility. See Sections 3.01, 4.11 and 4.16. Supervisors will advise employees of their individual work schedules and any variations in such schedules. Staffing needs and operational demands may necessitate variations in starting and ending times, as well as variations in the total hours that may be scheduled each day of the week. The Principal is authorized to declare administrative leaves when the situation dictates.

A. ADMINISTRATIVE ASSIGNMENTS

1. An administrative assignment is made when an employee assumes specific duties or responsibilities, for a period of ten (10) or more working days, which is in addition to or in place of their current duties or responsibilities and which is not presently assigned to another position or being performed by another employee.
2. All administrative assignments require written approval of the Principal and Personnel Officer, prior to the start of the assignment.
3. The request for administrative assignment of an employee must be submitted to the Personnel Officer outlining the following:
 - a. The nature, time period, and expected results of the assignment; and
 - b. The employee's regular duties; and
 - c. Additional duties or responsibilities being assigned; and
 - d. If duties or responsibilities are being assigned are in place of the employee's regular assignment, then how will the employees current duties and responsibilities be addressed during the assignment; and
 - e. Reporting relationships; and
 - f. Signatures of the appropriate supervisors and the employee.
4. If the administrative assignment is within the contracted work of the employee's department / program, the employee shall remain on the same payroll. If the assignment is outside of the contracted work of the employee's organization, the employee shall be paid from another appropriate source of funds for the duration of the administrative assignment.

5. An employee participating in administrative assignments may be eligible for additional compensation if:
 - a. The assigned service is forty-five (45) calendar days or more; and
 - b. The supervisor for the administrative assignment recommends additional compensation to the Personnel Officer and Principal.
 - c. The Personnel Officer and Principal approves the additional compensation for the employee and budget funds are available to provide additional compensation based on qualifications.
6. An employee who completes an administrative assignment will assume their regular duties at the previous rate of pay.
7. The Principal has the discretion and authority to make reassignments as set forth above and in the best interests of the School, students and present needs. Reassignments are not demotions. An employee may contest a reassignment through the grievance procedures set forth in Article VI.
8. At the discretion of the Principal, the reassignment may become permanent.

B. ACTING STATUS ASSIGNMENT

1. An acting status assignment usually involves assigning an employee to a supervisory position for an area of School operations during an extended absence of an incumbent or a position vacancy.
2. An acting status assignment may not exceed 60 calendar days without the written approval from the Personnel and Principal. In no event will an acting status assignment exceed 120 calendar days.
3. An acting status assignment requires a memorandum that outlines:
 - a. The nature, time period, and expected results of the assignment;
 - b. Assigned duties and responsibilities; and
 - c. Reporting relationships, and signatures of the appropriate supervisors and the employee.
 - d. Compensation for the acting status assignment which will be optional and will be based upon the assigned duties and employee's qualifications.
4. A copy of this memo should be sent to the Personnel Office.
5. An employee on acting status assignment may be eligible for additional compensation if:

- a. the assigned service is forty-five (45) calendar days or more:
 - b. The supervisor for the administrative assignment recommends additional compensation to the Personnel Officer:
 - c. The Personnel and Principal approve additional compensation for the employee and budget funds are available to provide additional compensation.
6. An employee qualifying for additional compensation will receive 50 to 100 percent of the difference between their current salary and entry level for the acting status position, but not less than the equivalent of one step (prorated for the term of the assignment)
 7. If the employee's current salary equals or exceeds entry level for the Acting status position, the employee will receive additional compensation equal to a one step increase over their current salary (prorated for the term of assignment.)
 8. An employee who completes an acting status assignment will return to their previous position and assume their regular duties at the previous Rate of pay.

C. DELEGATION OF SUPERVISORY AUTHORITY

1. When a supervisor must be absent from his/her position for more than a brief period (one hour), then they shall designate the next available person in the chain of command to act in their capacity.
2. Said delegation must be done in writing by memorandum, with copies of the memorandum provided to the delegating supervisor's immediate supervisor, the Principal and any other person, including, but not limited to, departmental school receptionist/secretary, necessary to fully inform the School staff or the public as to the identity of the person in that position of authority at that time should the need arise. The Principal shall, in addition, provide such notice to department heads.
3. The written memorandum by the supervisor to the delegee and others shall note any pending or foreseeable issues and concerns that may exist or arise and the supervisor's recommended action relative to those issues or concerns.
4. Failure of the delegating supervisor to follow the above-described procedures shall be grounds for disciplinary action up to and including termination.
5. A person so delegated (delegee) must act within the School policies and procedures and the policies and procedures of the supervisor for whom they are acting. A delegee shall act in a way that is supportive of and consistent with the actions of the supervisor for whom they are acting. Failure to so act or acting in a way that is contra or not supportive of the delegating supervisor is grounds for disciplinary action up to and including termination.

Section 4.02 Dress

Employees are expected to be neat in appearance and dress in a manner consistent with an institution which serves the public. The impression made on students, visitors and co-workers must be of foremost consideration—T-shirts, shorts or jeans with holes are examples of unacceptable dress for academic and administrative staff members.

Section 4.03 Absences

If an employee is unable to report for duty, that employee must notify the immediate supervisor at least one hour prior to the beginning of work. Failure to do so may result in disciplinary action.

Section 4.04 Absence Without Leave/Lateness

An employee shall be deemed “absent without leave” when absent from work during scheduled duty time without prior notification to the School. This shall include absence due to lateness or due to leaving early or any other absence that is not specifically excused. Absence will not be excused unless the reason for absence conforms to policy on sick or vacation leave, or other specific policy on excused absences as adopted by the Board.

Employees are authorized to leave campus during lunch period, but are otherwise expected to be on campus during scheduled duty time unless off campus on school business.

Employees shall not be compensated for time missed due to being absent without leave. A subsequent paycheck of the employee will be docked for minutes/hours missed. All unauthorized and/or unreported absences will be considered Absence Without Leave (AWOL), and a deduction of pay will be made. Such absences will be grounds for disciplinary action. Absence Without Leave for three days within a calendar month will be deemed a resignation from employment.

Section 4.05 Outside Employment

An employee may hold a job with another organization as long as he or she satisfactorily performs his or her job responsibilities with School and such employment does not constitute a conflict of interest. Employees should consider the impact that outside employment may have on their health and physical endurance. All employees will be judged by the same performance standards and will be subject to School scheduling demands, regardless of any existing outside work requirements.

If School determines that an employee's outside work interferes with the employee's performance or the ability of the employee to meet the requirements of School as they are stated or modified from time to time, the employee may be required to terminate the outside employment if he or she wishes to remain employed by School. Outside employment will present a conflict of interest if it has an actual or potential adverse impact on School.

Section 4.06 Health Standards

Good health of all persons associated with the School is important; therefore, the School will comply with all health standards and directives issued by or through the Indian Health Service and the Environmental Health Office of the White Mountain Apache Tribe.

Section 4.07 Chain of Command

All employees will follow the chain of command in accordance with the School's approved Organizational Chart. Failure to follow the chain of command will be grounds for disciplinary action, up to and including, termination of employment.

Section 4.08 Training

Each employee is encouraged to develop skills through on-duty and off-duty training. When funds are available, training will be provided by the School.

A. In-Service Training. Workshops for school employees will be held as needed. Each department supervisor will be responsible for assessment of training and will direct requests in writing to the Principal or designee for any training. An employee who attends off-site training will be required to provide In-Service-Training to the staff.

B. Off-Site Training. All training which requires out-of-area travel and overnight stay will be subject to approval by the Board. A training request will be placed on Agenda at the next regular Board meeting after the request and a report from the Business Manager for funding availability have been submitted.

C. If an employee receives training paid by the School, the employee shall be required to reimburse the School for the amount paid, if:

- 1) The employee fails without good cause to successfully complete the training;
- 2) The employee fails without good cause to complete the term of the employee's employment contract with the School; or
- 3) The employee receives training during the summer break and fails without good cause to return to work for the following school year.

Section 4.09 New Employee Orientation

The Human Resources Director is responsible for giving to each new employee basic information concerning hours of work, wages, benefits, etc., along with the essential forms on or before the first day of work. Specific job expectations such as prescribed procedures for completing assignments, where to obtain supplies and other vital information will be given by the immediate supervisor.

Section 4.10 Administration

The Principal and immediate supervisor shall ensure that authorized employee development programs are properly administered. The Human Resources Manager shall maintain records of all training conducted and ensure that a current record is maintained in each employee's personnel file.

Section 4.11 Timekeeping

Accurately recording time worked is the responsibility of every employee. Federal laws require the School to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is time actually spent on the job performing assigned duties.

The School uses an electronic timeclock system. Employees must sign-in to the timeclock system at the beginning of each workday. All employees must sign-out at the end of the workday or for any departure from work for personal reasons. Non-exempt staff members must also sign-out for meal periods or for unpaid time between split shifts.

Altering, falsifying, tampering with time records, or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

It is the employee's responsibility to sign his or her time record and to certify the accuracy of all time recorded. Time records must be turned in to the supervisor on the last day of their workweek before payday. The supervisor will review and sign the time record before submitting it for payroll processing. In addition, if corrections or modifications are made to the time record, both the employee and the supervisor must verify the accuracy of the changes by initialing the time record.

Section 4.12 Paydays

All employees are paid bi-weekly on every other Friday. Each paycheck will include earnings for all work performed through the end of the previous payroll period. If an employee has direct deposit to their account, the payroll clerk requires a 10-day advance notice to stop the direct deposit.

In the event that a regularly scheduled payday falls on a regular day off or holiday, employees will receive pay on the last day of work before the regularly scheduled payday. If payday falls during an inter-session, school year employees will be paid on the regular payday.

Section 4.13 Pay Deductions and Setoffs

Eligible employees may voluntarily authorize deductions from their paychecks only for disbursement to banks, vendors, or creditors and other purposes that are specifically authorized by the School Board.

Section 4.14 Safety

To provide a safe and healthy work environment for students, employees and visitors, the School has established a workplace safety program. This program is a top priority for the

School. The School Safety Coordinator has the responsibility for implementing, administering, monitoring, and evaluating the safety program; however, its success depends on the alertness and personal commitment of all. Managers at all levels have the responsibility of ensuring a safe workplace.

The School provides information to employees about work place safety and health issues through regular internal communication channels such as supervisor-employee meetings, bulletin board posting, memos, or other written communications. Employees and supervisors shall receive periodic work place safety training. The training shall cover potential safety and health hazards and safe work practices and procedures to eliminate or minimize hazards.

Some of the best safety improvement ideas come from employees. Those with ideas, concerns, or suggestions for improved safety in the work place are encouraged to raise them with their supervisor or with another supervisor or the School Safety Coordinator.

Each employee is expected to obey safety rules and to exercise caution in all work activities. Employees must immediately report in writing (or may use a Work Order) any unsafe condition to the School Safety Coordinator. Employees who violate safety standards, who cause hazardous or dangerous situations, or who fail to report or, where appropriate, remedy such situations, may be subject to disciplinary action, up to and including termination of employment.

In the case of accidents that result in injury, regardless of how insignificant the injury may appear, employees must immediately notify the immediate supervisor. Such reports are necessary to comply with laws and initiate insurance and workers' compensation benefits procedures.

Section 4.14 Rest and Meal Periods

Each workday, full-time non-exempt employees are provided with two 15 minute rest periods. To the extent possible, rest periods will be provided in the middle of work periods, morning and afternoon. Since this time is counted and paid as time worked, employees must not be absent from their workstations beyond the allotted rest time.

All full-time employees are allowed one meal period of 30 minutes each workday. Supervisors will schedule meal periods to accommodate operating requirements. Employees will be relieved of all active responsibilities and restrictions during meal periods and will not be compensated for that time.

School employees may be allowed to purchase and consume meals provided by the School.

Section 4.15 Overtime

It shall be the general direction of these policies to limit overtime to the degree possible, use flex time and compensatory time, in place of overtime and to operate the school in a manner that is fiscally responsible and at the same time fair to staff. The following requirements will be implemented consistent with this general policy statement.

OVERTIME WORK FOR NON-EXEMPT EMPLOYEES MUST ALWAYS BE APPROVED BEFORE IT IS PERFORMED.

- A. When operating requirements or other needs of the School cannot be met during regular working hours, non-exempt employees may be scheduled to work overtime hours and will qualify for overtime as provided in this section. When possible, advance notification of these mandatory assignments will be provided. All overtime work must receive the supervisor's prior authorization. Overtime assignments will be distributed as equitably as practical to all employees qualified to perform the required work. Exempt employees (including but not limited to supervisors and other positions listed at Section 3.01 herein) will not be paid overtime nor will they be given compensatory time except in extreme or special circumstances where such payment or credit is authorized by the Principal or Board prior to doing the work for which overtime or compensatory time is requested or granted.
- B. Overtime compensation is paid at the following rate(s): One and one-half times the employee's base straight-time rate for all hours actually WORKED over 40 hours in a work week.
- C. Overtime pay is based on actual hours worked. Time off for sick leave, annual leave, holidays, or any leave of absence will not be considered hours worked for purposes of performing overtime calculations.
- D. Failure to work scheduled overtime assigned by the appropriate supervisor may result in disciplinary action, up to and including possible termination of employment.
- E. Overtime must be approved in advance by the Principal. Working overtime without appropriate prior authorization will be grounds for disciplinary action. In emergency circumstances, the Facility/Transportation Manager may authorize overtime to resolve the emergency.
- F. Compensation Option – In limited circumstances as outlined in the FLSA, overtime may be compensated by compensatory time off if there is a prior, voluntary (free of coercion or pressure, express overtime implied) agreement to that affect.
 - 1. Prior to working overtime the employee must agree to the type of compensation preferred either pay at time and one-half, or compensatory time off at time and one-half. An employer cannot require an employee to accept compensatory time in lieu of overtime pay; however an employer may give the overtime to another employee who has agreed to accept compensatory time. An employee cannot demand compensatory time in lieu of payment for overtime worked; it is at the discretion of the employer provided the agreement requirement is met.

2. Compensatory time off must be taken within a reasonable period, which will be determined by the immediate supervisor, but not more than 30 days after it is earned. However, in no case may an employee accrue more than 40 hours of compensation time off.
3. Use of Accumulated Compensatory Time. The employee and his/her supervisor shall arrange compensatory time off. Supervisors shall properly account for compensatory leave earned and taken.
4. Reporting of Overtime and Compensatory Time. The Business Manager is responsible for analysis and control of all overtime and compensatory time and for the submission of such reports as may be required.

Section 4.16 Emergency Closure/Evacuation

At times, emergencies such as severe weather, fires, power failures, water/sewer line breakage, etc. can disrupt school operations. In extreme cases, these circumstances may require the closing of a work facility. In the event that such an emergency occurs during non-working hours, local radio and/or television stations will be asked to broadcast notification of the closing.

When operations are officially closed due to emergency conditions, non-essential personnel are not to report to duty without the prior consent of their supervisor. Non-essential personnel that report to work without such authorization will not be paid for days on which the School is closed due to emergency conditions. Department heads shall post a list of positions which are designated as “essential personnel,” all other positions are designated non-essential personnel.

The time off from scheduled work will be treated as administrative leave with pay unless otherwise directed by the School Board. Employees in essential operations may be asked to work on a day when operations are officially closed. In these circumstances, employees who work will receive regular pay.

Section 4.17 Use of Equipment and Vehicles

Equipment and vehicles essential in accomplishing job duties are expensive and may be difficult to replace. When using equipment, employees are expected to exercise care, and follow all operating instructions, safety standards, and guidelines.

Please notify the supervisor if any equipment, machines, tools, or vehicles appear to be damaged, defective, or in need of repair. Prompt reporting of damages, defects, and the need for repairs could prevent deterioration of equipment and possible injury to employees or others. The supervisor can answer any questions about an employee’s responsibility for maintenance and care of equipment or vehicles used on the job.

The improper, careless, negligent, destructive, or unsafe use or operation of equipment or vehicles, as well as excessive or avoidable traffic violations, can result in disciplinary action, up to and including termination of employment.

Use of school equipment and vehicles shall be for official school use only. School equipment and vehicles shall only be used for the specific purpose for which it was checked out. No other use is permitted. School equipment and vehicles may not be loaned or used for personal use under any conditions. Use of school equipment and/or vehicles in violation of this policy shall be a ground for discipline up to and including termination. Further, the person to whom the equipment or vehicle was checked out shall pay any damage or expense arising from the misuse or use in violation of this policy.

No temporary employee may use a school vehicle without the written permission of the employee's supervisor.

Section 4.18 Business Travel Expenses

School will reimburse employees for reasonable business travel expenses incurred while on assignments away from the normal work location.

All business travel must be approved in writing and in advance by the Principal. For the purpose of this section, business travel includes travel for authorized training and seminars. Employees with approved travel plans should make all travel arrangements through the Business Manager's Office.

When approved, the actual costs, if reasonable, of travel, meals, lodging, and other expenses directly related to accomplishing business travel objectives for which original receipts are submitted will be reimbursed by the School unless a flat rate is accepted. Employees are expected to limit expenses to reasonable amounts.

Expenses that generally will be reimbursed include the following:

- ◆ Airfare or train fare for travel in coach or economy class.
- ◆ Fares for shuttle or airport bus service, where available; costs of public transportation for other ground travel.
- ◆ Taxi fares.
- ◆ Mileage costs for use of personal cars will be provided only under the following circumstances: (1) when less expensive transportation is not available; and (2) school provided transportation is not available. Mileage cost for use of personal cars will be reimbursed at the existing U.S. government published rate. All employees must obtain prior written approval from the Principal for use of a personal car. Employees with the same destination for school related travel should ride together whether in a school provided or personal car. The School will not pay multiple mileage requests for the same trip absent special circumstances and prior written approval by the Principal of said multiple payments.

- ◆ Cost of standard accommodations in mid-priced hotels, motels, or similar lodgings if overnight travel is pre-authorized by the Principal.
- ◆ The cost of meals will be reimbursed only under the following circumstances:
 - 1) The employee is on travel status away from his/her work station overnight;
 - 2) Receipts are submitted for reasonably priced meals; and
 - 3) If receipts are not submitted, reimbursement will not be provided.
 - 4) Cost of meals will not be reimbursed when per diems are provided. Per diems include payment for meals.
- ◆ Charges for telephone calls, faxes, and similar services required for business purposes.

Any employee who is involved in an accident while traveling on business must promptly report the incident to the immediate supervisor.

Vehicles owned or leased by the School may not be used for personal use.

Cash advances to cover reasonable anticipated expenses may be made to employees, after travel has been approved. Employees shall submit an approved, travel authorization to the Business Manager when travel advances are needed.

When travel is completed, employees should submit completed travel expense reports with original receipts attached within five (5) days. For purposes of calculating travel expenses, the School shall be considered the official duty station.

Employees should contact their supervisor for guidance and assistance on procedures related to travel arrangements, travel advances, expense reports, reimbursement for specific expenses, or any other business travel issues.

Abuse of this policy, including, but not limited to, falsifying expense reports to reflect costs not incurred by the employee, or unreasonable or excessive expenses, may be grounds for disciplinary action, up to and including termination of employment. Any employee who without good reason fails to complete the purpose of the business travel shall be required to reimburse the School for any unrefunded costs of the uncompleted portion of such travel.

Section 4.19 Credit Cards

It is common for problems to arise over use of a school credit card. It is also becoming increasingly difficult to arrange travel accommodations, etc. without a school credit card. Therefore, the School has obtained a school credit card for strictly limited school authorized use. Because of the high potential for abuse of the school credit card, the use of school credit card

will be strictly limited and any violations of this policy will be pursued to the fullest extent. The following rules apply to the school credit card:

- A. The school credit card shall remain in the physical possession of the Principal or Acting Principal until checked out by an authorized user. The school credit card will only be checked out immediately prior to its use and shall be returned to the Principal or Acting Principal the same day the user returns from a school authorized trip or otherwise has no further need of the card, whichever occurs first. If the user returns after business hours, the school credit card must be returned before 8:30 a.m. the next business day.
- B. Prior to checking out the school credit card, the user must have signed a form on file acknowledging the users understanding of the school credit card policy, agreeing to any penalties that may be imposed by its misuse and agreeing to pay back any unauthorized excessive or unacceptable charges on the card. Immediate and authorized deductions from paychecks, stipends, per diems, etc. to recover said amounts, is solely at the School's discretion.
- C. The school credit card may only be used by authorized school employees and board members for the following items:
 - 1. Hotel/Motel rooms not otherwise reserved and/or paid for while on official authorized School business. As with travel in general, the room's charged should be as economical as possible. Renting special rooms or higher priced rooms when others are available shall be grounds for the School's rejection of said charges and said charges being assessed against the user.
 - 2. Meals not otherwise provided for. Charging meals against the school credit card should again be the exception rather than the rule. Most travel should be pre-arranged and cash advances used to avoid use of the credit card. Again, only reasonable priced meals for School employees or Board members may be charged on the school credit card. Excessive charges or charges for persons other than school employees or board members will be rejected by the School and assessed against the user, and subject the user to disciplinary action.
 - 3. The school credit card may never be used to pay charges covered by cash advances. This is a form of credit card abuse and will not be tolerated by the School. Any such duplicate charges for items which should have been covered by cash advances, will result in those charges being assessed against the user and shall be grounds for disciplinary action up to and including termination.
 - 4. Gasoline purchases for school vehicles only. The school credit card may be used to purchase gasoline for School vehicles only and only when authorized by the School. When using a private vehicle for School travel,

the school credit card may not be used for the purchase of gasoline, repairs or other mechanical necessities.

5. The school credit card may not be used for telephone calls, purchase of personal items, gifts or any other thing except as set forth above. The school credit card may not be used for the purchase of any School goods except by the business manager, and only when other forms of payment are not acceptable.
6. A general rule of use is that the school credit card may only be used when no other form of payment is possible.

- D. This policy applies to all employees and board members. To reiterate, misuse of the school credit card and/or violation of this policy will result in disciplinary action against employees and recommendations for disciplinary action against Board members and possible reporting of ethics violations.

All users must acknowledge the limited use of the school credit card, the policies regarding use of the school credit card, and agree they will reimburse the School for any misuse and/or violation of these policies and further authorize the School to deduct any amounts to be reimbursed pursuant to this policy, for any amounts, the School may owe the user, whether it be payroll, stipends or any source. See Appendix IV A - School Credit Card Acknowledgement and Authorization Form.

Section 4.20 Attendance and Punctuality

To maintain a safe and productive work environment, the School expects employees to be reliable and to be punctual in reporting for scheduled work. Absenteeism and tardiness place a burden on other employees and on the School. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they should notify their supervisor as soon as possible in advance of the anticipated tardiness or absence.

Poor attendance and excessive tardiness are disruptive. Either may lead to disciplinary action, up to and including termination of employment. (See Section 4.11, Timekeeping.)

Section 4.21 Control and Return of Property

Employees are responsible for all School property, including but not limited to, computers, printers, and all other electronic devices, software, computer-generated materials, other materials or written information issued to them or in their possession or control. Employees must return all School property immediately upon request or upon termination of employment. The Business Manager will determine the value of the unreturned or damaged property.

Any and all information generated by, stored on, or contained in any School computer is or becomes the property of the School and may not be damaged, removed or copied and removed from the School. Any materials, designs, plans, data, writings, drawings, or other information, from whatever source, electronic or written, done by an employee for and on behalf of the

School, shall remain the property of the School. The School shall own and control all copyrights that may attach to such electronic or written information. Said property of the School shall not be given to an outside firm or individual except with appropriate authorization. Any unauthorized transfer, use, or disclosure of information will constitute unacceptable conduct.

Any employee who violates the provisions of this section will be subject to disciplinary action, up to and including possible termination of employment.

School staff and community members may not use School equipment for personal use. No School property may be taken off campus.

Section 4.22 Keys Policy

Keys to classrooms, dormitories, and other school buildings will be issued at the beginning of the School year and must be returned at the end of the School year, or upon the termination of employment with the School. Each employee shall be held strictly accountable for the key(s) issued to him/her. Should any key(s) be lost or misplaced, it will be immediately reported to the employee's immediate supervisor.

A \$50.00 charge will be assessed for each key to cover the cost of replacement of the key and changing of the lock(s). Should a **Grand Key** (i.e. master key) be lost or misplaced, the person assigned the key shall be held responsible for the **cost** of replacing all of the locks that could be opened by the key in the amount of \$250.00.

Section 4.23 Security Inspections

The School wishes to maintain a work environment that is free of controlled substances, alcohol, firearms, explosives, or other improper materials. To this end, the School prohibits the possession, transfer, sale, or use of such materials on its premises. The School requires the cooperation of all employees in administering this policy.

Desks, lockers, and other storage devices may be provided for the convenience of employees but remain the sole property of the School. Accordingly, they, as well as any articles found within them, can be inspected by any agent or representative of the School at any time, either with or without prior notice.

Section 4.24 Telephone Policy

Except in an emergency, all telephones are restricted to official business calls.

Section 4.25 Monthly Reports

Each department head shall submit written reports to the Principal on a monthly basis on his/her department or program's progress during the last month. Since Board meetings are scheduled for the second Tuesday of the month, all reports shall be due by close of business on the Friday before the Board meeting. All reports must be on time so that the Principal may finalize the School's report deadline for submission to the Board. Any report submitted late or not submitted will be reflected in the department head's personnel file.

Section 4.26 General Staff Meeting

A general staff meeting shall be held every month. Each department shall take turns at sponsoring the meeting.

Section 4.27 Supervisor and Department Meeting

Each department will have at least one meeting a month.

Section 4.28 Family/Personal Matters/Gossip

While on duty, employees are expected to be professional and courteous with all other employees and students. Employees shall not gossip or carry malicious rumors about students, staff, or community members. Employees shall not interject family matters into relationships with fellow employees. Employees shall leave family problems at home. Violation of this section could subject the Employee to discipline up to termination.

Section 4.29 Political Activities

The School respects each person's right to participate in political activities and encourages its employees to participate in the political process. However, School employees shall not take an active part or engage in any political campaign activity while on official duty. The foregoing prohibition shall include the wearing of campaign buttons or other political campaign items while on official duty. Further:

- A. An employee shall not neglect his/her assigned duties and responsibilities because of permitted political activity.
- B. An employee may participate in any campaign and election so long as such participation does not interfere with his/her School duties and responsibilities.
- C. An employee shall not use the property, supplies and equipment of the School in performing political activities.
- D. With the approval of the Board, an employee may participate in any nonpartisan campaign or effort that promotes Indian education or protects the continuation of educational services to the students served by the School.
- E. An employee shall not appear to represent the School without prior written authority of the Board.
- F. An employee shall not participate in controversial issues outside the School campus in a manner that may reasonably be interpreted to be representative of the School or its position or in a manner that hinders the operation of the School.

Section 4.30 Stipends

Most staff is eligible for stipends for the performance of additional activities outside the regular tour of duty.

- A. Stipends may be paid to any staff who performs additional activities outside his/her regular tour of duty, which provide services to students or otherwise support the school's academic or social programs. Stipends may not be paid for these activities or services if they are carried out during the regular working hour, in this instance stipends will be prorated. (Staff must submit approved logs/records to receive any prorated amounts).
- B. Those who are to receive a stipend may elect to receive the stipend in either of two ways:
 - 1. In two (2) equal installments, one at midway of the activity, and one at the completion of the activity.
 - 2. In a lump sum paid the pay period following the completion of the activity.
- C. Stipends must be established and approved by the Principal and School Board in advance of the activity. All those who are to receive a stipend must sign a contract and select an option for payment.

A non-employee may receive a stipend for certain services provided to the School. Any such stipend or arrangement is subject to all school policies, including but not limited to the policy on stipends. Prior to any non-employee engaging in work pursuant to a stipend or other arrangement, said person must complete and pass a fingerprint and background clearance pursuant to Policy § 2.10 (K) and 2.18.

Section 4.31 Personal Property

If a staff person brings personal property to the School or onto the campus, they do so at their own risk. If a staff person uses personal property in performing their duties at the School, they also do so at their own risk. The School will not be responsible for or pay for any loss of or damage to a staff person's personal property.

ARTICLE V. EMPLOYEE BENEFITS PROGRAMS

Section 5.01 Employee Benefits

Eligible employees at School are provided the following described benefits. A number of the programs (such as Social Security, workers' compensation, disability, and unemployment insurance) cover all employees in the manner prescribed by law. Benefits eligibility is dependent upon a variety of factors, including employee classification.

The following benefit programs are available to eligible employees:

- Benefits Continuation (Sec. 5.11)
- Bereavement Leave (Sec. 5.07)
- Educational Leave (Sec. 5.14)
- Holidays (Sec. 5.03)
- Jury Duty Leave (Sec. 5.09)
- Life Insurance
- Medical Insurance
- Retirement Plan
- Family and Medical Leave (Sec. 5.12)
- Military Leave (Sec. 5.16)
- Personal Leave Benefits (Sec. 5.05)
- Unemployment Benefits
- Annual Leave Benefits (Sec. 5.02)
- Voting Time Off (Sec. 5.06)
- Witness Duty Leave (Sec. 5.10)
- Worker's Compensation Insurance (Sec. 5.04)

Some benefit programs require contributions from the employee.

Section 5.02 Annual Leave

Annual leave with pay is available to eligible employees to provide opportunities for rest, relaxation, and personal pursuits. Employees in the following employment classification are eligible to earn and use annual leave time as described in this policy:

A. Twelve (12) Month or Year-Long, Full-Time Employees

Because they do not receive time off from work during school breaks, year-long full time employees are in the only employment classification eligible for annual leave benefits. The amount of paid annual leave eligible employees receive each year increases with the length of their employment as shown in the following schedule:

SCHEDULE OF EARNED ANNUAL LEAVE

Years of Eligible Service	Hours Biweekly
1 – 5 years	4 hours per pay period
over 6 years	6 hours per pay period

The length of eligible service is calculated on the basis of a "benefit year." This is the twelve (12) month period that begins when the employee starts to earn annual leave time. An employee's benefit year may be extended for any significant leave of absence except military leave of absence. Military leave has no effect on this calculation. (See individual leave of absence policies for more information.)

Once employees enter an eligible employment classification, they begin to earn paid annual leave time according to the schedule. However, before annual leave time can be used, the Probationary Period (as described in Section 3.02) and any extension thereto must be satisfactorily completed. After that time, employees can request from their Supervisor use of unearned annual leave time including that accrued during the probationary period.

Paid annual leave time can be used in minimum increments of one hour. To take annual leave, employees must request and obtain an approval from their supervisors. Requests will be reviewed based on a number of factors, including school needs, and staffing requirements. Annual leave time off is paid at the employee's base pay rate at the time of annual leave. It does not include overtime or any special forms of compensation.

As stated above, employees may use available paid annual leave time for rest, relaxation, and personal pursuits. In the event that available annual leave is not used by the end of the benefit year, employees may carry unused time forward to the next benefit year. If the total amount of unused annual leave time reaches a "cap" equal to two times the annual leave amount, further annual leave accrual will stop. The employee will not receive compensation for annual leave in excess of the cap which is unused. When the employee uses paid annual leave time and brings the available amount below the cap, annual leave accrual will begin again.

Upon termination of employment, employees will be paid for unused annual leave time at or below the cap that has been earned through the last day of work.

B. School-Year Regular Full-Time Employees and Temporary Employees

School-year regular full-time employees and temporary employees are not eligible to earn annual leave time. School-year full-time employees in exempt salaried positions are paid during school breaks, such as Fall break, Christmas break and Spring break, which occur during the ten month term of their contract. School-year employees in non-exempt wage positions are not paid during school breaks, except for any hours of work actually performed and as provided for holiday pay in Section 5.03.

Section 5.03 Holidays

The School grants holiday time off to all regular full-time employees on the holidays listed below.

- | | | |
|-----|-----------------------------|--------------------------------------|
| 1. | New Year's Day | January 1 |
| 2. | Martin Luther King, Jr. Day | 3 rd Monday in January |
| 3. | President's Day | 3 rd Monday in February |
| 4. | Memorial Day | Last Monday in May |
| 5. | Sovereignty Day/Good Friday | April 17 |
| 6. | Juneteenth | June 19 |
| 7. | Independence Day | July 4 |
| 8. | Tribal Fair and Rodeo | Friday before Labor Day weekend |
| | Labor Day | 1 st Monday in September |
| 7. | Veterans' Day | November 11 |
| 8. | Thanksgiving Day | 4 th Thursday in November |
| 9. | Day after Thanksgiving | 4 th Friday in November |
| 10. | Christmas Eve | December 24 |
| 11. | Christmas Day | December 25 |

According to applicable restrictions, the School will grant paid holiday time off to all eligible employees. Eligible employees who would otherwise be paid for a holiday occurring on a School break are exempted from inclusion under this Section. Holiday pay will be calculated based on the employee's regular pay rate (as of the date of the holiday) times the number of hours the employee would otherwise have worked on that day. Eligible employee classifications:

Year-long regular full-time employees
School-year regular full-time employees for holidays which occur
during the term of the School year contract.

(School-year employees are eligible only for those holidays that occur during the School year.)

If a recognized holiday falls during an eligible employee's paid absence (e.g., annual leave, sick leave); holiday pay will be provided instead of the paid time off benefit that would otherwise have applied. If a recognized holiday falls during an eligible employee's regular day off, holiday pay will not be calculated for pay.

If an eligible non-exempt employee is required to work on a recognized holiday, he or she will receive holiday pay wages at two times his or her regular rate for the hours worked on the holiday. Exempt employees are not eligible for this holiday pay.

Paid time off for holidays will not be counted as hours worked for the purposes of determining overtime. (Section 4.16 - Overtime)

Section 5.04 Workers' Compensation Insurance

The School provides a comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately. Employees who sustain a work-related injury or illness should inform their supervisor immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible. Supervisors shall maintain a written log of the time, date, place and nature of all such reported injuries.

Neither the School nor the insurance carrier will be liable for the payment of workers' compensation benefits for injuries that occur during an employee's voluntary participation in any off-duty recreational, social, or athletic activity sponsored by School

Section 5.05 Personal Leave Benefits

Paid personal leave is available to all eligible employees when needed for a temporary absence from work to attend to personal business or because of employee illness or injury.

Eligible employee classifications:

Year-long regular full-time employees
School-year regular full-time employees

Eligible employees accrue personal leave at the rate of four (4) hours per pay period, up to a maximum amount of sixty-four (64) hours or eight (8) days of personal leave each contract year. Any reference elsewhere in this Manual to "sick leave" will be deemed to be a reference to personal leave.

Except in the case of employee illness or injury, personal leave must be approved by the employee's supervisor in advance of the day the leave is used. Personal leave may be used for any purpose, but will be approved only if necessary School activities can be performed by other employees.

For an absence caused by the employee's illness or injury, the employee must notify his or her immediate supervisor before the scheduled start of the employee's workday if possible. The immediate supervisor must also be contacted on each additional day of absence. Notification through a relative is acceptable. The supervisor may require that the employee provide a physician's statement verifying the illness and its beginning and expected ending dates.

Personal leave can be used in minimum increments of one hour. Unused personal leave will not be carried over to the next year. On the condition that the employee completes the term of the contract, the School will buy back up to five days of personal leave which are not used at the end of the contract year. Employees whose contract term started after the beginning of the standard contract year will be entitled to a buy back up to 60% of unused personal leave. The

use and any buy-back of personal leave shall be based on the employee's base pay rate and shall not include any special forms of compensation.

Section 5.06 Time Off to Vote

The School encourages employees to fulfill their civic responsibility by participating in elections. Generally, employees should be able to find time to vote either before or after their regular Work schedule. If employees are unable to vote in an election during their non-working hours, the School may grant up to two hours of paid time off to vote.

Section 5.07 Bereavement Leave

Paid bereavement leave is available to any eligible employee in the event of the death of an immediate family member.

Eligible employee classifications:

- Year-long regular full-time employees
- School-year regular full-time employees

An eligible employee may take up to three (3) days of bereavement leave due to the death of an immediate family member. An additional one (1) day of bereavement leave is available if the employee must travel more than 200 miles from the School due to the death of an immediate family member.

For the purposes of bereavement leave, an immediate family member of an employee is considered to be any of the following:

- Spouse
- Child
- Parent
- Sibling
- Grandparent
- Grandchild
- Like relations created by marriage.

If an employee wishes to take bereavement leave, the employee should notify his or her supervisor immediately. Bereavement pay is calculated based on the base pay rate at the time of absence and will not include any special forms of compensation. An employee will not receive compensation for unused bereavement leave. The School Principal may grant additional limited bereavement leave as the circumstances may warrant. Employees will be allowed to use any available personal leave and annual leave for additional time off as necessary, with approval.

Section 5.08 Administrative Reassignment With Pay

Certain employee infractions or alleged infractions may require an investigation or review by the School or an outside agency (e.g., law enforcement authorities, social services authorities, etc.). The Principal may place an employee who is the subject of such an

investigation or review on administrative reassignment while the School or outside agency conducts an investigation or review. The School or outside agency shall file its report with the Board.

The Principal may reassign any employee on administrative reassignment from the performance of his or her regular duties. The employee remains subject to the School and School policies during any administrative reassignment. Such employee shall continue to receive full pay at the rate for his/her regular duties. The placement of an employee on administrative reassignment shall neither constitute disciplinary action or other adverse formal action nor entitle an employee to file a grievance with the School

Section 5.09 Jury Duty

The School encourages employees to fulfill their civic responsibility by serving jury duty when required. Employees who have completed a minimum of 90 calendar days of service in an eligible classification may request up to three days of paid jury duty leave over any one year period.

Jury duty pay will be calculated on the employee's base pay rate times the number of hours the employee would otherwise have worked on the day of absence. Employee classifications that qualify for paid jury duty leave are:

Year-long regular full-time employees
School-year regular full-time employees

If employees are required to serve jury duty beyond the period of paid jury duty leave, they may use available paid time off (for example, annual leave benefits) or may request an unpaid jury duty leave of absence.

Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may make arrangements to accommodate their absence. Employees are expected to report for work whenever the court schedule permits. Either the School or the employee may request to be excused from jury duty if, in the School's judgment, the employee's absence would create serious operational difficulties.

The School will continue to provide health insurance benefits for the full term of the jury duty absence.

Section 5.10 Witness Duty

The School encourages employees to appear in court for witness duty when subpoenaed to do so. If employees have been subpoenaed as witnesses by the School, they will receive paid time off for the entire period of witness duty.

Employees will be granted a maximum of three days of paid time off to appear in court as a witness at the request of a party other than the School. Employees will be paid at their base rate and are free to use any remaining paid leave benefits (e.g., annual leave) to receive compensation for any period of witness duty absence that would otherwise be unpaid.

The subpoena should be shown to the employee's supervisor immediately after it is received so that operating requirements can be adjusted, where necessary, to accommodate the employee's absence. The employee is expected to report for work whenever the court schedule permits.

Section 5.11 Benefits Continuation (COBRA)

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under the School health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, or death of an employee; a reduction in an employee's hours or a leave of absence; an employee's divorce or legal separation; and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at School group rates plus an administration fee. The School provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under the School health insurance plan. The notice contains important information about the employee's rights and obligations.

Section 5.12 Family and Medical Leave

If the School has 50 or more employees it will adopt and follow the Family and Medical Leave Act and all interim and final regulations interpreting the FMLA issued by the U.S. Department of Labor. If the School has less than 50 employees it is not subject to and shall not follow the FMLA and all FMLA-related policies herein shall be void. At the time of the adoption of these policies the School does not have 50 employees; therefore, the FMLA and FMLA-related policies herein do not apply. Subject to qualifications noted above (50 or more employees) and the conditions set forth herein, any eligible employee of the School may take up to twelve (12) weeks of leave (FMLA leave) during any one fiscal year (July 1 to June 30), without pay, subject to the following.

If applicable, eligible employees may be granted leave for the period of disability, up to a maximum of twelve (12) workweeks of leave during any twelve (12) month period for any of the following reasons:

1. The birth and care of a son or daughter of the employee
2. The adoptive or foster care placement of a son or daughter with the employee
3. The care for a serious health condition of a spouse, son, daughter, or parent of the employee
4. A serious health condition that makes the employee unable to perform his or her job functions

Employees must be employed by the School for at least twelve (12) months and work for at least 1,250 hours during the previous twelve (12) months to be eligible for leave under this policy. Employees should ask the Administrative Services Supervisor for further assistance in determining his or her eligibility status.

For purposes of this policy, employees affected by pregnancy, childbirth, or related medical conditions shall be treated the same for receipt of medical leave benefits as all other employees entitled to this benefit.

As soon as eligible employees become aware of a need for a medical leave of absence, they should request a leave from their supervisor. If leave is foreseeable based on an expected birth or placement of a child, the employee is required to submit 30 days notice prior to the first day of leave. Otherwise, the employee is required to submit such notice as soon as possible. A leave for planned medical treatment should be scheduled so as not to unduly disrupt the activities of the School.

A physician's statement must be provided verifying a serious health condition and its beginning and expected ending dates. Employees returning from medical leave associated with a serious health condition of the employee must provide a physician's verification of their fitness to return to work. A physician's statement may be required to verify an employee's need to care for the son, daughter, spouse, or parent and an estimate of the amount of time the employee is needed for that care.

The Supervisor may require an employee to substitute any accrued paid leave available to the employee for any part of the 12-week period.

1. For a leave associated with pregnancy, childbirth, or related conditions, the Supervisor may require employees to use any accrued paid annual leave or personal leave available to the employee.
2. For a leave associated with other medical conditions, the Supervisor may require employees to use any accrued paid annual leave, personal, or medical or sick leave available to the employee.

Federal law provides rules governing instructional employees (teachers) which apply to family and medical leave taken near the end an academic term. Such employees should see the Administrative Services Supervisor for further guidance on these rules prior to requesting leave.

Subject to the terms, conditions, and limitations of the applicable plans, School will continue to provide health insurance benefits for the full period of the approved medical leave. Benefit accruals, such as annual leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

Employees who sustain work-related injuries are eligible for a medical leave of absence for the period of disability in accordance with all applicable laws covering occupational disabilities.

If an employee fails to report to work promptly at the end of the medical leave, the School will assume that the employee has abandoned his/her job.

Section 5.13 Leave Without Pay

The School provides leaves of absence without pay to eligible employees who wish to take time off from work to fulfill personal obligations. Leave shall not be taken under this section for any of the conditions described under Section 5.12 - Family and Medical Leave. Employees in the following employment classification(s) are eligible to request leave of absence without pay as described in this policy:

Year-long regular full-time employees
School-year regular full-time employees

Eligible employees should request a leave from their supervisor. The request must be in advance of the time requested. Leave without pay may be granted for a period of up to 15 calendar days every one year.

Approval for leave without pay will be evaluated based on a number of factors, including anticipated work load requirements and staffing considerations during the proposed period of absence. The supervisor may deny the request for leave based on the above factors.

Subject to the terms, conditions, and limitations of the applicable plans, the School will continue to provide health insurance benefits for the full period of the approved leave without pay. Benefit accruals, such as annual leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

If an employee fails to report to work promptly at the expiration of the approved leave period, School will assume the employee has abandoned the position.

Section 5.14 Educational/Vocational Leave

The School retains the discretion to grant educational leaves of absence without pay to eligible employees who wish to take time off from work to pursue course work that is applicable to their job duties with School. Employees in the following employment classifications are eligible to request educational leave as described in this policy:

Year-long regular full-time employees
School-year regular full-time employees

Eligible employees who have completed one year of service may request educational leave for a period of up to 120 days per year. Requests will be evaluated based on a number of factors, including anticipated workload requirements and staffing considerations during the proposed period of absence and relativity and value of the proposed course of study to the employee's school duties.

Subject to the terms, conditions, and limitations of the applicable plans, health insurance benefits will be provided by the School until the end of the month in which the approved

educational leave begins. At that time, employees will become responsible for the full costs of these benefits if they wish coverage to continue. When the employee returns from educational leave, benefits will again be provided by the School according to the applicable plans.

Benefit accruals, such as annual leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon return to active employment.

When an educational leave ends, every reasonable effort will be made to return the employee to the same position, if it is available, or to a similar available position for which the employee is qualified subject to subsequent reductions in employment positions as provided herein. However, the School cannot guarantee reinstatement in all cases. If an employee fails to report to work at the end of the approved leave period, the School will assume that the employee has abandoned the position.

Section 5.15 Military Leave

A military leave of absence will be granted to employees, except those occupying temporary positions, to attend scheduled drills or training or if called to active duty with the U.S. armed services.

The leave will be unpaid. However, employees may use any available leave for the absence. Benefit accruals, such as annual leave, sick leave, or holiday benefits, will be suspended during the leave and will resume upon the employee's return to active employment.

Employees on two-week active duty training assignments or inactive duty training drills are required to return to work for the first regularly scheduled shift after the end of training, allowing reasonable travel time. Employees on longer military leave must apply for reemployment in accordance with all applicable state and federal laws.

Every reasonable effort will be made to return eligible employees to their previous position or a comparable one. They will be treated as though they were continuously employed for purposes of determining benefits based on length of service, such as the rate of annual leave accrual and job seniority rights.

Those persons who are presently employed by the School shall be given a copy of the notice upon the adoption of this Manual by the Board. Thereafter, each employee shall be given a copy of the notice upon beginning his or her term of employment.

YOU ARE HEREBY NOTIFIED:

2. THAT any violation of this prohibition may subject the employee to disciplinary action.

If disciplinary action has not, upon receiving the notice of a drug abuse conviction involving a controlled substance, been instituted or completed by the School, the Principal shall provide the immediate supervisor of the convicted employee with a copy of said notice.

- A. The immediate supervisor of the employee so convicted shall immediately institute disciplinary action against the employee alleging violations of appropriate provisions of this Manual.
- B. In any hearing held pursuant to that disciplinary process, a certified copy of the record of conviction entered by a court of competent jurisdiction shall constitute sufficient proof of a violation of the appropriate provisions of the Manual.
- C. The Principal may, at any time during the disciplinary process instituted pursuant to receipt of such notice of conviction, or as a condition of discipline at the conclusion of such process, require the convicted employee to satisfactorily participate in and complete a drug abuse assistance or rehabilitation program which has been approved by a governmental agency for such purposes.

In addition to the above, the Principal shall prepare and cause notice of said conviction to be provided to each and every grant or contract officer of programs for which the convicted employee was supplying services by virtue of his or her employment by the School. Such notice shall be provided, in writing, to the appropriate grant or contract officer within ten (10) calendar days of receiving notice of a conviction. Such notice shall contain the name and position title of the convicted employee, the identification number of each contract or grant so affected, and the court date of conviction and a summary of the offense for which a conviction was entered.

Section 6.07 Drug Awareness Program

A drug awareness program shall be instituted and shall be provided annually as part of the employee orientation at the beginning of each school year.

- A. The format and course content for the program shall be developed and maintained in consultation with the Principal or his or her designee and such consulting experts as may be appropriate.

4. The disciplinary penalties that may be imposed upon employees for drug abuse in the workplace.

Section 6.08 Controlled Substance and Alcohol

Employees are prohibited from using or possessing alcohol, and from the use or possession of controlled substances for non-prescribed or non-medical purposes, on school property, in school/GSA vehicles and/or while traveling to or from or on school business. Any employee in violation of this policy shall be subject to removal from school property, and may be reported to law enforcement authorities. Any employee who violates the controlled substance and alcohol policy is subject to disciplinary action, up to and including termination, for the first or any subsequent offense.

Any employee who has apparently consumed alcoholic beverages or controlled substances prior to a school activity or on school property will not be allowed to be on school property or to participate in school activities. Controlled substances and alcohol testing shall be required whenever a supervisor has reasonable suspicion to believe that an employee's job performance or an employee's behavior at a school function has been impaired by the use of alcohol or a controlled substance. Reasonable suspicion shall be based on observations by school personnel, and shall be documented in writing by a signed statement. In addition, testing shall be required whenever the supervisor has reasonable suspicion, based on knowledge of the circumstances of an accident, to suspect that the employee's involvement in the accident was influenced by the use of alcohol or a controlled substance. Reasonable suspicion shall be documented by a signed statement.

In the event that controlled substance or alcohol testing is required, the employee shall be immediately transported to an appropriate testing facility for breath analysis, urinalysis, and/or blood analyses as appropriate. Refusal to cooperate with required testing shall be considered grounds for discipline, including termination.

An employee, at his or her cost, may obtain a second opinion on the test results. It is the employee's responsibility to obtain any such second opinion.

This policy shall not in any way limit the authority of the School to rely on information other than controlled substances and alcohol testing in the discipline of employees for drug and alcohol use. In addition, nothing in this policy shall require termination of employees receiving a positive controlled substances or alcohol test, and the School may choose to support a rehabilitation or other process at the discretion of the School.

Section 6.09 Random Drug/Alcohol Testing of Employees in Safety Sensitive Positions

Commented [GH2]: This random testing provision is added because it was suggested during the board retreat meeting.

The School may conduct random drug and alcohol testing of current employees who hold safety sensitive positions. For the purposes of this Section, a “safety sensitive position” is a position in which the employee’s impairment from drugs or alcohol could jeopardize the safety of any person. Safety sensitive positions include bus drivers and other employees who regularly transport students, equipment operators, and any other position designated as a safety sensitive position by the School. Employees will be advised in advance if the position they hold is classified as safety sensitive.

The random test may occur at any time during the contract year and will be conducted in a manner to ensure that every employee in the testing category has an equal chance of being selected for testing. Each employee selected for testing shall be directed to report immediately for testing at the designated location. An employee who tests positive for illegal drugs or alcohol, or who without good cause fails to report for testing shall be subject to discipline, up to and including termination, and in addition, be subject to other conditions pursuant to the School’s Drug Free Workplace Policy.

Section 6.10 Smoking/Chewing Tobacco/Controlled Substances

In keeping with the School’s intent to provide a safe healthy work environment, smoking, chewing tobacco, and possession and/or use of controlled substances are prohibited throughout the campus. This policy is in addition to all other policies regarding tobacco, alcohol and controlled substances. All said policies and possible penalties shall be considered cumulative.

For the purposes of this section, controlled substances include all forms of tobacco, chewing, smoking and otherwise.

This policy applies equally to all Board members, employees, and visitors.

Section 6.11 Prohibition Against Tobacco, Alcohol and/or Controlled Substance Related Clothing Material and/or Items

While on School premises and while engaged in any school related business or activity, no employee, guest or visitor may wear or display any clothing, jewelry, footwear, hats, posters, bookcovers, and the like that depict, advertise or promote tobacco or tobacco products, alcohol or alcohol products, drugs and/or controlled substances.

This prohibition extends to wearing or displaying any clothing, jewelry, footwear, hats, posters, etc. that promote or are associated with the “drug culture” i.e., items that refer to satanic or demonic cults, items that refer to gang membership, and “heavy metal” or similar items that refer to or promote unhealthy messages for young people such as suicide, sadism, drug use, violence, disrespect for authority, vulgarity, obscenity, and/or sexual harassment.

Section 6.12 Motor Vehicle Operation

The School has been directed by the Bureau of Indian Affairs (BIA) officials to adopt a Motor Vehicle Safety Policy consistent with that set forth in a memorandum from the Associate

Deputy Secretary of the Interior (“Memorandum”). While the above memo does not control the School, the School Board (Board) believes it to be in the best interest of the School, its students, staff and community to adopt a similar Motor Vehicle Operation Policy, a Theodore Roosevelt School Motor Vehicle Operation Policy (TRS Policy) in order to voluntarily comply with the BIA recommendation and to ensure the health, safety and welfare of its students, staff and community. The School also intends to remain compliant with operant White Mountain Apache Tribal law in developing, establishing and implementing this policy. This policy is necessary given the documented, national problem and resulting tragedies from unsafe driving in general and particularly driving motor vehicles while under the influence of alcohol or controlled substances. Allowing such conduct or the reasonable possibility of such conduct in school vehicles or in relation to school or school activities cannot be tolerated.

III. Rules and Responsibilities

- A. The Human Resources Director is responsible for carrying out the requirements of this policy.
- B. The School managers, supervisors, administrators and other applicable employees must:
 1. Carefully consider whether duties and responsibilities assigned to an Employee under their supervision require the operation of a motor vehicle in the performance of official or contractual duties, responsibilities or activities, including duties of record and other duties assigned or historically assigned to such positions or activities, and if so, insure that it is noted in the Employee's position description and that possession of a valid driver's license be required for employment in that position;
 2. Ensure that each School Motor Vehicle Operator under their supervision possesses a valid driver's license that indicates State authorization to operate the class of vehicle required in the performance of their duties. This responsibility is met by ensuring each Employee completes the annual Authorization Process described in Section V of this Policy, which includes a requirement to conduct an annual review of the Employee's current license and a current motor vehicle driving record. If at any time the supervisor has a concern with an Employee's driving record, he or she will initiate a review of the Employee's driving record. Failure to meet this responsibility may result in disciplinary action against the supervisor;
 3. Ensure that all term contracts and commercial contracts under their administration, at the time of contract renewal, include certification from the Employees and third party contractors certifying that they will self-administer and ensure compliance with the requirements of this policy;

 - d. If Employee is required to possess a CDL to perform Employee’s job related duties and upon request, fails to provide a valid CDL medical certificate;
 - e. If no positions are available, for which Employee is qualified, that do not require a valid driver’s license, the supervisor shall initiate termination proceedings under the School policies.

 - a. Is convicted for operating a motor vehicle under the intoxicating influence of alcohol, narcotics, or pathogenic drugs;
 - b. Is convicted of leaving the scene of an accident without making his or her identity known;
 - c. Is not qualified to operate a “motor vehicle” safely because of a physical or medical condition;
 - d. No longer possesses a State license by revocation or suspension;

- e. Fails to report incidences noted in paragraph 6 above to his or her supervisor;
 - f. Exhibits behaviors inconsistent with the safe and prudent operation of a motor vehicle;
 - g. Employee's supervisor shall initiate appropriate disciplinary action against Employee pursuant to TRS Policies and Procedures, up to and including termination.
8. Although not required of the School, a supervisor may, where appropriate, recommend the Employee Assistance Program (EAP) and other programs to Employees whose performance appears impaired by the use of controlled substances, prescription drugs, or intoxicating beverages. Employee has no right to this action; it is entirely at the discretion of the School and is not a condition to nor does it preclude termination; and
9. Take appropriate actions to investigate allegations of Employee's alcohol or drug abuse problem or history of unsafe driving, regardless of whether or not the Employee has ever been charged with an offense. Supervisors may at their discretion, consider a pattern of unsafe driving acts as a factor in determining whether an Employee meeting driver qualifications. (For example, an Employee is convicted of DWI or other unsafe driving practices over a 10 year period, with DWI arrest longer than three-years preceding their submittal of GSA Form 3607 or similar TRS Form, Motor Vehicle Operator' License and Driving Record).
- C. The School will submit to The Division of Safety and Risk Management (as identified in the "Memorandum" referenced in the first paragraph of this Policy) and The Division of Safety and Risk Management (Division) shall:
- 1. Receive and process Motor Vehicle Operator License and Driving Record forms (GSA Form 3607 or TRS Form) for the School.

 - 3. Return GSA Form 3607 or TRS Form to TRS with certification to the School HR after processing.
 - 4. Document any conflicts or concerns with respect to an Employee's driving qualifications.
 - 5. Should the Division fail or refuse to carry out this responsibility, this task shall be timely performed by the School HR identified above.

- D. Employees, generally have responsibility to inform supervisors of operator incidents or behaviors that would be considered covered by this policy or represent unsafe driving behavior. All Employees share an affirmative duty to ensure TRS vehicles are used properly by responsible individuals who have a high regard for both personal and public safety while operating a government vehicle. Employees may report any suspected violations to their supervisor.

IV. Operator Requirements

Motor Vehicle Operators must:

- A. Comply with State, local and tribal traffic laws and the lawful instruction of emergency and law enforcement personnel;
- B. Abstain from ingesting controlled substances, intoxicating beverages, prescription drugs or other medications that caution against operating a motor vehicle when taken to avoid being impaired while driving;
- C. Not transport intoxicating beverages, controlled substances, or any passenger who is in possession of intoxicating beverages or controlled substances without written approval of immediate supervisor. Exceptions to this prohibition are allowed for social services, emergency, and law enforcement personnel whose duties and responsibilities require otherwise;
- D. Not transport unauthorized passengers in a School owned or leased motor vehicle;
- E. Report to his/her supervisor any medical or physical condition, including the use of controlled substances, prescription or over-the-counter drugs, which may impair the driver from the safe operation of a motor vehicle;
- F. Successfully complete motor vehicle safety training at least every three years;
- G. Notify their supervisor if their State driving privileges are restricted, suspended, revoked, or canceled, or if they have otherwise disqualified from holding a license. Employees are also responsible for reporting any situation that may alter their authorization or ability to operate a motor vehicle, such as any legal or court ordered suspension of driving privileges or any limiting medical condition;
- H. Report all incidents involving a “motor vehicle” that occur during the performance of their official duties;
- I. Report all on-duty incidents involving a “motor vehicle” that could result in a violation, citation, charge, arrest, warrant, or civil action;
- J. Report all incidents involving a ‘motor vehicle’ and the use of controlled substances or intoxicating beverages; impairment resulting from prescription or over-the-counter

drugs, illness, or medical condition; or other factors that impair concentration, motor skills or reaction time;

- K. Report any restriction, suspension, revocation, or cancellation of their driver's license, for any length of time, or any disqualification from holding a State, commercial or international operator's license; and
- L. Notify supervisors of these incidents no later than the following business day after their occurrence. Failure to inform the supervisor of any such situation may subject Employees to disciplinary action.

V. Authorization Procedures

- A. All Employees and term contract Employees whose job requires operation of a motor vehicle must annually request authorization to operate a motor vehicle in carrying out the duties of their positions.
- B. All Employees and term contract Employees must annually submit to their supervisor GSA Form 3607 (or such similar form as may be developed by the School), Motor Vehicle Operator's License and Driving Record request for renewal. In completing the form, individuals will provide a response to all questions (Section II) and certify that their statements are true and correct to the best of their knowledge (Section III). This Form must be submitted between January 1 and January 31 of each year. **It is Employee's responsibility to timely submit the Form. Failure to submit the Form shall be grounds for the nonrenewal of Employee's employment contract and disciplinary action.**
- C. Supervisors will review the GSA Form 3607 or TRS Form for accuracy and completeness, complete and sign Section IV—Supervisory Review, and forward to the School HR.
- D. The safety office identified in Section III of these policies will review the submitted forms and request a copy of the applicant's driving record from the appropriate State motor vehicle office(s) and if appropriate and where feasible, the tribal court where Employees primarily operate motor vehicles within that tribal jurisdiction.
- E. Upon receipt of a favorable review of the driving record, the safety officer will complete Section V—Certification of Eligibility and Authorization, sign and date, certifying that the individual meets his TRS driver qualifications.
- F. With the safety officer's certification, the supervisor may issue a TRS Motor Vehicle Operator Authorization. The Authorization will be issued for a period of three years.
- G. Based on the safety officer's report that the applicant is not qualified, the supervisor will not issue or will revoke a Motor Vehicle operator Authorization and take action as described in Section III.B.6. of this Policy. Supervisors are reminded that they

may be personally liable if they authorize an Employee to operate a motor vehicle on government business if an Employee is determined not to be qualified by virtue of failing to meet qualification standards.

VI. Failure to Report Incidents Involving Motor Vehicles

Failure of the motor vehicle operator to report such incidents of traffic citations or accident violations to the supervisor as soon as possible after the occurrence, but no later than the next business day may result in disciplinary or other adverse action.

VII. Should an Employee's TRS driving authorization be revoked pursuant to this policy, the Employee may be reassigned to another position which does not require a TRS Driving Authorization if available or be terminated as an Employee. Failure to possess a valid and current TRS Driving Authorization or valid State driver's license if either is required under Employee's job description or in the performance of their duties constitutes good cause for dismissal.

VIII. Appeals of any actions under this Policy shall first be submitted to the School Adjudication Official who shall determine any such initial appeal using the following:

- A. The factors set forth in 25 C.F.R. § 63.17 and other C.F.R.'s relating to adjudication procedures for background and character checks pursuant to 25 U.S.C. § 3201 *et seq.*;
- B. Evidence of recovery from alcohol and/or chemical dependency including, but not limited to:
 - 1. Proof of successful completion of a valid recognized treatment program; and/or
 - 2. Proof of a substantial number of years (5 or more) of sobriety. With multiple alcohol/chemical violations substantially more years, at least 10, should be required as proof.
 - 3. Other reliable factors.
- C. Number of violations and time period in which they occurred.

Any Employee disciplined and/or terminated under this Policy shall have the right to appeal as set forth in the TRS Policies and Procedures for appeals of disciplinary action and/or terminations of employment.

The School may consider the above factors, guidelines and regulations in any employment decision including, but not limited to, the initial consideration of an application for employment with TRS. If an applicant has an above identified conviction within 3 years of the date of application or a pattern of behavior as noted above, such history constitutes good and just cause for electing not to hire the applicant. Applicant may appeal any such action to the School Adjudication Official.

IX. This Policy is enacted to protect the health, safety and welfare of our students, staff and community.

Section 6.13 Nondiscrimination/Sexual Harassment

A. Statement of Philosophy. The School is proud of its tradition of providing all of its employees with a congenial work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere which promotes equal opportunities for all employees and prohibits discriminatory practices, including sexual harassment. At School, sexual harassment, whether verbal, physical, or environmental, is unacceptable and will not be tolerated.

The behavior described above is unacceptable in the workplace itself and in other work related settings such as on business trips and business related events.

B. Nondiscrimination.

1. The Board is committed to a policy of nondiscrimination in relation to race, color, religion, sex, age, national origin, and handicap. This policy will prevail in all matters concerning staff members, students, the public, educational programs and services, and individuals with whom the Board does business.
2. Compliance Officer. The Principal shall be the compliance officer. Any person who feels unlawfully discriminated against or to have been the victim of unlawful discrimination by an agent or employee of the School or who knows of such discrimination against another person should file a complaint with the Principal. If the Principal is the one alleged to have unlawfully discriminated, the complaint shall be filed with the President of the Board.
3. Complaint Procedure. The School is committed to investigating each complaint and to taking appropriate action on all confirmed violations of policy. The Principal, or designee, shall investigate and document complaints filed pursuant to this policy as soon as reasonable. In investigating the complaint, the Principal will maintain confidentiality to the extent reasonably possible. The Principal, or designee, shall also investigate incidents of policy violation that are raised by the Board, even though no complaint has been made.

If after the initial investigation the Principal has reason to believe that a violation of policy has occurred, the Principal shall determine whether to hold an administrative hearing and/or to recommend bringing the matter before the Board. If there is reason to believe that the Principal has violated policy, the complaint shall be made to the president of the Board. If disciplinary action is imposed relative to this claim and investigation, the disciplined employee shall have the appeal rights set forth herein (see Section 7.03) for the discipline imposed.

If the Principal's investigation reveals no reasonable cause to believe that this regulation has been violated, the Principal shall so inform the complaining party in writing.

Commented [GH3]: This is eliminated here because it is repeated further on.

C. Sexual Harassment.

1. All individuals associated with this school, including but not necessarily limited to, the Board, the administration, the staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when made by a member of the School staff to a student or to another staff member, or when made by a student to another student where:

- Submission to such conduct is either explicitly or implicitly made a term or condition of an individual's employment or education; or
- Submission to or rejection of such conduct is used as a basis for employment or education decisions affecting such individual; or
- Such conduct has the purpose or effect of substantially interfering with an individual's educational or work performance, or creating an intimidating, hostile, or offensive employment or education environment.

Sexual harassment may include, but is not limited to:

- Suggestive or obscene letters, notes, invitations, derogatory comments, slurs, jokes, epithets, assault, touching, impeding or blocking movement, leering, gestures, or display of sexually suggestive objects, pictures, or cartoons.
- Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction between peers is not considered sexual harassment.)
- Implying or withholding support for an appointment, promotion, or change of assignment; suggesting that a poor performance report will be prepared; suggesting that probation will be failed; implying or actually withholding grades earned or deserved; or suggesting that a scholarship recommendation or college application will be denied.
- Coercive sexual behavior used to control, influence, or affect the career, salary, and/or work environment of another employee; or engaging in coercive sexual behavior to control, influence, or affect the educational opportunities, grades, and/or learning environment of a student.
- Offering or granting favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable

duties or shifts, recommendations, reclassifications, etc., in exchange for sexual favors.

Anyone who is subject to sexual harassment, or who knows of the occurrence of such conduct, should inform the compliance officer, as provided in Section 6.11.C.2. A substantiated charge against a staff member in the School shall subject such staff member to disciplinary action, which may include suspension or termination. A substantiated charge against a student in the School shall subject that student to disciplinary action, which may include suspension or expulsion.

All matters involving sexual harassment complaints will remain confidential to the extent possible.

2. **Compliance Officer.** The Principal shall be the compliance officer. Any person who feels sexually harassed or otherwise unlawfully discriminated against or to have been the victim of sexual harassment or otherwise unlawful discrimination by an agent, employee or student of the School or who knows of such sexual harassment or discrimination against another person should file a complaint with the Principal. If the Principal is the one alleged to have unlawfully sexually harassed or discriminated, the complaint shall be filed with the President of the Board.
3. **Complaint Procedure.** The School is committed to investigating such complaint and to taking appropriate action on all confirmed violations of policy. The Principal shall investigate and document complaints filed pursuant to this regulation as soon as reasonable. In investigating the complaint, the Principal will maintain confidentiality to the extent reasonably possible. The Principal shall also investigate incidents of policy violation that are raised by the Board, even though no complaint has been made.

If after the initial investigation the Principal has reason to believe that a violation of policy has occurred, the Principal shall determine whether to hold an administrative hearing and/or to recommend bringing the matter before the Board. If there is reason to believe that the Principal has violated policy, the complaint shall be made to the President of the Board.

If disciplinary action is imposed relative to a claim and investigation, the disciplined employee shall have the appeal rights set forth herein (see Section 7.03) for the discipline imposed. If the Principal's investigation reveals no reasonable cause to believe that this regulation has been violated, the Principal shall so inform the complaining party in writing.

Section 6.14 Grievance Procedure

A. Purpose

The purpose of the grievance procedure is to provide a uniform and equitable method of resolving alleged complaints as quickly as possible and at the lowest possible level of supervision. This procedure is intended to ensure that any eligible employee will be heard and

that corrective action taken will be without reprisal or discrimination against the employee submitting the grievance.

B. Definition

A grievance is a complaint by an employee concerning the department work rules, unsafe or unhealthy working conditions and alleged improper treatment that directly affects work performance or his/her employment contract and which cannot be satisfactorily resolved between the employee and his immediate supervisor. The grievance procedure does not apply to disciplinary appeal.

C. Scope

All departments shall conform to this procedure. Actions for which another appeal procedure exists do not fall under the grievance procedure. Examples: dismissal, suspension, demotion and alleged discrimination.

D. Eligibility and Employee Rights

1. All regular, full-time and part-time employees are eligible. Temporary and probationary employees are not entitled to the grievance procedure.
2. Employees have the right to seek the involvement of legal counsel, but only at their own expense. The School also is entitled to representation by legal counsel.

E. Time Limits and Procedures

1. An employee must file a written grievance with their immediate supervisor or the supervisor of their immediate supervisor, if the complaint is against their immediate supervisor within five (5) working days of the occurrence with a copy to the Human Resources Manager.
2. All supervisors shall meet grievants whom they supervise as soon as possible after a grievance is filed. "Note the supervisor must resolve the grievance in writing and within five (5) days of filing or the grievance goes to the next level." The supervisor shall clarify with the grievant(s) the exact issue(s) grieved and all relevant facts i.e., date, time, place, statements, and witnesses. The supervisor shall then attempt to resolve the grievance in consultation with the grievant and other necessary parties. Whether or not the grievance is resolved the supervisor must submit a written report to his or her supervisor within five (5) business days of the grievance being filed. That report shall set forth the exact issue(s) grieved, relevant facts (date, time place, statements, and witnesses) on what action taken and the status of the grievance (i.e., whether or not resolved and if so, how). If the grievance is resolved the grievant must also sign the

report noting that the grievance is resolved satisfactorily. All succeeding reviews of the grievance must be handled in this manner.

3. Abandonment of a case or non-compliance with required deadlines and policies by the aggrieved party will be grounds for termination of the grievance.

F. Steps

1. An employee who has a grievance must file a written request/complaint within five (5) working days of the alleged action with the immediate supervisor, or supervisor of their immediate supervisor, if the complaint is against their immediate supervisor. The request/complaint must clearly specify the actions or matters grieved and shall include specific supporting facts and circumstances to include: dates, times, places, statements and witnesses. If after five (5) working days the grievance is not satisfactorily resolved in writing, the employee shall progress to Step 2.
2. If the grievance is not satisfactorily resolved in Step 2, the employee may submit the grievance in writing to the Principal. If after five (5) working days the complaint is still not satisfactorily resolved by the Principal in writing, the employee may submit the grievance to the Board. This must be done through the Human Resources Manager within three (3) working days after the response deadline of the Principal.
3. The Human Resources Manager shall, within ten (10) days after written notice from the employee, request the Board to add the grievance to the next regular Board meeting to render a decision that either supports or dismisses the complaint. For the purpose of addressing the grievance, the Board, at its discretion, may employ a qualified third-party to provide an evaluation of some or all of the grievance claims. A copy of the evaluation shall be provided to all parties to the grievance.
4. All decisions of the Board shall be final. The Board, at its discretion, may determine the grievance based on the record before it, hold a hearing, or order a hearing before a designated hearing officer. Any hearing must be held within fifteen (15) working days of the Board meeting, and a Board decision must be rendered within thirty (30) days of the Board meeting at which a hearing was scheduled. If the Board elects to hold a hearing, it shall provide written notice of a hearing, including the time and place of the hearing, to the grievant within ten (10) business days of the regular Board meeting at which the grievance was submitted. At any such hearing, the parties may be represented by legal counsel, submit evidence in the form of exhibits or testimony and cross-examine witnesses. The previous procedures shall be informal and as determined by the Board or hearing officer.”

The decision of the Board is final.

ARTICLE VII. DISCIPLINARY PROCEDURE

Section 7.01 Disciplinary Action

- A. School policy towards disciplining employees is generally reflected in the recommendations in the Table of Penalties. If an employee engages in an act of misconduct, which is not addressed in the Table of Penalties, the supervisor shall select an appropriate penalty in consultation with their immediate supervisor, department director, and/or the Principal.
- B. Notwithstanding Section 7.01.A and recommendations in the Table of Penalties, the specific type and degree of disciplinary action to be taken in a particular situation shall be determined by the facts and circumstances of each situation. Previously documented disciplinary action(s), the degree of the conduct involved and other mitigating and exacerbating factors shall be considered in determining which penalty to impose.
- C. Non-Disciplinary Action

Not all actions regarding an employee are considered “discipline”, even though they may involve alleged or possible violations of policies or rules by the employee. This policy addresses only discipline and has no application to any of the following:

- 1. The employee’s evaluation procedure or the resulting evaluations as they pertain to the adequacy of the employee’s performance.
- 2. Letters or memoranda directed to an employee containing directives or instructions for future conduct.
- 3. Counseling of an employee concerning expectations of future conduct.
- 4. Non-renewal of a contract of an employee employed by the School.
- 5. Reassignment With Pay. An employee may be temporarily reassigned with pay by the Principal to allow the School to complete an investigation while maintaining the status quo and to protect the health, safety and welfare of the students, staff, employees and all other parties. While on such temporary reassignment, the employee remains subject to the directives of the employee’s supervisor, the Principal and School Board and such other conditions as may be established to accomplish the above-stated purpose. An employee’s failure to follow directives, participate in any investigation and/or otherwise comply with reassignment conditions and School policies while on a temporary reassignment may subject said employee to disciplinary action up to and including termination.

Counseling memos may be used to inform employees of the above-described matters. Counseling memos are not discipline or disciplinary action. Counseling memos are to be considered a positive, pro-active, cooperative approach to potential problems. They also serve to provide notice to employees of potential problem areas prior to them becoming discipline issues.

D. Types of Disciplinary Action

When disciplinary action is to be taken the following steps are recommended:

- a) Warning (verbal/written)
- b) Suspension
- c) Termination

NOTE: This is a recommended procedure for disciplinary action. The facts and circumstances of a specific situation may preclude progressive discipline in favor of a more severe initial disciplinary action.

E. Guidelines and Procedures for Disciplinary Actions

1. **Warning (Verbal/Written):** When a warning (Verbal/Written) is issued, it should be done in private and a copy of the letter covering the details of the warning sent to the Personnel Office. Where appropriate, a reasonable period of time for improvement or corrections will be allowed before taking further action. A witness shall be present only when necessary. Written warning will, upon the employee's written request, be removed from an employee's personnel file after a 12-month good conduct period.
2. **Suspension:** Suspension consists of a period of time during which an employee will not work and shall not receive compensation. The maximum suspension period shall be thirty working days.
3. **Termination:** Involuntary Termination is covered in Section 8.02 of this Manual.
4. **Initiation of Disciplinary Action.** Disciplinary action may be initiated only by an employee's supervisor, department head or by the Principal. The employee shall be notified in writing of the disciplinary action and the basis therefor. The employee's Department Supervisor shall commence disciplinary action against the employee within five (5) days of being made aware of the offense(s). The person who initiates it shall sign the notification, and copies shall be supplied to the appropriate department head, the Principal, and the Human Resources Manager for placement in the employee's personnel file.
5. **Authority to Carry out Disciplinary Action.** Disciplinary action in the form of a written reprimand may be carried out by the appropriate

department head. Disciplinary action in the form of suspension with or without pay, or discharge requires the approval of the Principal.

Section 7.02 Appeals Procedure

A. Purpose

The purpose of the appeals procedure is to provide those eligible employees with a uniform and equitable method of resolving actions taken while employed by the School. This procedure is intended to ensure that any eligible employee will be treated fairly and within the policies and procedures of this Manual and any other applicable federal laws.

B. Application

This procedure shall be used for actions regarding reprimands/warnings, suspension, demotion.

C. Eligibility

All regular, full-time and part-time employees are eligible. Temporary and probationary employees are not entitled to appeal procedure.

D. Procedure

1. Appeals must be filed with the employee's immediate supervisor as set forth below. The appeal must state with specificity the action being appealed and include specific grounds for the appeal including, but not limited to, all relevant facts, circumstances, dates, times, places, statements and witnesses.
2. Any employee desiring to file an appeal must do so within five (5) working days after being notified that they have been warned/reprimanded, suspended or demoted. Appeals not filed within the designated time frames shall not be considered.
3. The immediate supervisor may within five (5) working days of receiving the appeal elect to resolve the appeal in writing or refer it to the Principal with recommendations.
4. If the immediate supervisor issues a written decision on the appeal, the employee may, within five (5) working days of the date of the written decision, appeal the decision to the Principal.
5. If the employee appeals the immediate supervisor's decision or the immediate supervisor refers the appeal to the Principal, the Principal shall hold a hearing within ten (10) working days after the appeal or referral and render a decision that either supports or dismisses the appeal within ten

(10) days of the hearing. Written notice of the time and place of the hearing shall be mailed to the employee five (5) days before the hearing. The Principal may allow the appellant or other parties the opportunity to address the appeal. The parties may be represented by counsel and/or cross exam witnesses. If the subject of an appeal is a warning/reprimand not initially imposed by the Principal, the Principal's decision is final. There is no further appeal. If the subject of the appeal is other than a reprimand/warning or if the Principal initiates the reprimand/warning, then appellant may proceed to the next appeal level.

6. If the appeal is still not satisfactorily resolved by the Principal in writing, the employee(s) may request the Board to add the complaint to the next regular Board meeting. This request must be made within ten (10) working days and through the immediate supervisor. The Board may decide to affirm, modify or dismiss the decision or schedule a hearing before the Board or a hearing officer. The Board shall determine who will hear the appeal. The Board's decision shall be provided to the appellant and immediate supervisor in writing within ten (10) business days of the regular Board meeting at which the appeal was submitted. If the Board elects to hold a hearing, it shall provide written notice of the hearing, including the time and place of the hearing, to the appellant within ten (10) business days of the regular Board meeting at which the appeal was submitted. Any such hearing shall be scheduled within fifteen (15) business days of the regular Board meeting at which the appeal was submitted. At any such hearing the parties may be represented by legal counsel, submit evidence in the form of exhibits or testimony and cross examine witnesses. The procedure shall be informal and as determined by the Board or hearing officer.
7. All decisions by the Board shall be final.

ARTICLE VIII. TERMINATION OF EMPLOYMENT

Section 8.01 Voluntary Termination (Resignation)

1. Employees shall give at least thirty (30) days written notice of their intent to resign.
2. Earned compensatory time and accrued leave may be requested on a day-to-day basis during the final thirty (30) days of employment.
3. An employee who has submitted a letter of resignation may not withdraw the resignation after it has been accepted by the Board. The resignation shall become effective as of the date specified in the letter of resignation, unless otherwise mutually agreed between the Board and the employee. However, the Board may at any time dismiss an employee as otherwise provided in this Manual.
4. The following procedures shall be followed in the case of resignation from employment.
 - a) The employee shall provide a written notice of their intent to resign to the Human Resources Manager. The Human Resources Manager shall provide a copy of the letter of resignation to the immediate supervisor and the Principal.
 - b) The Human Resources Manager shall place the resignation on the agenda for Board review at the next scheduled Board meeting.
 - c) The employee shall be notified of when his/her resignation letter will be considered by the Board.
 - d) It is solely within the discretion of the Board to accept or reject the letter of resignation.
 - e) The immediate supervisor shall account for all school property issued to the employee before the effective date of the resignation.
 - f) The Human Resources Manager shall conduct an exit interview with the resigning employee before the effective date of resignation.
 - g) If the employee has outstanding debts or owes property to the School, the immediate supervisor shall take all necessary steps to initiate repayment on the part of the employee and to receive receipt of the property from the employee, before the final paycheck is released. The immediate supervisor shall notify the Human Resources Manager in writing that he/she has accounted for all school property issued to the employee, has

taken steps to initiate repayment/receipt of property and that the final pay check can be released by the School.

Section 8.02 Involuntary Termination (Dismissal Other Than Layoff/Reduction-in-Force)

1. Probationary Employees: Probationary employees are employees-at-will and may be terminated at any time, with or without cause or advance notice. Probationary employees have no right to appeal an involuntary termination.
2. Non-Probationary Employee—Grounds for Involuntary Termination: Non-probationary employees may be terminated for cause. Examples of infractions which may result in disciplinary action, including involuntary dismissal, are included in the Table of Penalties. However, it is not possible to list all the forms of behavior which are considered unacceptable in the work place and the Board may in its discretion dismiss any employee for unsatisfactory performance, unprofessional conduct, insubordination, violation of policies or laws, or such other conduct that constitutes cause to dismiss. While the Board may choose to take a lesser disciplinary action such as a warning or suspension for a first offense, the Board may in its discretion dismiss an employee for a first offense if appropriate depending on the facts and circumstances of the situation.
3. Non-Probationary Employees—Procedures for Involuntary Termination:
 - a) Involuntary termination of an employee may be recommended to the Principal by the supervisor, principal, department head and/or Human Resources Manager. The Principal in consultation with the supervisor, principal, department director and/or Human Resources Manager will draft a notice of intent to terminate letter setting forth the reasons for the recommendation for termination and citing the specific policy violations violated by the employee. A copy of this notice of intent to terminate letter will be hand delivered or mailed by certified mail to the employee.
 - b) The notice of intent to terminate letter will be provided to the Board at a Board meeting with a recommendation to the Board by the Principal as to whether reasonable cause exists to terminate the employee.
 - c) If the Board after reviewing the notice of intent to terminate letter and after receiving the recommendation from the Principal, believes that adequate cause exists to terminate the employee, the employee will be sent by personal delivery or through certified mail a letter from the Board terminating the employee and setting forth the reasons for the termination and citing policies violated by the employee. The termination will become effective five business (5) days after the letter is sent unless the employee appeals the termination decision to the Board within the five business (5) days. Should the employee appeal, the employee must submit a written appeal to the Principal which states the basis for the appeal and the

specific facts, circumstances, evidence and witnesses which support the appeal.

- d) If the employee appeals the termination to the Board, the employee will continue as an employee of the School pending the outcome of the termination appeal.
- e) Once the Board receives the termination appeal, the Board will hold a meeting to hear the employee's appeal. The Board, at its discretion, may designate a hearing officer to hear the appeal.
- f) The hearing on the dismissal appeal may, at the option of the employee, be done in executive session. If the employee does not opt to have the hearing in executive session, the hearing will be at an open public meeting.
- g) At this hearing the Principal or designee shall present the termination against the employee and will present to the Board witnesses and other exhibits pertaining to the termination letter. The Principal or designee may be represented by counsel.
- h) The employee shall thereafter present his/her witnesses and documentation with regard to the termination letter. The employee may be represented by counsel.
- i) All testimony shall be taken under oath, the proceeding shall be tape recorded, and both sides shall have a right to cross-exam the other side's witnesses. Formal Rules of Evidence shall not apply and the Board will allow in any evidence that is relevant and non-repetitive.
- j) Either side may be represented by counsel at the party's own expense.
- k) After both sides have presented their case, both sides will be allowed a brief closing argument.
- l) After both sides have presented closing argument, the Board shall deliberate and decide to: 1) uphold the termination; 2) reject the termination; 3) impose a lesser disciplinary action.
- m) The decision of the Board shall be final and effective immediately.
- n) Pending action by the Board, an employee may be placed upon administrative leave with pay and with full benefits if, in the opinion of the Principal, it is appropriate and in the best interest of the School.

Section 8.03 Layoff/Reduction-in-Force

This provision relates to any involuntary employment termination for non-disciplinary reasons initiated by the organization due to economic need, insufficient federal funding, changing program needs, a reduction in student count, reductions in work load or other factors which, in the sole discretion of the Board, render such action prudent and in the best interest of the School. The Principal shall notify the Board when funding or workload circumstances require a layoff/reduction-in-force, and shall submit a layoff/reduction-in-force plan to the Board.

In developing such plan, whether during the academic year or at the time for contract renewal decisions, the Principal shall give preference in retention to positions essential to the administration and operation of the School. In considering the Principal's plan, the Board shall also give preference in retention to such positions.

The Principal and the Board shall also consider the following factors in making layoff/reduction-in-force decisions, whether during the academic year or at the time for contract renewal decisions:

1. Importance to the School of position held
2. Recommendations of supervisors
3. Quality of service to the School
4. Length of service to and employment with the School

The Board shall give all affected employees prior written notice of any anticipated layoff or reduction in force.

Section 8.04 Reinstatement

Any employee affected by a reduction in force will be reinstated pursuant to the Personnel Policies and Procedures of School (i.e. Selection Procedures) and qualifications for the position. Such reinstatement may occur only within the contract year in which the layoff or reduction in force occurred.

Section 8.05 Disability

Upon written verification of a medical doctor that an employee is unable to perform the duties and responsibilities in the employee's job description and all leave has been used and alternative employment is not available or possible, said employee may be terminated.

Extended benefits may be available to the employee under the health and hospitalization policy then in force, federal law, such as the Family Leave Medical Act, and/or applicable Workmen's Compensation provisions.

Salary and benefits will terminate automatically on the day all leave benefits have been expended. After expiration of employment, and up to one (1) calendar year after the date of said expiration, the employee will be entitled to preferential consideration for any position for which he or she is qualified and able to perform the necessary duties.

Statement of General Policy

It is the policy of Theodore Roosevelt School that child abuse, whether physical, emotional or sexual, be recognized and reported to the proper authorities. It shall be the duty and responsibility of each and every member of the Theodore Roosevelt School staff in contact with students to be aware of the criteria for identifying a student’s mood, conduct, physical condition and educational performance as they may suggest the presence of abusive influences and experiences and to report the same to the appropriate authority. Classroom teachers, school counselors, and all staff whose duties require regular contact with students shall receive training in the recognition of the symptoms of abuse, recommended methodologies of interacting and counseling with students who are suspected to be the victim of abuse and the record keeping and reporting procedures promulgated in support of this policy. This policy is enacted pursuant to the Indian Child Protection and Family Violence Prevention Act, Pub. L. 101-630, 1990.

CHAPTER 1 Reporting Requirements

1.0 Introduction.

TRS considers the detection and prevention of child abuse to be of the utmost importance, understands the requirements under the law for its employees to report suspected child abuse, and is committed to eradicating all forms of child abuse where possible. Child abuse reporting also places a tremendous burden on the staff and resources of TRS. Attempting to be entirely compliant with the broad and sometimes vague reporting statutes has created administrative, fiscal, personnel and personal problems at TRS. These problems center on issues of when to report, what to report, appropriate response and reasonableness of response. These are issues confronting schools nationwide. Recently, the Office of Indian Education Programs (OIEP) has identified similar problems within their own program. In response to these and other issues, the

OIEP published "Requirements and Protocol for Reporting Suspected Child Abuse/Neglect (SCAN)" in March 2004 and revised and reissued in 2009. TRS has reviewed the above described publication, finds it to be an appropriate guide and response to the issues identified above, and has elected to modify it in order to adopt and use the requirements and protocols as policies for TRS. It is the intent of TRS to be fully compliant with all reporting laws. It is the School's belief that adoption and implementation of the requirements and protocols set forth by the OIEP is the appropriate way to insure compliance, provide maximum protection to children, and provide an informed, reasonable, consistent application of these requirements. In its SCAN publication, the OIEP provided the following introduction to establish the basis for SCAN protocols:

1.1 Legal Authorities

1.1A. Public Law 101-630, as amended, (Codified in 25 United States Code 3203, § 1169), *Indian Child Protection and Family Violence Prevention Act, as amended*, requires that any person identified as a Mandated Reporter who knows or has a reasonable suspicion that a child has been abused in Indian country, must report the information to the local protective services agency or local law enforcement agency. Further, if the Mandated Reporter knows or has a reasonable suspicion that actions are being taken, or are going to be taken, that would reasonably be expected to result in the abuse of a child in Indian country he/she must report the information to the local protective services agency or local law enforcement agency. Public Law 101-630 also specifically identifies positions designated as Mandatory Reporters, outlines the penalties for Mandated Reporters who fail to immediately report such abuse or actions described to the proper authorities, and the penalties for supervisors, or those having authority over Mandated Reporters, who prevent or inhibit a Mandated Reporter from making the proper reports (*Appendix A*).

1.1B. Public Law 101-647, (Codified in 42 United States Code Section 13031), *Crime Control Act of 1990, Subchapter IV - Child Abuse Reporting*, requires that any person who, while in a professional capacity or activity on Federal land or in a federally operated (or contracted) facility, learns of facts that give reason to suspect that a child has suffered an incident of child abuse, shall as soon as possible make a report of the suspected abuse to the agency designated to receive the report (*Appendix B*).

1.2 Notification Responsibilities

Each employee will receive notice of their responsibilities as a Mandated Reporter of child abuse upon initial employment and annually thereafter. The notification will be in written form and the employee will sign that they received a copy of the notice. At a minimum, the notice will include: (1) all positions designated as Mandatory Reporters; (2) when a Mandated Reporter must report child abuse or suspected child abuse; (3) how the Mandated Reporter is to report the information; and (4) the ramifications for not reporting child abuse or suspected child abuse (*Appendix C*).

CHAPTER 2 Mandatory Reporting

2.0 Introduction

Public Law 101-630 (codified in 25 U.S.C. 3203 § 1169) and Public Law 101-647 (codified in 42 U.S.C. § 13031) require that specific individuals working in fields that come into contact with

children who know or have a reasonable suspicion that a child was abused in Indian country, Federal land or federally operated or contracted facility must immediately report such abuse. This chapter covers the requirements for Mandatory Reporters.

2.1 Positions Designated as Mandatory Reporters

The following are the positions that are designated as Mandatory Reporters at TRS:

- Teachers
- School counselors
- Instructional aides
- Teacher's aides
- Teacher's assistants
- Bus drivers
- Administrative officers
- Child welfare and attendance supervisors
- Truancy officers
- Child day care workers
- Psychiatrists
- Psychologists
- Psychological assistants
- Licensed or unlicensed marriage, family, or child counselors

Additional Mandated Reporters that may have an impact on TRS positions include:

- Nurses/physicians/surgeons
- Dentists/dental hygienists
- Optometrists
- Medical examiners
- EMTs/paramedics
- Health care providers
- Head Start teachers
- Public assistance workers
- Group home, day care, residential workers
- House parent/dorm staff
- Social workers
- Mental health personnel
- Law enforcement officers
- Probation officers
- Juvenile rehabilitation or detention workers
- Personnel responsible for enforcing laws and judicial orders

2.1.A. Persons engaged in the following professions and activities are also subject to the mandatory reporting of child abuse or suspected abuse:

- Alcohol or drug treatment personnel;
- Persons performing a healing role or practicing the healing arts;
- Guidance personnel;
- School officials, i.e., anyone who has management oversight of a school; and
- School administrators, i.e., anyone working in an official capacity at a school

2.1.B. In addition to the positions and activities specifically identified in the above sections, all Federal employees and contractor employees at TRS also have a *duty to report* any reasonable suspicion of child abuse for any Indian child for which they have responsibility.

2.2 Reporting Requirements

Mandated Reporters who learn of facts that give reason to suspect that a child has suffered an incident of child abuse; know or have a reasonable suspicion that a child was abused in Indian country; OR know that actions are being taken OR will be taken that would reasonably be expected to result in the abuse of a child in Indian country, MUST immediately contact local law enforcement, local child protective services or the Indian Country Child Abuse Hotline. The hotline number is 1-800-633-5155.

2.3 Failure to Report

Mandated Reporters who, while engaged in a professional capacity or activity on Federal land or in federally operated (or contracted) facility, learns of facts that give reason to suspect that a child has suffered an incident of child abuse, as defined in Public Law 101-630 and Public Law 101-647, and fails to make a timely report as required, shall be guilty of a Class B misdemeanor. The person may also be fined up to \$5,000 and/or imprisoned up to 6 months in jail.

Any supervisor or person in authority who inhibits or prevents a Mandated Reporter from making a report may be fined up to \$5,000 and/or imprisoned up to 6 months in jail. In instances where it has been determined that a TRS employee has failed to report child abuse as required, the School will take disciplinary action against the employee to include removal. The School will also take action against employees who fail to report child abuse in a timely manner. Timely is defined as within the timeframes established in Chapter 6.

Chapter 3 Types of Abuse

3.0 Introduction

Child abuse can take many forms; however, there are four major types of abuse that must be reported. When completing a SCAN Report it is crucial that the individual completing the report indicates the specific type of abuse for which they have knowledge or suspicion. For reporting purposes, any knowledge of or suspicion of sexual abuse, physical abuse, emotional abuse, or physical and/or emotional neglect, must be documented and if the abuse meets the definitions outlined in Public Law 101-630 and/or Public Law 101-647, the abuse must be reported to the proper law enforcement and child protection authorities.

The definition of abuse can vary depending on the perspective of the individual. Public Law 101-630 and Public Law 101-647 define 'abuse' as follows:

3.1 Public Law 101-630 Definitions

Any case in which a child is dead or exhibits evidence of skin bruising, bleeding, malnutrition, failure to thrive, burns, fracture of any bone, subdural hematoma, soft tissue swelling, and such conditions that are not justifiably explained or may not be the product of an accidental occurrence; and any case in which a child is subjected to sexual assault, sexual molestation, sexual exploitation, sexual contact or prostitution.

Child abuse does include child neglect. Child neglect includes but is not limited to negligent treatment or maltreatment of a child by a person, including a person responsible for the child's welfare, under circumstances which indicate that the child's health or welfare is harmed or threatened. A 'child' is defined as an individual that is not married, and has not attained 18 years of age.

3.2 Public Law 101-647 Definitions

The term "child abuse" means the physical or mental injury, sexual abuse or exploitation, or negligent treatment of a child. The term "child abuse" shall not include discipline administered by a parent or legal guardian to his or her child provided it is reasonable in manner and moderate in degree and otherwise does not constitute cruelty. Additionally, the following definitions are provided:

- The term "physical injury" includes but is not limited to lacerations, fractured bones, burns, internal injuries, severe bruising or serious bodily harm;
- The term "mental injury" means harm to a child's psychological or intellectual functioning which may be exhibited by severe anxiety, depression, withdrawal or outward aggressive behavior, or a combination of those behaviors, which may be demonstrated by a change in behavior, emotional response or cognition;
- The term "sexual abuse" includes the employment, use, persuasion, inducement, enticement, or coercion of a child to engage in, or assist another person to engage in, sexually explicit conduct or the rape, molestation, prostitution, or other form of sexual exploitation of children, or incest with children;
- The term "sexually explicit conduct" means actual or simulated - (1) sexual intercourse, including sexual contact in the manner of genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between persons of the same or of opposite sex; sexual contact means the intentional touching, either directly or through clothing, of the genitalia, anus, groin, breast, inner thigh, or buttocks of any person with an intent to abuse, humiliate, harass, degrade, or arouse or gratify sexual desire of any person; (2) bestiality; (3) masturbation; (4) lascivious exhibition of the genitals or pubic area of a person or animal; or (5) sadistic or masochistic abuse;
- The term "exploitation" means child pornography or child prostitution;
- The term "negligent treatment" means the failure to provide, for reasons other than poverty, adequate food, clothing, shelter, or medical care so as to seriously endanger the physical health of the child.

3.3 Reportable Incidents

The School has two distinct categories for reporting with SCAN as the more serious and Incident Report as the least.

3.3.A. SCAN - Where it is clear that abuse or suspected abuse has occurred *to a student by anyone* and the circumstances meet the definition of child abuse and/or the circumstance poses an immediate danger or short-term threat to a child, the incident will be considered a SCAN which includes but is not limited to:

- Any case in which a child is subjected to sexual assault, sexual molestation, sexual exploitation, sexual contact, sexually explicit conduct, or prostitution;
- Evidence of physical injury such as severe skin bruising and/or bleeding after being struck, thrown, or treated inappropriately;

- Evidence of burns, fracture of any bone, subdural hematoma (head injuries), soft tissue swelling, and/or such conditions that are not justifiably explained or may not be the product of an accidental occurrence;
- Confirmed or suspected malnutrition or failure to thrive;
- Confirmed or suspected fighting, threatening, or inflicting bodily harm on a student;
- Any situation that is comparable in nature to the examples and situations identified above.

Also, allegations that are not clear that they meet the definition of "abuse" and/or the circumstance poses a near- or long-term threat to a child, which may include physical contact, are also considered SCAN reports. They include but are not limited to:

- Corporal punishment, defined as punishment administered by an adult to the body of a child ranging in severity from a slap to a spanking;
- Incidents of grabbing or pushing a child, grabbing a child by their clothing, assaulting a child, or pulling a child's hair in such a way that is harmful and/or intentional. Only those incidents exercised to ensure a child's safety are considered safety measures therefore are not reportable offenses.
- Lack of parental supervision/care:
 - Child appears to be treated in a neglectful way such as clothing inappropriate; lack of needed medical and/or dental care;
 - School-age child (1st – 6th grade) left without adequate supervision for extended periods during day or night such as periods exceeding 2 hours or overnight (time of day and reason child is left alone must be taken into consideration) -this could apply to students in the dormitory.
 - Pre-school child left without any supervision.

3.3.B. Employee Incident Report - Activities that occur that do not meet the definitions of "abuse" where no physical contact occurred and which involve employees are considered an "Incident". This includes but is not limited to:

- TRS employee engaged in discourteous conduct involving a student, such as using inappropriate language, making inappropriate comments of a non-sexual manner, calling names, insulting or humiliating a child, shouting, cursing, etc.
- Corporal punishment of all kinds, and solitary confinement, or anything which smacks of imprisonment calculated to bring shame and humiliation upon pupils, is prohibited and may be made the basis for charges with a view to possible dismissal.

3.3.C. Other Incidents that do not meet the definition of child abuse but are criminal in nature should be reported directly to local law enforcement. If TRS employees are involved in such incidents they shall also be reported to the Principal and further reported in writing as the Principal directs. These matters shall be subject to and processed pursuant to other applicable provisions of the TRS policies. Examples of criminal incidents include, but are not limited to:

- Confirmed or suspected drinking with, transferring, or selling intoxicants to students on or off BIE/government premises;
- Confirmed or suspected transferring or selling marijuana, narcotics, or

- dangerous drugs to students on or off School premises;
- Confirmed or suspected transferring or selling prohibited items such as cigarettes to students on or off School premises;
- Any situation that is comparable in nature to the examples and situations identified above.

3.3.D. When an allegation of sexual abuse has been raised against another student, it will be filed immediately as a formal SCAN report. All other abuse cases will be handled in accordance with the procedures already in place at the school.

Chapter 4 Child Abuse Reporting Summary

4.0 Introduction

It is mandated that all knowledge of or suspected child abuse be reported to the local law enforcement agency or to child protection services. However, the report must meet the definitions of child abuse contained within Public Law 101-630 and Public Law 101-647 to be considered "abuse". The School has adopted a tool for management to ensure all incidents that may negatively impact children continue to be documented, but at the same time, ensure that only the incidents that meet the definitions of child abuse are reported to law enforcement or child protection authorities. The School also uses Administrative Inquiry Teams ("AIT," to be discussed in Chapter 5) to ensure SCAN Reports are accurate and complete. AITs provide needed information and recommendations to assist management in making prompt decisions regarding whether an individual may be a threat to Indian children.

4.1 Reporting Format - SCAN Report

The Suspected Child Abuse/Neglect Report, *Revised in 2009*, is used for documenting incidents of suspected child abuse within TRS. The report will be referred to as the "SCAN Report" (*Appendix D*) along with supporting documents; electronic forms are available at the BIE website. A report of suspected abuse is the equivalent of a request to an investigation by local law enforcement and/or child protection authorities. The actual investigation is the lawful assessment by an authorized individual to determine if a harmful condition exists involving a minor and what emergency action should be undertaken for the safety of the child. The School's role is to ensure the suspected child abuse is reported in a manner that is clear and as accurately as possible so an investigation is initiated by proper authorities.

When a SCAN Report is filed, it is critical that the report be completed accurately and all appropriate notifications made accordingly. Of equal importance is the action taken after the SCAN Report has been completed. Depending on the seriousness, some action must be taken almost simultaneously to completing the SCAN Report.

A SCAN Report will be completed when a Mandated Reporter, while engaged in a professional capacity or activity, learns of facts that give reason to suspect that a child has suffered an incident of child abuse. The Mandated Reporter does not have to prove the suspected child abuse has occurred but they must describe the behavior or physical signs that led them to suspect a child has been abused. Persons who make a report of child abuse based upon their reasonable belief and in good faith are immune from civil and criminal liability.

The Mandated Reporter will contact their immediate supervisor and work with their supervisor to complete the report. If the alleged offender is the Mandated Reporter's immediate supervisor

or if the Mandated Reporter has concerns about reporting directly to their immediate supervisor, they may submit the SCAN Report directly to the School Principal, or if there are similar concerns regarding the Principal, to the President of the School Board. The report must be completed within the Mandated Reporter's regularly scheduled workday and the SCAN Report must be submitted within the established timeframes. This includes those reports that are non-staff related. The timeframes for reporting are identified in Chapter 6 and specific instructions on how to complete the SCAN Report.

4.2 Reporting Format - Employee Incident Report

The Employee Incident Report form (*Appendix E*) will be used to document non-physical incidents involving employee(s). The Principal will intervene immediately to establish the validity of the report and resolve the issue(s) at the lowest level and as expeditiously as possible. A copy of the initial report with follow-up information must still be submitted to the Program Specialist (SCAN).

4.3 Administrative Reporting Responsibilities

4.3.A. The Principal will ensure the reporting form is complete, issue the Notification to Alleged Offender, consider mandatory segregation, and collect statements from the employee, victim and any witnesses. The Principal will then notify and provide all documentation to the BIE Program Specialist (SCAN) that same day. .

4.3.B. The Principal, in coordination with the BIE Program Specialist and the School Human Resource official will make an assessment regarding whether the incident affects the employee's status. Follow-up action will be recommended and carried out appropriately. Copies of written notification of any disciplinary action will be provided to the BIE Program Specialist (SCAN).

4.4 Confidentiality

All cases of child abuse allegations shall be treated within the guidelines of Federal laws protecting children, employees, and all parties involved. Confidentiality must be a priority throughout the process. The Mandated Reporter may remain anonymous, but in order to document that a Mandated Reporter did not fail to report child abuse in accordance with Federal law, and so that law enforcement and child protective services can contact the Mandated Reporter, if they need additional information, a SCAN Report must be completed. The SCAN Report has a section regarding protecting the confidentiality of individuals involved. On that section, the Mandatory Reporter must indicate whether they want their identity protected, and initial their intent on the SCAN Report. The identity of all reported victims must always be protected and must not be disclosed to anyone who does not have a need to know.

Individuals who have a need to know are limited to direct line supervisors of the individuals involved, human resources staff, the BIE Program Specialist (SCAN), School Safety Specialists, Law Enforcement representatives, and Child Protection Services personnel.

Even if the Mandated Reporter indicates that they do not want their identity protected, all SCAN Reports are considered "*Administratively Restricted*". Distribution, copying, or unauthorized use of the information contained in the SCAN Report or official SCAN Report file is strictly prohibited. The identity of the person making a child abuse report, as part of their official duties, will not be disclosed to individuals who do not have a need to know without written consent of

the individual. However, an investigative agency (law enforcement or social services) may provide information, records and the name of the informant without written consent to a court of competent jurisdiction or an employee of a tribe, state or the Federal Government who needs to know the information in the performance of his/her duties.

4.5 Bad Faith Reporting

A TRS employee who knowingly files a false report will be addressed accordingly. Where a conflict-of-interest arises between employees, the Principal will intervene and take all proper action(s) to resolve. There is no immunity from civil or criminal liability for Bad Faith Reporting and associated action.

4.6 Protection of Involved Child

An initial assessment must be completed by the Principal and/or appropriate personnel at the time of the incident. The assessment will address whether there is a need for protection of the child and what action is required to ensure the protection and well-being of the child. Depending on the seriousness and the instruction received from local law enforcement or child protection services, action may include, but not be limited to medical attention, counseling services, removal or protective placement, contacting relatives, etc. All arrangements to protect the child shall be made immediately in conjunction with law enforcement and child protection services.

4.7 Mandatory Segregation

4.7.A. An employee who has had a SCAN report filed against them will immediately be removed from contact with or control over all children by re-assignment to another position; if that is not possible, the individual will be placed on administrative leave until clearance is established. If the employee is placed on administrative leave, they will be advised that they must be available at any time for contact by local law enforcement, child protections services and/or the respective Principal.

4.7.B. For Employee Incident Reports, segregation is based on circumstances which are to be reviewed on an individual basis by the Principal. A meeting between the Principal and Human Resources may be convened immediately to determine the need for segregation with removal temporary pending an inquiry. Such cases should be handled administratively first by the Principal with Human Resources, as needed. Written notification(s) should be issued immediately with copies forwarded to the Program Specialist (SCAN).

4.7.C. A non-employee such as a contractor or consultant, against whom an allegation of child abuse has been raised, will be immediately segregated from the child involved. The individual will also be immediately removed from contact with or control over all children indefinitely until the incident is resolved. The individual will be advised that they must be available for contact by local law enforcement, child protection services and/or the Principal as part of the post report process.

4.7.D A non-employee not directly associated with the School such as a volunteer, relative, vendor, visitor, against whom an allegation of child abuse has been raised, will be immediately segregated from the child involved. The individual will also be immediately removed from contact with or control over all children and denied any unescorted privileges to School facilities indefinitely until the incident is resolved. These

precautions need not be taken if the individual has no contact with children for whom School is responsible or if the allegations of abuse occurred on non-Federal property during a non-Federally sponsored activity.

4.8 Notification to Alleged Offender

An employee against whom an allegation of child abuse has been raised, must be notified in writing of the allegation and the resulting actions to occur. This notification [SCAN (*Appendix F*) or Employee Incident (*Appendix I*)] will include the date of the SCAN Report, the type of abuse alleged, a brief summary of the allegation, the resulting actions. The role of the AIT will only be included in SCAN case notifications. The resulting actions refer to the mandatory segregation, the expected duration of administrative leave, the possibility that the SCAN Report may result in action that may impact their employment status and/or their suitability to work with children. The employee will sign a receipt page to document that they were informed of the closure of the SCAN Report. A copy of the notification to the alleged offender will be provided to the BIE Program Specialist (SCAN) for filing.

Non-employees such as contractors or consultants, against whom allegations of child abuse have been raised, must be notified in writing of the allegation and the resulting actions to be taken. The notification of the allegation will include the date of the SCAN Report, the type of abuse alleged, a brief summary of the allegation, and the role of the AIT. The resulting actions refer to the mandatory segregation, expected duration of denial of contact or control over children if the allegations are substantiated, the possibility that the SCAN Report may result in action that may impact their volunteer/employment status and/or their suitability to work with children. Non-employees not directly associated with the School (e.g., volunteers, relatives, vendors, visitors, etc.) against whom allegations of child abuse have been raised, will not be issued any notices in writing unless deemed necessary by the Principal.

4.9 Closing a SCAN Report and Notification to Alleged Offender

A closure notification [SCAN (*Appendix G*) & Employee Incident (*Appendix J*)] will be issued by the Principal to the employee against whom an allegation of child abuse was raised. The notification will be issued in person so the Principal can review the contents of the notification with the employee. The employee will sign a receipt page to document that they were informed of the closure of the SCAN Report. The signature receipt along with a copy of the notification will be included in the official SCAN Report file with a copy forwarded to the BIE Program Specialist (SCAN). This final action closes the SCAN Report. If administrative or proactive action is proposed or corrective action is required that affects the employee, it is the responsibility of the Principal to ensure these action(s) are carried out.

Chapter 5 Administrative Inquiry Team

5.0 Goal of Administrative Inquiry Teams (AIT). The goal of the AIT is to assist management in ensuring the school continues to function efficiently and effectively without further impact on the involved child or any other children.

5.1 Purpose of Administrative Inquiry Team. The purpose of an AIT is to review the merits of the SCAN Report, review the information for completeness and provide recommendations to management when a TRS employee is involved. The AIT *will not* conduct investigation of any

incident. Investigation is the responsibility of law enforcement authorities and/or child protection services.

5.2 Composition of Administrative Inquiry Team. The AIT will be comprised of at least three professional state licensed individuals (when possible) who have been appointed by the Principal. It is the Principal's responsibility to appoint the membership of the School's AIT each school year. The Principal will convene the AIT to ensure that the team members are properly trained and available so they can initiate an immediate inquiry following the completion of a SCAN Report. The AIT will be trained in conducting administrative inquiries, understanding the guidelines for recommending return of employees to their positions, and the development of proactive measures to prevent reoccurrences of child abuse/incidents that negatively impact children.

The Administrative Inquiry Team will:

- Strictly adhere to confidentiality when addressing specific cases.
- Independently confirm the appropriate type of abuse indicated on the SCAN Report when a TRS employee is involved.
- Confirm the SCAN Report form is fully completed.
- Ensure all the proper notifications are made within stated timeframes.
- Gather additional information to ensure the SCAN Report is complete. Additional information may include but is not limited to collection of names of witnesses, collection and/or clarification of written statements from the alleged offender, and/or victim, etc. The team members will not investigate the allegations but ensure all the required information is provided on the SCAN & Employee Incident Report forms.

5.3 Preliminary Inquiry. A preliminary inquiry will be conducted as follows:

- Immediately after the Principal becomes aware of an incident that requires the completion of a SCAN Report involving a School employee, the Principal notifies the members of the AIT that a SCAN Report has been initiated.
- As many team members that are available will convene and at the completion of pages 1-4 of the SCAN Report the team member(s) will review the merits of the incident. The Principal ensures that a contingency plan is devised to ensure coverage when AIT members are out of the office or on leave.
- Gather information utilizing the same tools as other team members. Further, all notes and other forms of documentation that is gathered during an inquiry will be submitted to the Principal immediately after an inquiry is completed.
- At the conclusion of the preliminary inquiry, the AIT will make recommendations to the Principal relating to the specific SCAN Report. The recommendations must address returning the individual to their position and proactive measures to prevent a similar incident from occurring in the future. It is recommended a minimum of three working days for the AIT to complete their inquiry; however, *24 hours* is preferred.

5.3.A. Administrative Inquiry Team for Non-TRS Employees

Although administrative inquiries will be conducted for contractors and consultants, administrative inquiries will not be conducted on non-employees not directly associated with TRS such as volunteers, relatives, vendors, or visitors. In these cases, the Principal will document these reports and take appropriate action to ensure the child involved is safe and the individual is denied access to children for which the School is responsible.

5.4 Recommendations from Administrative Inquiry Team (AIT)

The AIT will document their recommendations on a standardized memorandum format to the Principal. The memorandum will confirm the type of alleged abuse and document other findings. The memorandum will also include the AIT's proposed proactive and/or corrective measures to prevent a similar incident from occurring in the future. Copies of the memorandum will be forwarded to the Principal and BIE Program Specialist (SCAN) within three working days from the day the inquiry was initiated.

Chapter 6 Reporting Procedures

6.0 Introduction. This section covers the procedures and logistics for reporting child abuse and/or suspected child abuse within TRS.

6.1 SCAN Reports involving a TRS Employee

- A. When a SCAN case is identified, all precise and pertinent information regarding the case will be obtained by the employee who made the initial contact with the child, and who has the information first-hand -- this employee is therefore deemed the designated mandatory reporter. The employee, working with the Principal will ensure that pages 1 through 4 of the SCAN Report are completed thoroughly as soon as possible but no later than 24 hours after the disclosure of the incident, and with as much information as possible.
- B. The Principal will convene the AIT to:
 1. Notify Local Law Enforcement *within one hour* of the mandatory reporter completing pages 1 through 4 of the SCAN form. The AIT must ensure page 5 (Tracking of Notifications) of the SCAN Report is thoroughly completed and it clearly indicates specific contact information for law enforcement -- the name of the person contacted, their title, telephone number, and the dates these occurred. If a Law Enforcement report number is available, it should also be included on page 5.
 - Notification must be initiated verbally and followed-up in writing by faxing pages 1 through 5 of the SCAN Report utilizing the designated SCAN FAX Cover Sheet (Appendix H). It must be confirmed that the fax number is correct and the intended recipient is available to receive the facsimile transmission.
 2. Notify Child Protective Services *within one hour* of the mandatory reporter completing pages 1 through 4 of the SCAN Report. The AIT must ensure page 5 (Tracking Notification) of the SCAN Report is thoroughly completed and clearly indicates the specific Child Protective agency contacted -- the name of the person contacted, their title, telephone number, and the dates these occurred.
 - Notification must be initiated verbally and followed-up in writing by faxing pages 1 through 4 of the SCAN Report utilizing the designated SCAN FAX Cover Sheet (Appendix H). It must be confirmed that the fax

number is correct and the intended recipient is available to receive the facsimile transmission.

3. Notify the BIE Program Specialist (SCAN) immediately and submit a copy of the SCAN Report to the Program Specialist (SCAN) office for review and the appropriate logging/tracking and follow-up action as necessary.
- C. The Program Specialist (SCAN) will notify Human Resources Dept. (BIE) *within the same day* by submitting a copy of the SCAN Report to the appropriate Employee/Labor Relations staff for advice and consultation on appropriate administrative action required.
 - D. Upon completion of all notifications, the Principal will ensure the original SCAN Report is maintained in the official SCAN Report file at the school.
 - E. The Principal will issue Notification to Alleged Offender (*Appendix F*) to an employee against whom an allegation of child abuse has been raised; the written notification addresses the allegation and the resulting actions to occur. It further includes the date of the SCAN Report, the type of abuse alleged, and the resulting actions and the role of the AIT. The resulting actions refer to the mandatory segregation, the expected duration of administrative leave if the allegations are substantiated, the possibility that the SCAN Report may result in action that may impact their employment status and/or their suitability to work with children. The employee will sign a receipt page to document that they were informed of the notice of the SCAN Report. A copy of the notification to the alleged offender will be provided to the BIE Program Specialist (SCAN) for filing.
 - Non-employees with TRS agreements or contracts such as contractors, consultants or volunteers, against whom allegations of child abuse have been raised, must be notified in writing of the allegation and the resulting actions to be taken. The notification of the allegation will include the date of the SCAN Report, the type of abuse alleged and a brief summary of the allegation. The resulting actions refer to the mandatory segregation, expected duration of denial of contact or control over children if the allegations are substantiated, the possibility that the SCAN Report may result in action that may impact their volunteer/employment status and/or their suitability to work with children.
 - Non-employees not directly associated with the School (e.g., relatives and visitors) against whom allegations of child abuse have been raised, will not be issued any notices in writing unless deemed necessary by the Principal.
 - F. Pending the outcome of the report, the Principal will ensure the employee is re-assigned with no contact with children as a first option, and Administrative Leave as an alternative, until clearance is established.
 - G. If law enforcement indicates that prosecution is likely or imminent, the employee will remain in re-assignment, or remain on administrative leave until official charges are filed. Upon receipt of a notice that the individual has been indicated or otherwise officially charged with an offense in which imprisonment may be imposed, an indefinite suspension and/or removal action will be initiated.

- The employee's official file will also be pulled and an assessment made regarding whether the incident affects the employee's suitability.
- H. If law enforcement notifies management that the allegations are unsubstantiated, the Principal will return the employee to duty after consultation with the School human resources official and BIE Program Specialist (SCAN). However, administrative action may still be required for employee misconduct. Additionally, the employee's conduct although it may not have risen to the level of a violation of law may still have impact on the individual's suitability.
- I. The Principal will issue a Notification of Closure to Alleged Offender (*Appendix G*) to the employee against whom an allegation of child abuse was raised after law enforcement notification. The notification will be issued in person so the contents of the notification can be reviewed with the employee. The employee will sign a receipt page to document that they were informed of the closure of the SCAN Report. The signature receipt along with a copy of the notification will be included in the official SCAN Report file with a copy forwarded to the BIE Program Specialist (SCAN). This final action closes the SCAN Report. If administrative or proactive action is proposed or corrective action is required that affects the employee, it is the responsibility of the Principal to ensure these action(s) are carried out.
- J. For individuals who have been on Administrative Leave due to a SCAN Report for more than five days, the following will apply:
1. Probationary Employees - The Principal may take action to terminate the employee during their probation period if the decision is considered in the best interest of the School.
 2. Non-Probationary Employees - The employee may be detailed pending an investigation to another position as long as the employee does not have contact with or control over children. Contract employees who have an unresolved SCAN Report and have been deemed a threat to children requiring prolonged Administrative Leave or administrative detail, may not have their contract renewed.
- K. If follow-up with Law Enforcement is necessary, the Principal will issue a written letter referencing the original SCAN Report that was filed. If no investigation has been initiated or a report is not yet completed, the Principal will document the current status of the investigation in the official file. The Principal will issue follow-up letters on a weekly basis until it is resolved with copies forwarded to the Program Specialist (SCAN).
- L. When the SCAN Report is closed and the SCAN Closure Notification form is completed, the Principal will forward the official SCAN file to the BIE SCAN Office which serves as the official repository for SCAN files. The official file should include but is not limited to:
1. SCAN report (pages 1-5);
 2. Request for Review Memorandum to Law Enforcement Services (if utilized);
 3. Notification to Alleged Offender;

4. Follow-up Letter to Law Enforcement (if utilized);
5. SCAN Closure Notification;
6. Any direction received from local law enforcement and/or child protective services as a result of the submission of the SCAN Report;
7. Copies of fax transmittals and receipts;
8. Information obtained or developed by the AIT; and
9. Victim/Witness/Alleged Offender's statements, etc.

6.2 SCAN Reports involving a non-TRS Employee

1. When a SCAN case is identified, all precise and pertinent information regarding the case will be obtained by the employee who made the initial contact with the child -- this employee is therefore deemed the designated mandatory reporter. The employee, working with their Principal will ensure that pages 1 through 4 of the SCAN Report are completed thoroughly.
2. The Principal and Mandated Reporter will:
 1. Notify Local Law Enforcement *within one hour* of the mandatory reporter completing pages 1 through 4 of the SCAN form. The Principal must ensure page 5 (Tracking Notification) of the SCAN Report is thoroughly completed and clearly indicates contact information at law enforcement -- the name of the person contacted, their title, telephone number and the dates these occurred.
 - a. Notification must be initiated verbally and followed-up in writing by faxing pages 1 through 5 of the SCAN Report utilizing the designated SCAN FAX Cover Sheet (Appendix H). It must be confirmed that the fax number is correct and the intended recipient is available to receive the facsimile transmission.
 2. Notify Child Protective Services *within one hour* of the mandatory reporter completing pages 1 through 4 of the SCAN Report. The Principal must ensure page 5 of the SCAN Report is thoroughly completed and clearly indicates the specific Child Protective agency contacted -- the name of the person contacted, their title, telephone number, and the dates these occurred.
 - a. Notification must be initiated verbally and followed-up in writing by faxing pages 1 through 4 of the SCAN Report utilizing the designated SCAN FAX Cover Sheet (Appendix H). It must be confirmed that the fax number is correct and the intended recipient is available to receive the facsimile transmission.
 3. Notify the Program Specialist (SCAN) immediately by phone and submit a copy of the SCAN Report to the Program Specialist (SCAN) office for review the appropriate logging/tracking and who will take action, as necessary.
 4. Upon completion of all notifications, the Principal will ensure that the original SCAN Report is maintained in the official SCAN Report file at the school.

5. Follow-up for Non-Employees (Contractor/Consultants) - A copy of the report will be forwarded to the BIE Program Specialist (SCAN) for logging/tracking, further review and who will take appropriate action as necessary. Copies may be forwarded to the Contracting Officer for advice and consultation on appropriate administrative action required, if deemed necessary.

6.3. Employee Incident Reports

1. When an incident is identified, all precise and pertinent information regarding the case will be obtained by the employee who made the initial contact with the child and who has the information first-hand - the employee is therefore deemed the designated mandatory reporter. The employee, working with the Principal will ensure that the Employee Incident Report Form (*Appendix E*) is completed thoroughly.
2. The Principal will notify the BIE Program Specialist (SCAN) immediately & submit a copy of the SCAN Report for review, the appropriate logging/tracking and follow-up take action as necessary.
3. The Principal will issue Notification to Alleged Offender (*Appendix I*) to an employee against whom an Incident was raised; the written notification addresses the allegation and the resulting actions to occur. It further includes the date of the Employee Incident Report, the type of incident alleged, a brief summary of the allegation, the resulting actions and the role of the Principal.
 - The resulting actions refer to the mandatory segregation, expected duration of administrative leave, if warranted, the possibility that the Employee Incident Report may result in action that may impact their employment status and/or their suitability to work with children. The employee will sign a receipt page to document that they were informed of the notification of the Employee Incident Report. A copy of this notification will be provided to the BIE Program Specialist (SCAN) for filing.
4. Principal will coordinate with the human resources officer for advice and consultation on appropriate administrative action required. A copy of the recommendations will be forwarded to the BIE Program Specialist (SCAN) for review and take appropriate action as necessary.
5. If the Principal determines the allegations are unsubstantiated, the employee will be returned to duty after consultation with human resources and BIE Program Specialist (SCAN). However, administrative action may be required for employee misconduct, if warranted. Additionally, the employee's conduct although it may not have risen to the level of a violation of law may still have impact on the individual's suitability.
6. The Principal will issue a Notification of Closure to Alleged Offender (*Appendix J*) to the employee against whom an Employee Incident allegation was raised after the appropriate intervention. The notification will be issued in person so the contents of the notification can be reviewed with the employee. The employee will sign a

receipt page to document that they were informed of the closure of the Employee Incident Report. The signature receipt along with a copy of the notification will be included in the official Employee Incident Report file and forwarded to the BIE Program Specialist (SCAN). This final action closes the Employee Incident Report. If administrative or proactive action is proposed or corrective action is required that affects the employee, it is the responsibility of the Principal to ensure these action(s) are carried out.

7. When the Employee Incident Report is closed and the closure notification completed, the Principal will forward the official file to the BIE SCAN Office which serves as the official repository for Incident files. The official file should include but is not limited to:
 - A. Employee Incident Report Form
 - B. Notification to Alleged Offender
 - C. Closure Notification
 - D. Copies of fax transmittals and receipts
 - E. Victim/Witness/Alleged Offender's statements, etc.

6.4 Non-TRS Employee Incident Reports

The Principal will establish an official file for the Incident Report. The Principal will take appropriate action for all students, volunteers, or others that were alleged to have been involved in an Incident. All documentation must be made a permanent part of the official file. The Incident Report will remain open until resolution is made and documented.

CHAPTER 7 TRAINING

7.0 Introduction. Training will be conducted on a regularly scheduled basis to ensure child protection procedures are implemented properly and all employees understand their responsibilities as Mandated Reporters.

7.1 Awareness Training. Every TRS employee will receive Notification of Responsibilities Form (Appendix C) advising them of the requirements of their positions to include child abuse or suspected child abuse reporting, Mandated Reporting responsibilities, the penalties for non-reporting, etc.

7.2 Mandated Reporters. All TRS employees whose positions have been designated as a Mandated Reporter must attend a re-orientation on the requirements of this designation upon hiring and annually thereafter, preferably at the beginning of each school year. Attendance is mandatory and will be documented through employee signature of attendance rosters and through certificates that will be issued to attendees. The documentation of attendance will be maintained by the Principal. If an employee refuses to attend such training, the appropriate corrective action will be taken.

7.3 Supervisory Positions. All TRS school supervisors must attend trainings pertaining to Mandated Reporters requirements and responsibilities of supervisors to include the proper completion of SCAN Reports and the follow-up procedures upon hire and annually thereafter, prior to each school year. Supervisors will then be qualified to administer trainings to their employees on Mandated Reporters requirements. Attendance is mandatory and will be documented through certificates that will be issued to attendees. Training and documentation will be maintained by the human resources official.

7.4 Administrative Inquiry Team. All individuals designated as Administrative Team members must attend annual AIT Training to receive information on the proper completion of SCAN Reports, follow-up and the development of proactive and corrective action recommendations. The AIT will then be responsible for providing ongoing training to the school board and Parent Action Committee (PAC) on an as-needed basis. Team members are prohibited from participating in AIT activities until they have successfully completed the training.

FORMS SHOULD BE OBTAINED FROM BIE/SCAN WEBSITE TO ENSURE USE OF MOST CURRENT FORMS.

In addition to the following guidelines, students should dress in a manner that takes into account the educational environment, safety, health and welfare for others. The following guidelines are provided to assist students, staff and parents in determining what “is” and what “is not” appropriate with respect to student attire. Failure to abide by the dress code may result in disciplinary action.

2. Clothing such as bare midriffs, halter-tops and spaghetti straps is unacceptable. See-through clothing is prohibited.
3. “Homie” T-shirts and other types of clothing that displays gang-style pictures, cookies, slogans or symbols are prohibited (i.e. “8-Ball,” “South Side,” “Low Rider”).

Section 10.06 Attendance

Students are required by White Mountain Apache Tribal law to attend school. It is important that students attend school every day. It is difficult to teach students and it is difficult for students to learn unless the student attends school regularly. If a student is sick, has a death in the family, must attend a religious ceremony or has another legitimate excuse that keeps the student from attending school, the student must do the following:

1. On the day of the absence call in to the School before 9:00 a.m. to report the absence.
2. On the day following any absence, and at the beginning of the school day, bring and deliver to the student's teacher(s) a note from and signed by the student's parent, guardian, performing medicine man or doctor which explains the reasons for the student's absence. If the note is sufficient and establishes a legitimate excuse for the absence as defined herein, the absence will be "excused" and the student will be allowed to make up their school work.
3. Immediately upon returning from an excused absence, the student must ask the student's teacher(s) for any missed assignments and makeup work. The student must then promptly complete and turn in any missed work or assignments so they are not behind.

Excessive student absenteeism will result in: (a) parent notification; (b) retention; and (c) referral to tribal Child Protection Services.

Students are required to be in school a minimum of one hundred sixty (160) days per school year. There are approximately one hundred eighty (180) days of school in a school year. Students with perfect attendance at the end of each quarter are honored. All students are required to attend classes when school is in session. A student who misses five (5) days of school will be visited by the Registrar at home. If the student misses ten (10) days, then a parent conference will be held for a follow up on the student. After fifteen (15) days of absences, a warning letter will be sent to the parents regarding a student's absences. A student with more than twenty (20)

days absences may be dropped by the School. A student with ten (10) consecutive days of absence from the dormitory will be dropped from the dormitory.

Section 10.07 Grading

Students shall receive grades based upon a four (4) point scale as follows:

A	=	Excellent	=	4
B	=	Above Average	=	3
C	=	Average	=	2
D	=	Below Average	=	1
F	=	Failing	=	0

Commented [GH7]: To be reviewed after comparison to NACIS

An "I" may be given to indicate incomplete work. The makeup work must be completed within two (2) weeks or the "I" converts to a "F."

Section 10.08 Report Cards

Progress reports will be issued halfway into each nine-week quarter to give interim grades and notification of missing assignments. Report cards are issued at the end of every nine week quarter. Parent/teacher conferences are scheduled to coincide with the first and third nine-week quarters and parents/guardians will receive their child's report card at these conferences. The second and fourth nine-week quarter report cards and the progress reports will be mailed to parents/guardians.

Section 10.09 Promotion or Retention; Intervention

So that each student has the opportunity for promotion, it is School policy to respond promptly and effectively as follows through intervention to address unsatisfactory student performance:

1. When a teacher determines a student is at risk for retention, the teacher will request intervention team involvement. The intervention team will include all teachers who are involved with the student, the academic coach, if available, and the Principal. The student's parents or guardian will be notified at the time the intervention team is appointed and invited to participate as team member(s).
2. The intervention team will promptly develop an intervention plan. The plan will contain documented strategies to support the student and remedy the potential barriers to student success. A copy of the plan will be provided to the parents or guardian.
3. The intervention team will monitor the student's performance and consider additional measures or modifications to the intervention plan based on the student performance. The team will meet as often as necessary and provide regular updates to the parents or guardian.

4. By the start of the fourth quarter the intervention team will seek to reach a decision by consensus whether the student is on track for eligibility for promotion. If circumstances do not allow a consensus decision by that date, the team will try to reach a decision as soon as reasonable possible. Notwithstanding any other provision, if the intervention team is unable to reach a timely consensus decision, or if intervention is not feasible, the Principal shall make the final decision about promotion or retention.

Section 10.10 Selection of Valedictorian and Salutatorian

The selection of an eighth grade valedictorian and salutatorian shall be made as follows:

1. A student's grade point average (GPA), over the past three (3) academic years, shall be the determinative factor in the selection of a valedictorian and salutatorian. The student(s) with the highest GPAs will be the selected valedictorian and salutatorian, respectively, if they meet the other conditions set forth herein and if they have no disqualifying behavior or history.
2. A 4.0 GPA on a four-point scale is the minimum GPA for consideration for being selected valedictorian and/or salutatorian. In the event of a tie between two qualifying students, there will be co-valedictorians or co-salutatorians, as the case may be. If no student meets the minimum GPA, the qualifying student with the next highest GPA will be selected as the valedictorian, and the student with the next highest GPA after the valedictorian will be selected as the salutatorian.
3. To be considered, a student must have completed the last full academic year (eighth grade) at the School. The students' GPA for the past three (3) years (sixth, seventh and eighth grade), whether earned at the School or a prior school, will be used to compute the GPA that is to be used in the selection pursuant to this policy.
4. To be eligible for consideration for valedictorian and salutatorian, a student must have no significant disciplinary history and must have met minimum attendance requirements at the school the student attended over the above-described three (3) year period.
5. The valedictorian and salutatorian shall be selected by the School Principal based upon the above factors. The decision of the Principal is final.

Section 10.11 AWOL STUDENT (Absent Without Leave)

If a student leaves the campus without permission, the School will attempt to notify the student's parents. After the notification or attempted notification of the student's parents, the School will request assistance in locating the student from search and rescue teams and law enforcement agencies. Students who have been AWOL are subject to disciplinary action as set forth herein or as determined by the administration.

Section 10.12 Safety

Students will obey all safety signs and rules posted on and around school campus. Students assigned to kitchen or multi-purpose building duty will adhere to instructions and rules set forth by the staff who work there. Students who handle food will be trained by the kitchen staff and must have a food handler's permit.

Section 10.13 Bus Safety and Rules

At any time when the School provides transportation to the students, students shall:

1. Be ready to board the bus on time.
2. Stand twelve (12) feet away from the road where the bus stops.
3. Wait until the bus comes to a complete stop to board the bus.
4. Assist in keeping the bus safe and clean at all times.
5. Never stick hands, arms, or any part of the body out of the windows.
6. Never experiment or tamper with bus or any of its equipment.
7. Keep personal possessions out of the aisle.
8. Never throw anything in the bus or out the window.
9. Remain in seats until the bus comes to a complete stop and not engage in disorderly behavior and obscene language. Students may be assigned seats if they misbehave or it is otherwise necessary.
10. Be courteous to fellow pupils and bus drivers.
11. Not smoke or chew tobacco in a school bus.
12. Not damage a bus. Damage by a student to the bus will be paid for by the student and/or the student's parents.
13. Students are to ride their assigned bus to and from the School every day. A student will be excused from riding the bus **only** if the student provides and turns in to the School office by 12:00 p.m. for full-days or by 10:00 a.m. on half-days, a written note from the student's parent requesting that the student be excused from riding the bus that day and providing a reason for the change. Each note must be written, signed and dated by the parent.
14. It is the parent's responsibility to promptly pick-up their students at bus drop-off sites. Buses will not remain at drop-off sites after students have disembarked from the bus. Bus drivers are required by school policy to drop off students at designated sites only and to leave the drop-off site immediately after the students disembark from the bus. These rules apply for regular bus runs and activity runs.

Activity bus runs (bus service associated with a school extra-curricular activity) will be conducted pursuant to the above noted policy. A block time (range of time) will be established for each activity bus service and publicized. It shall be

the parent's responsibility to become informed of this block time (either by calling the School, or otherwise obtaining the times) and to be at the site during that range of time. If the bus should be late, it is the parent's responsibility to wait for its arrival. In climate weather and other conditions may make it impossible to arrive at the site at the scheduled time. If parents fail to pick-up their students at the site at the appropriate time, two (2) times within the school year, the student will be dropped from the activity.

It remains the parent's responsibility to insure that their student/child is picked-up at the time that the student disembarks from the bus. It is impossible for the School to adjust for each individual student; therefore, school bus drivers are under orders to drop-off students at the designated points at the designated times and proceed with their duties. To reiterate, it is then the parent's responsibility to pick-up their child/student at that point, at that time.

The standards of this Section apply to all students for transportation on a School bus or other School vehicle.

Section 10.14 Property Damage

Any damage to School property by a student will be the responsibility of the student and the student's parent. The student and parent shall pay for any replacement and/or repair costs. Any such damage shall be paid within ninety (90) days of notice to the parent of the damage and amounts. If payments are not received within the above-stated ninety (90) day period, the student will not be allowed to return to school and transportation will not be provided until the debt is cleared. Disciplinary action will apply to incidents of property damage. Law enforcement will be notified.

Section 10.15 Personal Items

Section 10.16 Students are not permitted to bring personal items to school. Cafeteria

Students must be academically eligible to participate in extracurricular activities and school-related/off-campus activities. Students who participate in extracurricular sport are required to sign a Student Athlete Contract in the form and content as shown in Appendix X-A.

The School has a Student Council. The Student Council gives students an opportunity to organize in a meaningful and effective way. The purpose of the Student Council is to create good relationships between the members of the student body, staff, administration and the community and to teach leadership and develop pride in the School. Students are encouraged to support and participate in the Student Council and its activities.

Students wishing to form a club which the School does not have must apply for a charter with the Student Council and Administration. Membership in clubs and organizations is open to all students. All students are encouraged to join School clubs and organizations. All clubs are organized and chartered at the beginning of the School year.

Section 10.18 Sports Banquets

1. The School will sponsor three (3) seasonal sports banquets in the fall, winter and spring of each school year. These banquets will be held to honor and present awards to participants in the activities during that period of time.
2. Any other such recognition events (including, but not limited to, meals and awards ceremonies) will be independent of the School and will not be sanctioned, authorized or funded by the School, the School's Athletic Club or Athletic Club funds; and, the School, Athletic Club or Athletic Club funds will not be responsible for any costs, responsibilities or liabilities, including, but not limited to, travel, organization, supervision or funding.

Section 10.19 Students With Disabilities/Section 504 of the Rehabilitation Act of 1973

The School will provide facilities for students with disabilities pursuant to Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, et seq. Said facilities may only be utilized by students with disabilities as set forth in Section 504.

Section 10.20 Health Policies

A. General. Comprehensive health care remains the responsibility of the student's parent(s) and/or guardian(s). Students may be referred to the Clinic.

The School does not assume responsibility for treating any student who appears to be under the influence of any drug, chemical, alcohol or any other intoxicating substance. However, it reserves the right to administer emergency first aid treatment in the above circumstances.

If a student suffers a serious injury or illness during the school day, the School will call for an ambulance. If the injury or illness does not warrant immediate medical care, the student's parents will be contacted to pick up their child to get medical care. In the event the parent or guardian is not available, the School may transport the student to the hospital.

B. Harm or Threat to Self. If a staff member believes, or a student reports to a staff member that a student may be depressed or may do harm to himself/herself or has threatened to do harm to himself/herself, the staff member shall immediately contact the IHS health psychiatrist in the counseling department of IHS at telephone number (520) 697-3211 and shall thereafter immediately contact the supervisor on duty and the Principal. In such situations, the School will undertake immediate intervention and make immediate referral for assistance.

C. Medication. If a student is placed on a special medication by a licensed physician or Public Health Service, the medication will be kept in a locked cabinet in a designated area. Medication will be dispensed by qualified personnel to the students in accordance with the directions given by the treating physician.

D. Dental. When a student complains of a toothache, he/she will be taken home. Dental clinics only allow the parent(s) or legal guardian(s) to authorize treatment for children.

Section 10.21 Grooming/Personal Hygiene

1. Acceptable personal hygiene (shower, brush teeth, etc.) is the student's responsibility.

Any student with hair lice or nits must notify the School. The School may provide special shampoo and may require other treatment as a condition of allowing the student to remain in school. For severe conditions the School may require that the student remain out of school until the condition is corrected.

3. Self-mutilation (tattoos, excessive body piercing, rub-scratching into skin with erasers, fingernails or others), or assisting, encouraging or performing such acts on or by other students, is prohibited and will subject the student to discipline.

4. It is each student's responsibility to inform the teacher or Principal of illness/injury.

Section 10.22 Social Interaction

Students are expected to behave and conduct themselves in an appropriate manner on campus and in public. Inappropriate behavior, such as cursing, throwing hand gestures, and indecent or excessive displays of affection (petting, kissing), are prohibited. School staff is expected to counsel students who are not adhering to these rules.

For information, a clanship chart will be displayed to inform all students and staff of the clan system.

Section 10.23 Prohibition of Harassment, Intimidation and Bullying

A. Purpose

The Board prohibits acts of harassment, intimidation or bullying.

A safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment; and since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

B. Definition of Harassment, Intimidation or Bullying

"Harassment, intimidation or bullying" means any gesture or written, verbal or physical act that takes place on school property, at any school-sponsored function or on a school bus. The term also includes any posting on social media by a student that targets another student of the School. The term is further defined by the following:

1. It is motivated by:
 - a. Any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or,
 - b. Any other distinguishing characteristic; or,

2. And it is conduct which:
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to his person or damage to his property; or
 - b. Has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school or the students' health, safety and welfare.

C. Expected Behavior

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents/guardians, staff and community members, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school and community property on the part of students, staff and community members.

The Board believes that the best discipline is self-imposed, and that it is the responsibility of staff to use disciplinary situations as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students' abilities to grow in self-discipline.

D. Discipline

In determining the appropriate response to students who commit one or more acts of harassment, intimidation or bullying, several factors will be considered including, but not limited to, the developmental and maturity levels of the parties involved, the levels of harm, the surrounding circumstances, the nature of the behaviors, past incidences or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Concluding whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. It is only after meaningful consideration of these factors that an appropriate consequence should be determined, consistent with the case law, Federal and White Mountain Apache law and custom, regulations and policies, and school policies and procedures. Consequences and appropriate remedial action for students who commit acts of harassment, intimidation or bullying may range from positive behavioral interventions up to and including suspension or expulsion.

All other members of the school community, including students, parents, volunteers and visitors, are encouraged to report any act that may be a violation of this policy. While submission of a written report is not required, the reporting party is encouraged to do so. Oral reports also shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The Principal and/or the Principal’s designee is responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the Principal and/or the Principal’s designee shall conduct a prompt, thorough and complete investigation of the alleged incident.

H. Response to Allegations

Some acts of harassment, intimidation or bullying may be isolated incidents requiring that the school respond appropriately to the individuals committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response either at the classroom, school building or school level or by law enforcement officials.

Consequences and appropriate remedial actions for students who commit an act of harassment, intimidation or bullying range from positive behavioral interventions up to and including suspension or expulsion.

In considering whether a response beyond the individual level is appropriate, the Principal or the Principal’s designee will consider several factors including, but not limited to, the nature and circumstances of the act, the level of harm, the nature of the behavior, past incidences or past or

continuing patterns of behavior, and the context in which the alleged incident(s) occurred.

Prohibition Against Retaliation

The school prohibits reprisal or retaliation against any person who reports an act of harassment, intimidation or bullying. Students shall be assured that they need not endure any form of sexual behavior or communication. They shall further be assured that they need not endure, for any reason, any harassment which impairs the educational environment or a student's emotional well being at school.

Any student who engages in the sexual harassment of anyone at school or a school-related activity shall be subject to disciplinary action, which may include suspension and/or expulsion.

Students are informed that they should immediately report any incidents to either teacher, the Principal or their designee if they feel they are being harassed. Any student, or parent on behalf of the student, who feels that he/she is being sexually harassed may pursue the complaint in an informal process or may file a formal complaint with the School. Within 24 hours, staff shall report complaints of sexual harassment to the Principal or his/her designee who will immediately log the complaint. Staff shall similarly report any such incidents they may observe even if the harassed student has not complained.

The Principal, or designee, shall immediately investigate any report of the sexual harassment of a student. If a more extensive investigation is necessary, the School may utilize an outside investigator who shall serve as a fact-finder. Upon verifying that sexual harassment occurred, the School Principal shall ensure that appropriate action is promptly taken to end the harassment, address its effects on the person subjected to the harassment, and prevent any further instances of harassment. In addition, the student may file a formal complaint with the Principal, or designee, in accordance with the School's procedures. See Section 6.11.C.

The School prohibits retaliatory behavior against any complainant or any participant in the complaint process. Information related to a complaint of sexual harassment shall be kept confidential to the extent possible, within legal constraints, and individuals involved in the investigation of such a complaint shall not discuss related information outside the investigation process.

A. Definition. Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature when:

This responsibility includes discussing the School's sexual harassment policy with his/her students and/or employees and assuring them that they are not required to endure sexually insulting, degrading or exploitative treatment or any other form of sexual harassment.

B. Responsibility.

3. Private, personal, consensual conduct may at some point become unwelcome. Any student advised that a fellow student now believes certain conduct to be unwelcome shall cease such conduct immediately. Any conduct of a sexual nature following such notice may be determined to be sexual harassment. Section 10.30 Student Discipline

Appropriate behavior is a necessary prerequisite to learning. Therefore, each student must conduct himself/herself properly and in accordance with school rules, regulations, and policies at all times. Each employee of the School is responsible for helping to enforce proper student conduct.

Cooperation between parent(s), legal guardian(s) (hereinafter “parents”) and the School is essential to positive, effective student discipline. To facilitate and further this cooperation, the School will:

- ◆ Inform parents of situations that may be developing prior to the need for disciplinary action whenever possible.
- ◆ Develop and distribute to parents clearly-stated discipline policies, rules, and regulations.

Students must accept responsibility for their conduct. The School will assist parents whenever possible by recommending services and agencies that may be of assistance in correcting unacceptable student behavior. However, ultimately parents must assume the responsibility for the conduct of their children.

The following infractions are considered unacceptable and a cause for disciplinary action. The following infractions are broad in scope and call for the administration and/or Board to exercise discretion (within the law and policies) based upon the facts and circumstances of individual cases in terms of what appears best for the students and School. Section 10.31 Permissible Penalties

The range of penalties that may be imposed for violations of student discipline rules include, but are not limited to, the following:

1. Verbal warning
2. Written warning/notification to parents
3. In-school suspension (length contingent on infraction)
4. Out-of-school short-term suspension (not to exceed ten (10) days)
5. Long-term suspension (greater than ten (10) days)
6. Expulsion

Loss of privileges will accompany written warnings/notifications and infractions warranting higher penalties. A non-inclusive list of privileges that may be revoked are: sports activities, trips, Student Council, clubs, other School activities, social contact and other extracurricular activities.

Depending upon the nature of the violation, student discipline may be progressive, i.e., a student's first violation could merit a lighter penalty than the subsequent violations. A School employee should take into account all other relevant factors in determining an appropriate penalty, including, but not limited to, the following: the seriousness of the offense, the number of violations, the repetitiousness of the violations, and whether there are any aggravating or mitigating circumstances surrounding the violations. Penalties may be imposed either alone or in combination. For example, a student may receive a written warning and a short-term suspension.

Section 10.32 Imposition of Discipline

Any staff person with responsibility to supervise students may impose the discipline described in Category 1 of Policy 9.30. Supervisors may impose discipline described in Category 2 of Policy 9.30. Only the Principal, Principal's designee, the Principal or the Principal's designee may impose Categories 3 and 4 discipline. Only the Principal or designee may impose Category 5 discipline as set forth in Policy 9.30. Only the Board, upon recommendation of the Principal, may impose expulsion as described in Category 6 of Policy 9.30. Principal Reports of lesser disciplinary action imposed by other staff persons will be forwarded to the Principal or designee.

Section 10.33 General Due Process Rights

- A. Student Discipline That Does Not Involve Suspension and/or Expulsion

1. For minor disciplinary offenses where the penalty is less than a suspension or expulsion, the accused student has the right to an oral or written notice (at the discretion of the School) of the reasons for the discipline to be imposed. The student has a right to meet with the Principal and/or his/her designee to discuss the student's position on the discipline and the circumstances surrounding the discipline.
2. After the student has had an informal opportunity to discuss the matter with the Principal and/or his/her designee, the discipline will be imposed. The decision of the Principal and/or his/her designee is final.
3. The discipline shall be recorded in the student's file.
4. The intention of this section is to allow the accused student an informal opportunity to be heard before discipline is actually imposed on the student. Where appropriate, necessary or due to exigent circumstances, discipline may be imposed prior to an informal opportunity to be heard or reviewed by the Principal. In such exigent situations, the student will, shortly after the imposition of the penalty, be given an opportunity for an informal review with the Principal and an opportunity to be heard.

B. Discipline Which Involves Short-Term Suspension of 10 Days or Less

1. If the intended discipline to be imposed against a student involves a short-term suspension of ten (10) days or less, the student shall receive written notice of the intended discipline before imposition unless Policy 9.32(E) is invoked. A student may, within three (3) school days of the written notice appeal the intended discipline to the Principal. If no appeal request is received in the Principal's office during that time period, the intended discipline will be imposed at the School's discretion and at a time established by the School. If an appeal is made within the required time, the Principal or Principal's designee will hold an informal meeting with the student within five (5) school days of the notice of appeal. The date, time and place of the meeting shall be at the discretion of the Principal or Principal's designee. At this informal meeting, students shall be allowed to present his/her position on the matter and the Principal will review the student's record and any and all pertinent information, including, but not limited to, statements or positions of all known parties pertaining to the reasons surrounding the discipline. The student has the right to have present at the hearing the student's parents or guardians, or designee, and to be represented by lay or legal counsel of the student's choice. Private attorney fees are to be borne by the student. The student shall also have the right to produce and have produced witnesses on the student's behalf and to confront and examine all witnesses. The Principal or Principal's designee shall within three (3) school days of the informal meeting issue

his/her written findings and conclusions on the matter. The Principal may: (a) modify or dismiss the proposed disciplinary action or (b) impose the proposed disciplinary action. The decision of the Principal shall be final.

C. Long-Term Suspension

When the intended discipline involves a long-term suspension of more than ten (10) days from the School, the accused student has a right to the following before discipline is imposed (unless an emergency suspension exists as set forth herein):

1. At least three (3) days prior to the time set for a formal hearing on the suspension, the School shall provide said student and/or his parents and/or legal guardians written notice of intent to impose long-term suspension. Notice shall be deemed given at the time the School deposits such notice in the U.S. mail to the parties' address of record on file at the School or, in the alternative and at the School's sole discretion, by actual delivery to the parties or to the parties' last known address. Said written notice shall consist of notice of the charges, including reference to the regulation allegedly violated, the facts alleged to constitute the violation, and copies of any and all pertinent documents or exhibits that the School intends to use at the suspension hearing.
2. Within five (5) days of mailing or delivering the notice of intent to impose long-term suspension, there shall be a hearing in front of the Principal or his/her designee. The staff member, or his/her designee, recommending the long-term suspension shall represent the School in presenting the School's case against the student. The student has a right to be represented by his/her parents or legal guardians or, at the student's and student's parent's or guardian's sole expense, to be represented by legal counsel or a legal advocate. The School may also be assisted by legal counsel. At the student's or student's parent's or legal guardian's request, and at the sole discretion of the School, said hearing may be delayed. The student, at the School's discretion and without a hearing, may be removed from the School during any such delay.
3. The hearing shall be tape recorded and a copy of the tape shall be retained for three (3) years following the close of that current school year.
4. The School, through the staff member or designee recommending said discipline, shall present all testimony and evidence, including witnesses and documentary evidence against the student. The student and/or his/her representative shall have a right to cross-examine each witness introduced by the School staff member.
5. After the School has presented its case, the student through his/her parent and/or legal guardian and/or his/her legal representative shall have a right to present witnesses and testimony and documentary evidence on the

student's behalf. The School through the staff member or designee shall have the right to cross-examine the student's witnesses.

6. The hearing will be confidential. All students' names and/or student witnesses that may testify at such a hearing shall be kept confidential. It is the intent of the School to maintain and protect the privacy of its students and student testimony will not be made public. Likewise, student's names and any public documents shall be referred to by a number or an alias so as to protect the confidentiality of the student.
7. If, after reviewing all the evidence and testimony, the Principal's decision is to impose a long-term suspension, the Principal shall make his/her decision in writing and provide findings of facts and reasons for his/her decision. The decision of the Principal is final.

D. Expulsion

When the expulsion of a student from school is recommended, the following procedure shall be followed:

1. At least three (3) days prior to the time set for a formal hearing on the expulsion, the School shall provide said student and/or his parents and/or legal guardians written notice of intent to impose expulsion. Notice shall be deemed given at the time the School deposits such notice in the U.S. mail to the parties' address of record on file at the School or, in the alternative and at the School's sole discretion, by actual delivery to the parties or to the parties' last known address. Said written notice shall consist of notice of the charges, including reference to the regulation allegedly violated, the facts alleged to constitute the violation, and copies of any and all pertinent documents or exhibits that the School intends to use at the expulsion hearing.
2. Within five (5) days of mailing or delivering the notice of intent to impose expulsion, there shall be a hearing in front of the School Hearing Committee. The staff member, or his/her designee, recommending the expulsion shall represent the School in presenting the School's case against the student. The student has a right to be represented by his/her parents or legal guardians or, at the student's and student's parent's or guardian's sole expense, to be represented by legal counsel or a legal advocate. The School may also be assisted by legal counsel. At the student's or student's parent's or legal guardian's request, and at the sole discretion of the School, said hearing may be delayed. The student, at the School's discretion and without a hearing, may be removed from the School during any such delay.
3. The hearing shall be recorded and a copy of the recording shall be retained for three (3) years following the close of that current school year.

4. The School, through the staff member or designee recommending said expulsion, shall present all testimony and evidence, including witnesses and documentary evidence against the student. The student and/or his/her representative shall have a right to cross-examine each witness introduced by the School staff member.
5. After the School has presented its case, the student through his/her parent and/or legal guardian and/or his/her legal representative shall have a right to present witnesses and testimony and documentary evidence on the student's behalf. The School through the staff member or designee shall have the right to cross-examine the student's witnesses.
6. The hearing will be confidential. All students' names and/or student witnesses that may testify at such a hearing shall be kept confidential. It is the intent of the School to maintain and protect the privacy of its students and student testimony will not be made public. Likewise, student's names and any public documents shall be referred to by a number or an alias so as to protect the confidentiality of the student.
7. If after reviewing all the evidence and testimony the Hearing Committee's decision is to recommend expulsion, the Hearing Committee shall make its decision in writing and provide findings of fact and reasons for its decision.
8. The Hearing Committee's decision in writing must be submitted to the Principal within five (5) school days of the conclusion of the hearing. The Principal shall review the written decision and may do the following: (a) affirm the Hearing Committee's decision and refer to the Board; (b) reject the Hearing Committee's decision; (c) modify the Hearing Committee's decision and impose a lesser discipline on the student pursuant to the procedures for said lesser discipline. The Principal must make his/her determination within three (3) school days of receiving the Hearing Committee's decision.
9. If the Principal affirms the Hearing Committee's recommendation for expulsion, then the Principal's recommendation and the written decision of the Hearing Committee shall be delivered to the Board for consideration at its next scheduled meeting and mailed to the student and his/her parents and/or legal guardians. The mailing to the student and his/her parents/legal guardians shall include a statement setting forth the student's right to appeal this decision. This notice shall be mailed to the student and parents/legal guardians' address of record at the School and within three (3) school days of the Hearing Committee's submission of the decision to the Principal.
10. If the student chooses to appeal the recommendation for expulsion, the student may appeal the recommendation to the Board. Said appeal must

be in writing and delivered to the Board at the School office within five (5) days of the mailing of the Hearing Committee's recommendation on the long-term suspension or expulsion. The letter shall describe in detail the reasons for the objections to the Hearing Committee's recommendation.

11. Once the Board has received the recommendation and/or request for an appeal, the Board has a right to do the following:
 - a) Review the recommendation based upon the record presented and written documents presented at the hearing.
 - b) To hold a new hearing on the matter.
 - c) If after reviewing the record, or after holding a new hearing, the Board has a right to do the following:
 - i. The Board can affirm the Hearing Committee's recommendation and order the expulsion.
 - ii. The Board can reject the Hearing Committee's recommendation.
 - iii. The Board can modify the Hearing Committee's recommendation and impose a lesser discipline on the student.
12. The decision of the Board is final.
13. The Hearing Committee shall be composed of a panel of five (5) staff persons and two (2) alternates. The two (2) alternates may participate in the hearing; however, the decision shall be by majority vote of the five (5) designated panel members or of the five (5) members designated to hear this matter. At the beginning of each school year, supervisors shall recommend prospective panel members to the Principal. The panel member shall be appointed by the Principal at the beginning of the school year. The Principal shall also appoint the chairperson who shall preside or who shall designate another panel member to preside at the hearings and all meetings. After the selection of the Hearing Committee, the Hearing Committee shall meet at the beginning of the year to review its duties.

E. Emergency Suspension

In a situation where exigent circumstances require the immediate removal from campus of a student, the School may impose an immediate, emergency suspension of a student prior to a due process hearing as outlined above. The decision to execute an emergency suspension may be made by the Principal or his/her designee. Emergency removal of a student from the campus is justified where there is a serious, immediate, and continuing danger to the health, safety and welfare of the student or others on campus. Emergency removal of the student from campus is

not in and of itself considered disciplinary action, but simply a means to protect the health, safety and welfare of the student or others.

The student suspended in an emergency situation shall be readmitted to the School as soon as the emergency has passed. Additionally, the student suspended on an emergency basis has the right to a due process hearing on the suspension within 3 days of the emergency suspension. Which due process hearing applies depends upon the discipline being imposed as set forth above. If the discipline intended to be imposed is a suspension for 10 days or less, the suspension for 10 days or less discipline policy shall apply. If the discipline intended to be imposed is for more than 10 days, the long-term suspension policy will apply.

At the time of the emergency removal, the student must be immediately informed orally by the School staff of:

1. The precise rule alleged to have been violated;
2. The facts which constitute the violation;
3. The right to a formal disciplinary hearing within 3 days from the emergency suspension; and
4. The facts which justify the emergency removal.

This oral notification shall be reduced to writing and mailed to the student and his/her parents and/or legal guardian within 24 hours of the emergency suspension. A full written report of the details surrounding the emergency suspension shall be provided to the Principal within 24 hours of the incident.

F. Expungement

Allegations of misconduct and information pertaining to a student shall be expunged from a student's school record in the event it is found that the student did not commit the violations of laws, rules or policies as alleged.

Section 10.34 Discipline of Special Education Students

All disciplinary action relative to special education students must be taken pursuant to 34 C.F.R. §§ 300.519 through 300.529, references therein and amendments thereto. It shall be the duty of the lead Special Education teacher to review said CFRs in January of each year and to supplement and amend these attachments as necessary to maintain their currency.

It should be noted that in general, removal of a child with a disability from the child's current educational placement for more than ten (10) consecutive schooldays and/or a series of removals that constitute a pattern and cumulate to more than ten (10) schooldays in a school year constitute a change of placement. The procedures set forth in 34 C.F.R. §§ 300.519 through 300.529 must take place prior to the expiration of that time. It shall be the duty of the lead Special Education teacher to ensure that the appropriate procedures take place in a timely manner.

Special procedures for cases involving guns, dangerous weapons and controlled substances are set forth in the above-noted CFR provisions.

Section 10.35 Incident Report Procedures

B. Incident Report Process (Written Notice of Alleged Violation)

1. Incident reports are to be filled out by the person(s) who witness and/or report the violation(s).
2. A staff member who witnesses the violation is to inform the student of his/her misconduct and let the student know what rule is being violated.
3. All of the information required by the incident report form is to be filled out.
4. Signing of the incident report by the student is an acknowledgement of receipt of the report by the student and is not an admission of guilt. Students are to be told this.
5. If the student refuses to sign, the incident report should be signed by someone witnessing the fact that the student received the report and immediately process it on to the Principal.
6. It is recommended that statements be obtained from students, particularly the statements of the student or students charged, and especially in serious situations such as fighting.
7. If a student wishes to contest the facts on an incident report, the student has three (3) days to appeal the incident report to the Principal in writing.
8. It is the responsibility of the Principal or designee to review and evaluate the incident report with the student and determine if the incident report will be changed or stand as written. If the incident report stands, it will be processed to the Principal and student file. If the incident report is modified, the modified incident report will be processed to the Principal and student file. The decision of the Principal or designee is final.
9. A copy of the incident report will be distributed as follows:
 - a) Office/Principal (a copy goes into the student file folder)

- 15. The student or student's parents will be notified that they have the opportunity to appeal any disciplinary action that results from the incident by submitting a written appeal to the Principal.

C. Search and Seizure Policy

Students possess the right of privacy of person as well as freedom from unreasonable search and seizure of property guaranteed by the Fourth Amendment of the U.S. Constitution. This individual right, however, is balanced by the School's responsibility to protect the health, safety, and welfare of all of its students and staff.

The Principal or Vice-Principal may conduct searches when they have reason to suspect that the health, safety, and welfare of students or staff may be in danger, and will follow these guidelines:

1. General search of school property (including personal items found on school property) may be conducted at any time when there is reasonable cause for school employees to believe that something that jeopardizes the School, staff, or students' health, safety, welfare and mission, or violates a law or a school rule is on school property. This search of school property may be made without the student being present.

2. Illegal items (firearms, weapons, drugs, alcohol) or other possessions reasonably determined to be a threat to the safety, security of others, or might possibly interfere with school purpose, may be seized by school employees.
3. Items which are used to disrupt or interfere with the educational process may be temporarily removed from a student's possession.
4. A student's person may be searched by School employees when there is reasonable cause to believe that the student has on his/her person illegal items, items that may interfere with School purposes, or which may constitute evidence of the violation of a School rule.
5. The personal footlockers or luggage items of students are subject to search if there is reasonable cause to believe that lockers or luggage contain illegal items, items that interfere with school purposes, or evidence of the violation of a school rule.
- 6.

D. Student Interrogation – Arrest

While the student is within the care or custody of the School, it is the responsibility of the School to make an effort to act on behalf of the parents with respect to interrogation by law enforcement officials. A parent may and a school staff person will be present during these interrogations, except when interviews are conducted by a child protective service worker pursuant to A.R.S. § 8-224(B) or similar White Mountain Apache Tribe or federal statute.

When a student is taken into custody (arrested) the arresting officer shall be requested by the School to notify the student's parents or guardians. The arresting officer shall be responsible for the care and custody of the student and shall be responsible for reporting the arrest to the parents. However, the School personnel shall make every reasonable effort to ensure that parents have been notified of the fact that the student has been taken into custody. Personnel of the School shall cooperate with the police. When an arrest is formally made the School and its employees no longer exercise jurisdiction or control of the student.

E. Student Grievances

Any student who has a grievance with a school staff member, absent a disciplinary matter, shall raise his/her grievance with the School official most directly involved with the circumstances giving rise to the grievance. If such an informal resolution is unsuccessful, then the student shall make an appointment to see the Principal for resolution for the grievance. The decision of the Principal is final.

Grievance procedures may not be used by the student for disciplinary actions. Disciplinary procedures and appeals are addressed under Student Discipline.

Section 10.36 Removal From School/Dormitory Facilities

Before a student is removed from the School or dormitory facilities, the following must be done:

1. Notify parent(s) of emergency removal by home visit or such other reasonable means available and follow such notification with written notice as soon as practical.
2. If contact with parent(s) cannot be made, the student is not to be allowed to leave the School or dormitory facilities unless an alternative, appropriate placement is available.
3. If law enforcement or CPS is involved, the parent will be notified.

- U. No user shall access the Internet from the School access point using a non-School Internet account, except with written authorization. Be advised there can be no expectation of privacy for any Internet or other electronic communications system access on School facilities. All such use is subject to review by the School.
- V. No user shall commit or attempt to commit any wrongful act involving the use of the network which disrupts the operation of the network within the School or any network connected to the Internet including the use or attempted use or possession of computer viruses.
- W. No user shall use the electronic communication system for harassment or bullying, electronic or otherwise. Harassment/Bullying is defined as the persistent annoyance or disruption of another user, or the interference of another user's work. Harassment includes, but is not limited to, the sending of unwanted mail.

Section 11.03 Use is a Privilege

The use of the School's electronic information system is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges and further disciplinary action. The cancellation of this privilege may be appealed through the regular student appeal procedures for disciplinary actions less than a suspension and the staff appeal process for reprimands. Any staff member may recommend that the network administrator deny, revoke or suspend a specific student account. Any supervisor may recommend that the network administrator deny, revoke or suspend a specific staff member's account. The network administrator shall, prior to denial, revocation or suspension of an account, inform the Principal of the network administrator's intended action in writing and may only take such action upon the Principal's approval.

Section 11.04 Mandatory Internet Filters

The School, through the Network Administrator and Principal, will equip the electronic information system available to users with software that seeks to prevent minors from gaining access to materials that is “harmful to minors” or purchase Internet connectivity from an Internet service provider that provides filter services to limit access to material that is “harmful to minors.”

The Network Administrator shall research available software and Internet services to determine the software and/or service that will best serve the School’s and Users’ needs, taking into consideration effectiveness in filtering such material and cost to the School. The Network Administrator shall summarize his/her research of the alternatives and make recommendations of which software and/or services should be purchased. The summary and recommendations should be submitted annually in writing to the Principal prior to July 1. The Principal shall submit said report to the Governing Board for its decision regarding purchase of said software or services prior to each new school year. The standards and rules set forth in the School’s Electronic Information System policy shall be considered in selecting this software and/or service.

The term “harmful to minors” is defined as “That quality of description or representation, in whatever form, of nudity, sexual activity, sexual conduct, sexual excitement or sadomasochistic abuse when both: (a) to the average adult applying contemporary standards with respect to what is suitable to minors it both (i) appeals to the prurient interest when taken as a whole and (ii) portrays the description in a patently offensive way, and (b) taken as a whole, does not have serious literary, artistic, political or scientific value for minors.”

The above described filters and filtering services cannot guarantee that a User will not encounter material that may be deemed offensive or harmful. A User, and where appropriate a User’s parent/guardian, must be aware of this continuing possibility of encountering offensive or harmful material through the School’s electronic information system. The continuing possibility of encountering offensive or harmful material via the electronic information system should be considered when applying for the privilege of using the electronic information system, when authorizing such use for one’s child or ward, and when using the electronic information system.

Section 11.05 No Warranties

The School makes no warranties of any kind, express or implied, relative to the service it is providing through its electronic information system. The School will not be responsible for any damage a user suffers. This includes, but is not limited to, loss of data resulting from delays, non-deliveries, misdeliveries, or service interruptions whether caused by the School’s negligence or by the user’s errors or omissions. Use of any information obtained via the electronic information system is at the user’s own risk. The School specifically denies any responsibility for the accuracy or quality of information obtained through the electronic information system. All users must consider the source of any information they obtain and consider the validity of that information. Not all information obtained via the electronic information system is accurate or reliable, particularly where the advice of medical or legal or accounting or other professionals would be appropriate. Users are advised not to rely on advice found on the electronic information system. The School is not responsible for such advice.

Opinions, advice, services, and all other information expressed on the electronic information system are those of the on-line authors and not of the School.

The School does not guarantee or imply that access to the electronic information system will always be available when users want access or that the software provided by the School will always work as intended. The School is not responsible for failures in the operation or technical functioning of the electronic information system, computers or software used to access the system.

Section 11.06 Web Publishing and Social Media Policies.

- A. General statement of policy. It is clear that there are significant risks, as well as significant advantages, involved with allowing students to be identified on the Internet. Therefore, students should not be easily identifiable from materials they might publish on the Internet. No directory information should be posted on the Web for students whose parents have returned the form asking that such information not be released.
- B. Rules for Web publishing.
 - 1. Only a student's first name shall be used in any student published work.
 - 2. Pictures that are a part of student publishing shall not include identifying information.
 - 3. Under no circumstances may students' home address or phone number be included in any publication.
 - 4. If replies to published student work are appropriate, the sponsoring teacher's address should be the e-mail address displayed, not the student's.
 - 5. No student's name or picture will be published unless a parent/guardian has signed a release allowing publication. A separate release must be obtained for each publication.
- C. Closed forum. The School's Web site is a closed forum.
 - 1. Any Web site created by the School shall be a closed forum for School use only to transmit information to the public. All Web pages created by staff, students and student organizations on the School's computer system will be subject to treatment as School sponsored publications. Accordingly, the School reserves the right to exercise editorial control over such publications. In addition to editorial control, staff and student work published on the Web must meet standards of spelling, grammar, adequate research and other qualitative measures.
- D. Links to third party sites.

1. Any links to the School's Web site must be approved in writing by the network administrator and Principal.
2. Links to areas allow you to leave the School site. The link to sites are not under the control of the School, and the School is not responsible for the contents of any link sites or any link contained in a link site, or any changes or updates to said sites. The School is providing these links to you only as a convenience, and the inclusion of any link does not imply endorsement of the site by the School.

Section 11.07 Network Etiquette and Privacy

You are expected to abide by the generally accepted rules of network etiquette. Failure to do so may result in loss of your electronic information system privilege and/or disciplinary action. The rules of network etiquette and privacy include, but are not limited to, the following:

- A. **BE POLITE.** Never send, or encourage others to send, abusive messages.
- B. **USE APPROPRIATE LANGUAGE.** Remember that you are a representative of our School on a non-private system. You may be alone with your computer, but what you say and do can be viewed worldwide. - E. **DISRUPTIONS.** Do not use the network in any way that would disrupt the use of the network by others.
- F. **OTHER CONSIDERATIONS.**
 1. Check for spelling errors and make sure your message is easy to understand and read.
 2. Use accurate and descriptive titles for your articles. Tell people what an article is about before they read it.
 3. Send your messages to only the most appropriate audience, not to "everyone."

4. Remember that humor and satire is very often misinterpreted and may not be funny to some people.
5. If you post to multiple groups, specify all groups in a single message.
6. Cite references for any facts you present.
7. Forgive the spelling and grammar errors of others.
8. Remember that all network users are human beings. Do not attack.
9. Post only to groups you know.

Section 11.08 Personal Social Media Use

Social media can be a good outlet to exchange ideas and communicate with others. The School encourages the respectful and positive use of social media to enrich student lives and to promote understanding of other viewpoints. However, the School cautions against any form of social media activity that may be harmful to any person. For that reason, although the Internet Policy does not prohibit personal social media use on the internet by employees acting outside the scope of employment, or by students outside of school, even personal social media use can lead to adverse consequences, if misused, and, therefore, is subject to the following conditions and guidelines:

- A. Personal internet and social media use must be done outside of work or school.
- B. The use or transmission of the School logo, School documents, or any information or images identifying School students is prohibited.
- C. The use of the School name for personal use or the use of a fake account in the name of the School is prohibited. Do not give the impression that the content of personal media use is authorized by the School.
- D. Remember that you are seen by others as a representative of the School, even in your personal activities. You are strongly encouraged to use respectful language and maintain appropriate content at all times.
- E. Be careful about what you disclose or share about yourself on social media. If you are uncomfortable with social media activity of others, report it.
- F. Ask permission before you post information about or images of other people.
- G. You are responsible for the truth of the statements you make and the consequences. Do not threaten or encourage harm to any person.
- H. Employees must not communicate with students using an employee's personal email address or allow students access to personal websites maintained by the

employee. Exceptions are recognized for students who are family members of the employee.

Appendix XI-B
THEODORE ROOSEVELT SCHOOL
USE OF COMPUTERS, THE INTERNET AND ELECTRONIC MAIL
AGREEMENT AND PERMISSION FORM

Theodore Roosevelt School (hereinafter “School”) is pleased to offer students and staff (hereinafter jointly referred to as “Users”) access to a computer network for electronic mail and the Internet. To gain access to e-mail and the Internet, all Users must sign this Agreement and students must obtain parental permission as verified by the signatures on the form below. Should a parent prefer that a student not have e-mail and Internet access, use of the computers is still possible for more traditional purposes such as word processing.

What is possible?

Access to e-mail and the Internet will enable staff and students to explore thousands of libraries, databases, museums and other repositories of information and to exchange personal communication with other Internet users around the world. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive. While the purposes of the School are to use Internet resources for constructive educational goals, Users may find ways to access other materials. We believe that the benefits to students from access to the Internet in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family’s right to decide whether or not to apply for access.

What is expected?

Users are responsible for appropriate behavior on the School’s computer network just as they are in their work, classroom or on a school playground. Communications on the network are often public in nature. General School rules for behavior and communications apply. It is expected that Users will comply with School standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked and further disciplinary action may be taken if abused. The User is personally responsible for his/her actions in accessing and utilizing the School’s computer resources. The Users are advised never to access, keep or send anything that they would not want their supervisors, parents or teachers to see.

General conditions for use

Privacy – Network storage areas may be treated like School lockers. Network Administrators may review communications to maintain system integrity and ensure that Users are using the system responsibly and within the School’s policies and guidelines.

Storage capacity – Users are expected to remain within allocated disk space and delete e-mail or other material which take up excessive storage space.

Illegal copying – Users should never download or install any commercial software, shareware or freeware onto network drives or disks, unless they have written permission from the Network Administrator. Nor should students copy other people's work or intrude into other people's files.

Inappropriate materials or language – No profane, abusive or impolite language should be used to communicate nor should materials be accessed which are not consistent with the rules of School behavior. A good rule to follow is never view, send or access materials which you would not want your supervisors, teachers and parents to see. Should Users encounter such material by accident, they should report it to the Network Administrator or their teacher immediately.

Rules for usage

The rules and guidelines to follow to prevent the loss of network privileges and/or disciplinary action are spelled out in the Electronic Information System/Internet and Social Use Policy. Those rules and guidelines include the following general rules for usage:

1. Do not use a computer to harm or bully other people or their work.
2. Do not damage the computer or the network in any way.
3. Do not interfere with the operation of the network by installing illegal software, shareware or freeware.
4. Do not violate copyright laws. Copyrighted material may not be placed on the system without the express permission of the author who must be credited for the material. Copyrighted material may be downloaded for a User's use only.
5. Do not view, send or display offensive messages or pictures.
6. Do not share your password with another person.
7. Do not waste limited resources such as disk space or printing capacity.
8. Do not trespass in another's folders, work or files.
9. Adhere to the rules of net etiquette set forth in the School's Internet Policy.
10. Read and adhere to the School's Internet Policy (the Electronic Information System/Internet and Social Use Policy) attached hereto.
11. Do not reveal your home address or personal telephone number or the addresses and telephone numbers of students, staff or colleagues.

12. Do notify an adult immediately if, by accident, you encounter materials which violate the Internet Policy or these rules for usage.

13. BE PREPARED to be held accountable for your actions and for the loss of privileges and disciplinary action if the terms of the Internet Policy or these rules for usage are violated.

The School has adopted the Uniform System of Financial Records for Arizona School Districts (hereinafter referred to as “USFR”). Therefore, all matters relative to property procurement, management and disbursement treated by the USFR are generally controlled by, and shall be in accordance with, the USFR, except as otherwise provided under this Manual and any applicable rules and regulations arising from the laws of the White Mountain Apache Tribe, the federal government and the School’s contractual grant status.

It should be noted that the School is not agreeing to be bound by or be subject to Arizona law but is merely adopting the system of financial records as contained in the USFR.

The following are additional policies applicable to this subject matter area. In the event of a conflict between the various sources of policy, the laws, rules and regulations of the White Mountain Apache Tribe and the United States government and those arising from the School’s contractual status shall control over the USFR and these enumerated policies, and the USFR controls over these enumerated policies unless the contrary is expressly noted in said policy. References to Arizona statutes are advisory only and are not enforceable against the School.

The current USFR and any amendments thereto should be consulted and followed regarding the proper form and procedure for requisitions, purchase orders, bidding procedures, inventory control, receiving and disbursements.

Section 12.02 Duty to be Informed of Rules and Regulations

The School Administration, department heads and all personnel performing under the policies and procedures of this Article shall familiarize themselves with the rules and regulations associated with the School’s funding contract, applicable rules and regulations of the White Mountain Apache Tribe and federal government and provisions and procedures found in the USFR. Said individuals shall comply with the above-noted rules and regulations, policies and procedures in performing their tasks and duties.

Section 12.03 Compliance With the Manual

Every procurement shall comply with the terms of the contractor grant which funds the procurement and the terms and conditions contained in this Manual. In all events, procurements shall comply with the requirements of 25 CFR 276 *et seq.*, Appendix A to 25 CFR 276, and OMB Circular A-102.

Section 12.04 Prohibited Contracts

Procurement contracts providing for an aggregate value based on cost plus a percentage of the costs are prohibited and may not be awarded. Time and materials contracts must be restricted to those circumstances when no other contract type is available, and such contracts must contain a clause which limits the aggregate value to a definite amount.

Section 12.05 Prohibited Purchases.

Personal items purchased by employees or others may not be delivered to the school's address. The School will not be held responsible in any way for any personal items delivered to the School.

Section 12.06 Procurement Records

Procurement records, including, but not limited to, solicitations, purchase orders, contracts, payment histories and records applicable of significant decisions must be retained for three (3) years after the School or School's agents, subcontractors or obligors make the final payment and all other pending matters are closed.

Section 12.07 Property Management Records

Property management records of real and personal property, as required herein, must be retained for three (3) years from the date of disposition, replacement, or transfer.

Section 12.08 Procurement Standards

- A. School employees with responsibilities for procurement shall ensure that the School's vendors, contractors and/or subcontractors perform in accordance with the terms, conditions and specifications of their contracts or purchase orders.
- B. General standards of conduct of School employees who award and administer contracts are as follows:
 - 1. No employee, officer, elected official or agent of the School shall participate in the selection, award or administration of a procurement if a conflict of interest, real or apparent, would be involved.
 - 2. An employee, officer, elected official or agent of the School is not allowed to solicit or accept gratuities, favors or anything of monetary value from contractors, potential contractors or parties to sub-agreements with the following exemption; a financial interest that is not substantial and that is disclosed to the School and waived by the School, a gift that is an unsolicited item of nominal value.
 - 3. A violation of these standards will be the basis for disciplinary action, up to and including termination.
- C. The School employees responsible for procurement shall review proposed procurements to avoid buying unnecessary or duplicative items to ensure the reasonableness of the price of items purchased. Consolidating or breaking up procurement to obtain more economical purchases should be considered. Where appropriate, leasing and purchasing alternatives should be compared to determine which is more economical.

- D. The School shall conduct all major procurement transactions by providing full and open competition, to the extent necessary, to assure efficient expenditure of funds and, to the extent feasible, in the local area.
- E. The School shall make procurement awards only to responsible entities who have the ability to perform successfully under the terms and conditions of the proposed procurement. In making this judgment, the School shall consider such matters as the contractor's integrity, its compliance with public policy, its record of past performance, and its financial and technical resources.
- F. The School shall maintain records on the significant history of all major procurement transactions. These records may include, but are not limited to, the rationale for the method of procurement, the selection of contract type, the contract selection or rejection, and the basis for the contract price.
- G. School employees shall use good administrative practice and sound business judgment for processing and settling all contractual and administrative issues arising out of the procurement. These issues include, but are not limited to, source evaluation, protests, disputes and claims.

Section 12.09 Contract Standards

- A. All contracts in which the school is a party shall, at a minimum:
 - 1. Be in writing;
 - 2. Identify the interested parties in the contract and their authority and/or agency;

 - 4. State the work to be performed under their contract; and
 - 5. State the terms and conditions of the contract, the time and manner of payments and the process for making any claims.
- B. All contracts should contain a provision informing the recipient that their award is funded with Indian Self-Determination Act funds and that the recipient is responsible for identifying and ensuring compliance with applicable federal laws, regulations, and Executive Orders.

Section 12.10 Purchasing Procedures for Purchases Less Than \$250,000

A. Purchase Orders

Purchase orders must be prepared for all School expenditures, including promotional items, but excepting salaries and related costs and otherwise documented travel expenditures. Blanket purchase orders may only be used as specifically set forth herein and in the USFR.

B. Definitions

1. **Aggregate Value:** The total cost or dollar value of a procurement contract.
2. **Procurement:** The process for the acquisition of goods and/or services.
3. **Purchase:** A purchase for the purpose of these policies and procedures is defined as the payment, with School funds, for any goods, services or other expense.
4. **Unauthorized Purchases:** An unauthorized purchase is any purchase which is not legally and appropriately approved within the School budget or by other School action allowed by these policies and procedures, or which does not substantially comply with these policies and procedures. The School may decline payment of any unauthorized purchase. The School assumes no responsibility for payment of unauthorized purchases, and any person initiating, causing, making or otherwise executing an unauthorized purchase is solely responsible for payment thereof. All authorized purchases shall be legally budgeted or approved within an appropriate fund account, or within the appropriate line item as approved by the School. Purchases which are not within the authorized budget, or otherwise not properly approved by the School, are unauthorized purchases.

C. Requisition Process

All purchases for or on behalf of the School or for which the School pays shall be done pursuant to requisition and this requisition process unless such purchase or procurement requires bidding.

The requisition process is as follows:

1. The requesting party shall:
 - a) Prepare a complete requisition pursuant to the School's Requisition Form and Instructions which may be obtained from the Business Manager. All information required by the requisition must be provided. An incomplete requisition shall be rejected and returned to the person submitting the requisition without approval.

- b) Sign and date the requisition and submit said requisition to the appropriate approving authority (principal, coordinator, supervisor, etc.) for that person's signature.
 - c) Submit the completed and fully executed requisition to the Accounting Technician for Procurement/Warehouse (hereinafter "Accounts Payable Technician").
2. The Accounts Payable Technician, under the supervision of the Business Manager shall:
- a) Verify that the items requested are not in Central Supply. If the items are in Central Supply, notify the requestor and initiate delivery of the items from Central Supply. The procedures in Section VI-D, Supplies, Inventory, as found in the USFR and amendments thereto, are then to be followed in processing the requisition and maintaining inventory control.
 - b) The Accounts Payable Technician will work with the Business Manager to verify the sufficient budget capacity exists to make expenditures requested and verify the sufficient cash balances available to make expenditures.
 - c) Sign and date the requisition if sufficient budget capacity or cash balance is not available and return requisition to the requestor with a copy kept with the Accounts Payable Technician.
 - d) Select the proper purchase procedure, depending on the expected purchase amount.
 - e) Follow the guidelines concerning bids or quotes.
 - f) Attempt to ensure that all purchases are made at the best possible price and in accordance with the following provisions.
 - g) Use the following methods of procurement based on the aggregate purchase amount:
 - i. Purchases of \$10,000.00 or less: Purchase may be made without soliciting competitive quotations if the price is considered reasonable.
 - ii. Purchases of more than \$10,000.00, but less than \$50,000.00: Purchase shall be made according to the best obtainable price, provided a good faith attempt is made to obtain at least three (3) telephone, on-line or oral quotes from different vendors for such purchases. The purchases are required to be documented on the requisition form,

including at least the following information: Person contacted; time; date; and phone number.

- iii. Purchases of at least \$50,000.00, but less than \$250,000.00: Purchases shall be made according to the best obtainable price, provided at least three (3) bona fide written quotes are obtained. If three quotes cannot be obtained, documentation must be maintained in the file identifying the effort made to obtain at least three quotes and the reason why three quotes could not be obtained. The School may use the services of a single procurement cooperative to satisfy the requirement of obtaining three quotes, provided that such cooperative deals in the trade or business that provides the goods or services and such cooperative routinely obtains bids from multiple sources.
- iv. Emergency Purchases: Emergency purchases are authorized purchases only in cases which are justifiably necessary and cannot be delayed until the standard purchasing procedures can be utilized. Purchases which could have been reasonably preplanned or anticipated shall not be considered as an emergency purchase. An emergency purchase is permissible when there is an existing condition which creates a threat to public health, welfare or safety. The existence of an emergency condition creates an immediate and serious need for the purchase of items or services or construction that cannot be met through normal purchasing methods and the lack of which would seriously threaten the functioning of the School, the preservation or protection of property, or the health, safety or welfare of any person. An emergency condition must be determined by the Principal. Written documentation of the basis for the emergency shall be maintained in the School files. Even under emergency conditions, price competition should be sought if it will not unduly delay the correction of the condition requiring emergency procedures. If emergency purchases are made without price competition, a complete written description of the circumstances should be maintained on file in the School offices.
- h) Re-verifies budget capacity and cash balance, as applicable, if the actual cost exceeds the estimated cost recorded on the requisition. Prepare a four-part pre-numbered purchase order (see USFR VI-G-15 and 16). The School should issue purchase orders in sequential order and numerically account for them. Those initiated, but not issued, should be voided to prevent re-use and retained in the

numeric purchase order file. Purchase orders must be signed by an individual authorized by the Governing Board.

- i) Submit the requisition to the Business Manager.
3. The Business Manager shall:
- a) Review and double-check the requisition for accuracy.
 - b) Notify the requestor and department if the requisition is rejected with reasons therefor and appropriate recommendations.
 - c) Verify that all parties have followed the bidding quotation rules, regulations and procedures.
 - d) Submit all requisitions exceeding \$10,000.00 to the Principal for review and approval.
 - e) After the foregoing has been completed, and upon return of the requisition from the Principal, submit the approved requisition to the Accounts Payable Technician for the preparation of a purchase order.
4. The Principal shall:
- a) Review all requisitions over \$10,000.00 and/or any other unusual purchases.
 - b) Return rejected requisitions to the requestor and the Business Manager with an explanation for the rejection.
 - c) If approved, return the requisition to the Business Manager for processing the purchase order.

D. Purchase Order Process

- 1. A requisition approved as set forth above shall be returned to the Business Manager, who then shall submit the requisition to the Accounts Payable Technician for the preparation of a purchase order.
- 2. The Accounts Payable Technician shall prepare purchase orders according to the following guidelines.
 - a) The purchase orders shall be consecutively and sequentially pre-numbered.
 - b) It is the Accounts Payable Technician's responsibility to numerically account for all purchase orders.

- c) Each purchase order is accounted for by number in a purchase order log.
- d) Purchase orders initiated, but not used, must be marked “void” and recorded in the purchase order log and retained in the numeric purchase order file.
- e) Purchase orders shall be properly safeguarded.
- f) Purchase orders shall be in three-part form and distributed as follows:
 - i. Copy 1 (original) - white - vendor: (1) hand-carry; (2) mail; (3) fax
 - ii. Copy 2 – yellow – placed in the check voucher file
 - iii. Copy 3 – pink – placed in the numerical accounting file
- g) Prepare the purchase order according to the information provided on the requisition.
- h) Order any necessary equipment tags.
- i) Submit the purchase order to the Business Manager or Principal for the proper authorizing signature.
- j) Distribute the purchase order to the vendor and warehouse.
- k) Ensure that purchase orders are prepared and sent within five (5) days or less of receiving the completed requisition.
- l) Requestor orders supplies that are necessary and approved.
- m) Provide information regarding the purchase order upon the vendor’s request.

E. Receiving Process for Goods Procured

- 1. The warehouse technician shall:
 - a) Maintain copies of purchase orders on file prior to receiving the goods.
 - b) Upon arrival, inspect the goods for visible damage in the carrier’s presence. Damaged goods shall not be accepted and must be returned to the vendor.

- c) Complete the receiving report indicating the quantity received (count, weigh or measure the goods as applicable to determine the quantity received), the date received, condition of goods, and signature of employee receiving the goods. If a copy of the purchase order is used as a receiving report, the quantity ordered should have been blocked out and the quantity received should be recorded next to the description of each item.
 - d) If partial shipments are received, a partial shipment report shall be forwarded to the Business Manager, keeping a copy in the warehouse for their records.
 - e) Tag all equipment items as required and maintain the log of tags and inventory log of the model, name, serial number, price of equipment and date equipment is received.
 - f) Inform the requestor that the goods have been received and are present in the warehouse. Determine, with the requestor, the method of delivery of goods and secure proof of delivery by requiring the recipient to initial and date the receiving report.
 - g) Maintain detailed records of the delivery of goods in the warehouse, indicating the department where the goods and materials and equipment will be transferred.
 - h) Submit the completed receiving copy **IMMEDIATELY** to the accounts payable technician, along with the shipping documents, such as bills, packing slips or freight bills attached.
 - i) Reconcile all purchase orders which are twenty (20) days or more old with the accounts payable technician on a weekly basis.
2. The accounts payable technician shall:
- a) Enter purchase orders in the computer.
 - b) Add "ENCUMBERED" on the purchase orders.
 - c) Arrange encumbered purchase orders by vendors alpha file in such a manner that all vendors, suppliers, contractors and related persons will be paid within two (2) weeks, or a maximum of four (4) weeks, after sending the purchase order from the School.
 - d) Compare the receiving report with the copy of the purchase order on file. Ensure that the purchase order satisfactorily notes items received and status of purchase order (complete, partial, etc.).

- e) Attach receiving report with shipping documents to copy of the purchase order and requisition, and file alphabetically in the vendor file until a receipt of invoice.
 - f) Receive vendor invoice and record date of receipt on invoice.
 - g) Review vendor's invoice for mathematical accuracy and indicate evidence of such review on the invoice.

Section 12.11 Procurement Procedures For Purchases of \$250,000 or More

A. General Statement of Process

There shall be two general types of advertised procurement procedures:

1. Advertised procurement by sealed bid requires that bids are publicly solicited and a firm fixed price contract providing for either a lump sum or unit price is awarded to the qualified vendor/bidder whose bid conforms to all the material terms and conditions of the invitation for bids and is the lowest in price. In order to utilize this process, the following conditions should exist:
 - a) A complete, adequate and realistic specification or description of the item or items to be procured is available.
 - b) Two or more responsible and qualified bidders are willing and able to compete effectively for the contract award.
 - c) The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.
2. Competitive proposal procurement is used when procurement by sealed bids is not appropriate because one or more of the above conditions do not exist which would, if present, justify the use of the sealed bid process.

B. Advertised Procurement by Sealed Bids

Advertised procurement by sealed bids shall conform to the following requirements:

1. The invitation for bids will be publicly advertised and bids shall also be solicited from an adequate number of known vendors.
2. A reasonable and sufficient time shall be provided between the time of advertisement and the time when all bids must be received by the School.
3. The invitation for bids, which will include all specifications and pertinent attachments, shall define the items or services in order for the bidder to properly respond.
4. All bids will be publicly opened at the time and place designated in the invitation for bids.
5. A firm fixed-price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in the invitation, such

factors as discounts, transportation costs, and maintenance costs may be considered in determining which bid is lowest.

6. Any or all bids may be rejected if the cause, therefore, is reasonable, in the best interest of the School, consistent with this Manual, and is fully documented. The procurement may thereafter be re-advertised for additional bids or, if consistent with law and this Manual, be procured by other means.

C. Procurement by Competitive Proposals

The process of procurement by competitive proposals requires that more than one source or vendor submit an offer of either a fixed-price or cost-reimbursable contract to the School for the goods or services to be procured. Such procurement shall be conducted as follows:

1. Requests for proposals shall be advertised in and about the White Mountain Apache Tribe and in metropolitan areas where such goods or services may be available and shall identify all evaluation factors by which the proposals will be evaluated and their relative importance in addition to a full description of the goods or services to be procured.
2. Proposals shall also be solicited from an adequate number of qualified sources previously known for their business with the School.
3. As a part of the process, criteria will be promulgated which afford a means of objectively evaluating all qualified proposals submitted. The criteria will be retained as a part of the documentation of the procurement. Such criteria may include such elements as bondability, experience, and history of providing like goods or services, qualifications of management and staff to be involved in providing the goods or services, price and pricing procedures, procedures and mechanisms for resolving disputes and such other evaluation criteria as may be appropriate to the particular procurement.
4. Award of a procurement contract will be made on the basis of the ranking of the proposals submitted based on the criteria established, price, and the advantage to the program to be served by the procurement.

Section 12.12 Emergency Procurement by Non-Competitive Proposal

Procurement by non-competitive proposal shall be used only when the award of a contract is not feasible under small purchase procedures, competitive proposals or advertised procurement by sealed bids and one or more of the following circumstances exist:

- A. The item is available only from a single source.
- B. The exigency or emergency necessitating the procurement will not permit a delay resulting from competitive solicitation.
- C. The funding source authorizes non-competitive procurement.
- D. After solicitation of at least three sources, competition is determined to be inadequate.

In the event that one or more of the above circumstances are found to exist, then the School may solicit a proposal from one qualified vendor without competition.

Section 12.13 Return Policy for Merchandise

Only the Business Manager is authorized to process merchandise refunds and returns at retail stores on behalf of LSI. Any violation of this return policy by any employee is grounds for termination.

All retail merchandise purchased with LSI funds or school money must be personally delivered to the Business Manager whenever it becomes necessary to return such items. Upon delivery of the items to the Business Manager, the Business Manager or Business Manager's designee, shall enter into a Refund/Return Log the following information:

- Employee's Name, Department, and Contact Number;
- A description of the item;
- The estimated value of the item;
- The retail establishment where the item was originally purchased; and
- Any other information necessary to process the refund or return.

Section 12.14 Construction and Facility Improvement Procurement/Acceptance of Regulation

For all construction and facility improvement contracts or subcontracts exceeding an aggregate value of \$100,000.00, the School hereby accepts the bonding policy and requirements of the agency or authority of the funding source or awarding agency.

Section 12.15 Procurement Other than Through Purchase

In addition to purchase, personal property may be procured by variety of other means, including securing assignment or gift of excess property from a federal agency, contractor, receipt of donations, loans and appropriation of resources from White Mountain Apache Tribe or other agencies and /or Indian and public lands. Such procurement may be an asset or liability to the School; therefore, all such acquisitions must receive prior approval of the Board or the

Principal as authorized by the Board. Any such property shall be treated as other property obtained under these procurement provisions.

ARTICLE XIII. MANAGEMENT AND DISBURSEMENT OF PROPERTY

At the time a fixed asset is acquired, its cost is capitalized unless each individual asset has a value of \$5,000.00 or less, in which case the asset is expensed in the period acquired. Amounts paid for property with an estimated useful life of 12 months or less with a value of \$5,000.00 or less are expensed in the period acquired as well. Management will periodically review these levels and make any modifications necessary. Such decisions shall be final and such amounts as are determined to be due from the custodian shall be deducted from any money owing by the School to the custodian.

Section 13.19 Duties of Department Head

Every department head shall, before the annual inventory of School property, cause a survey of the property in the custody of his or her department to be made. Such surveys shall determine and identify, as to each such item of property, the following:

- A. All property that is fully functional and of continuing use and benefit to the department in the accomplishment of the duties and responsibilities of the department.

Necessary repairs of such property shall thereafter be the responsibility of the department taking custody of the item of property.

- B. Any item of property that has remained in the central storage facility for five years or more, which has not been used or repaired during that time, shall be disposed of as follows:

Section 13.23 Amendment of Specific Procedures

The School Accounting System shall be compliant with and report as required by GASB-34.

Section 14.02 Journal Entry Policy

I. Overview of Journal Entries

A journal entry is an internal accounting transaction used to make a transfer or an adjustment. The entry indicates the two aspects of the transaction, the 'debit' and the 'credit', as well as the ledger accounts to be charged. The total value of the debit components must equal the total value of the credit components. A journal entry incorporates a 'narration' (a brief meaningful explanation of the entry) and is also substantiated by relevant supporting documentation.

TRS creates journal entries to effect transfers and adjustments in and between various accounts within the ledger. Where goods and/or services or items or equipment are transferred, the correct method of processing is by journal entry. Journal entries are also created to action and document a wide range of accounting adjustments, including for example the dissection of some multi-charge transactions, the approved reversal of ledger postings, period-end accruals, and adjustments to asset and liability accounts.

Care should be exercised when generating journal input to ensure the resultant postings do not give a distorted view of the ledger. In particular postings should be consistent with and not contravene generally accepted accounting practice, grant regulations and TRS policy. Staff should not be permitted to process journal entries until they understand the structure of the ledger record in which they are operating. They should have a general sense of the overall ledger structure and its relationship with the overall TRS financial system.

The Administrative Services Manager is responsible to establish journal entry review and approval procedures within TRS. Adequacy and propriety of journal entry documentation will periodically be evaluated by Internal Audit and are also subject to review by TRS's financial consultants and external auditors.

The responsibility for compliance with Federal and TRS regulations, requirements and guidelines and generally accepted accounting standards for journal entries, maintaining supporting documentation and for transfers/adjustments is in the TRS finance department and ultimately the Administrative Services Manager. Journal entries should be created and or adjusted in compliance with the following criteria that govern all such transactions:

- **Allowability:** The entry or adjustment must be allowable under the terms and conditions of the award, including the authorized budget and applicable regulations.
- **Allocability:** The goods or services must benefit the account charged. Goods or services shared by more than one project are allocable in proportions that can be approximated through actual use. Example: If you are charging Project A for 50% of an item purchased, Project A must receive half the benefit or use of the item.
- **Reasonableness:** A cost may be considered reasonable if the nature of the goods or service acquired and the amount paid reflect the action that a prudent person would have taken at the time the decision to incur the cost was made.
- **Consistency:** The application of costs must be given consistent treatment within established TRS policies and procedures including Generally Accepted Accounting Principles and Cost Accounting Standards as issued by the Federal Cost Accounting Standards Board.
- **Timeliness:** All adjustments should be made within 120 days. Exceptions require full documentation of reason for delay. Any audit-derived disallowed costs will be borne by the departments that caused them and shall be grounds for disciplinary action for any staff person involved in the process.

II. Initiation and Creation of Journal Entries

1. A journal entry is an entry for a transaction used in the TRS general ledger to book amounts for assets, liabilities, expenses and revenues for TRS.
 - a. Journal entries are initiated and completed by the Business Technician and reviewed and approved by the Administrative Services Manager and the TRS Financial Consultant.

- b. Journal entries shall be initiated and completed on a timely basis to ensure an up to date ledger, time for review, early detection of errors or problems and in order to maintain a current, up to date financial picture of TRS.
 - c. Journal entries initiated and created by the Business Technician shall contain:
 - i. An explanation (separate from the line description) describing the purpose of the entry. The description should be detailed enough to allow others to understand the purpose of the entry without examining the supporting detail.
 - ii. Adequate supporting documentation which must be in place to support the entry and be retained for 5 years
 - d. The Business Technician, in creating a journal entry shall verify the following journal elements:
 - i. The correct naming convention is used.
 - ii. The posting date and fiscal period are correct
 - iii. The correct category has been chosen
 - iv. Required entries for deposit journals are present
 - 1. the category is Receipts
 - 2. bank deposit date is in journal header's description field
 - 3. deposit control number is in Description field of debit and credit line
 - v. No errors in account references or account transactions have been made
 - vi. The debit and credit totals have been entered
 - vii. Control totals are entered at the journal (not batch) level
 - viii. The appropriate documentation is attached or filed
2. The Business Technician shall obtain the Administrative Services Managers approval of journal entries in writing by initialing, prior to posting to the general ledger. After obtaining the Administrative Services Manager approval, the Business Technician may post the entry to the journal and forward it to the third party financial consultant who shall independently review the journal entry to ensure propriety.
 3. The Administrative Services Manager is responsible for ensuring that general journal entry input conforms with this policy and accepted accounting practices. The Administrative Services Manager shall also ensure that the staff involved in this process is adequately trained so that they understand the effect and proper procedures for processing financial information and records. The Administrative Services Manager shall ensure that there is a proper separation of duties/functions between initiating a request processing a request and approval and where such separation is not possible, to ensure sufficient oversight for adequate checks and balances.

III. Approving Officer

1. The Approving officer and the Administrative Services Manager is responsible for ensuring that journal entry input conforms with TRS policy and accepted accounting practice, and that staff under their control is adequately trained so that they understand the effect of processing financial input. Approving officer shall ensure that there is a proper separation of duties/functions between those staff initiating a

request, processing a request and approval. Unnecessary requests should be rejected and not proceed. Special attention should be given to supporting documentation.

- a. The Approver shall verify that the journal entry is correct, ensuring as follows:
 - i. Appropriate accounts are affected.
 - ii. The magnitude of individual account and journal entry transactions is reasonable.
 - iii. The impact of the transactions on departments, balance sheet, and income statement is reasonable.
 - iv. Journal naming convention is followed
 - v. Control totals are entered at the journal (not batch) level
 - vi. Deposit journals include date of deposit in the journal header's Description field and Deposit Control Number in the Description fields of the Debit and Credit lines.

 - i. Appropriate accounts are effected
 - ii. The magnitude of the transaction is reasonable
 - iii. The impact of the transaction on departments, balance sheet and income statement is reasonable
 - iv. Journal conventions have been followed
 - v. Recheck the journals reported to the preparer for correction and submission for approval
- c. Journals requiring correction should be rejected and returned to the Preparer with clear, concise notes on what is wrong in the journal. Notes may be included in the Comments section of the Approver form.
- d. Approve the journal entry.
- e. Officers reviewing and approving should:
 - i. be alert to practices that are contrary to these standards and have offending journal entries amended before forwarding for posting to the ledger; and
 - ii. Ensure entries conform to TRS policy and procedures and accepted accounting practice. Officers undertaking review and approval need to have a sound basic understanding of current accounting procedures and practice; and
 - iii. Look for patterns in the types of journals being created and if journals are consistently being used to correct miscoding, steps should be taken to ensure correct coding of future transactions.

IV. Approval Requirements

Journal entries are prepared and checked by the Business Technician and are then approved by the Administrative Services Manager, who is the Approving Officer. The Approving Officer takes responsibility for the correctness and validity of the final journal entry. The approving officer ensures that the journal entry is proper, accurate and fully substantiated.

V. Documentation

The journal entry request should be supported by adequate documentation. The documents should clearly explain the reason for the journal entry and the basis of the journal entries created. In particular, the documentation should clearly provide:

- a. The reason for processing a request should be clearly identified by the supporting documentation. This could include correspondence, notes, copies of documents such as orders, invoices, reports;
- b. Working papers detailing the basis of any calculations, the source of supporting data and the name of the preparer of the calculations; and
- c. The name and contact details of the officer responsible for the journal.

Journal entries are checked for accuracy and supporting documentation by the Administrative Services Manager.

VI. Descriptions

Care should be exercised by staff to ensure that the journal descriptions (or 'narrations') used in the description field are relevant and concise. Staff should be clear as to the reason for and effect of the journal entry and the description should reflect this understanding. In particular:

- a. Enter the most relevant information first, do not include redundant information which is otherwise provided by the ledger record e.g. do not enter the account code name into the journal entry description, such as #5404 Conferences and Seminars, instead details such as names and dates are generally far more useful (for example, Smith Feb Optics);
- b. Cross reference the other account if transferring between accounts;
- c. When correcting a previous erroneous entry, reverse the prior entry in full and re-enter the correct entry in full. Never attempt to correct by entering the difference between the correct and incorrect entry. This will only lead to subsequent confusion for any officer trying, at a later date, to work out what took place; and
- d. The reference field on the journal entry request is designed to be a cross reference to other data in the general ledger such as purchase order, invoice and other journal entry request numbers.

VII. Journal Entry Adjustments

A. Appropriate types of transfers – Once an entry has been recorded in the general ledger, cost transfers may be made only in the following situations:

1. To correct an erroneous recording when the original source document or subsequent interim transaction (e.g. PO, Payroll transaction, Recharge journal, etc.) contained an incorrect chart string or amount.
2. To distribute / allocate certain high numerical, but small individual charges, such as copy machine costs, mailing charges, telephone charges, office supplies, or fax charges billed to a central department, but may be proportionally applied to other activities, projects or funds under the jurisdiction of the department.

3. To record a change in use of goods or services, for example a case of beakers originally ordered for and charged to a teaching program, but subsequently required by and transferred to, a research project.
- B. Criteria for cost transfers
1. The transfer must relate to a specific item of cost incurred by the account. The quantity and goods or services must be specified.
 2. Each transfer must be in proportion to the benefits received from the goods and services.
 3. Transfers must be in the same amount as the original charge unless a portion of the expense is to be transferred. If only a portion is transferred, a clear explanation needs to be given as to the basis for the division of the cost.
 4. All expenditures must be in compliance with TRS policies and the requirements of the funding source.
 5. The methodology adopted to prepare any allocations as discussed above, must be in accordance with applicable regulations and be reasonable, allowable, allocable and consistent. In addition the Business Technician must maintain the appropriate records and usage logs to substantiate all charges redistributed.
 6. All adjustments should be made within 120 days of the later of the original charge or the date of the redistribution. Accurate and timely reporting of expenditures impacts the production of financial reports and invoices in meeting TRS and funding agency requirements. If because of unavoidable circumstances the adjustment is made after 120 days a full written explanation of the late adjustment must be documented.
- C. Procedure
1. All journal entry adjustments must be initiated by the Business Technician who shall include a full explanation of the basis and justification for the journal entry adjustment in writing. This proposed adjustment shall be submitted to the Administrative Services Manager for review and approval.
 2. The Administrative Services Manager shall ensure that all documentation and explanations are in place and that the journal entry adjustment proposed is appropriate and correct and in compliance with generally accepted accounting principles, grant regulations and TRS policies. The Administrative Services Manager shall then forward the proposed entry adjustment to the Financial Consultant for final review and approval prior to Board consideration.
 3. The Financial Consultant shall review all journal entry adjustment proposed journal entry adjustments for correctness, compliance with generally accepted accounting principles, applicable regulations, and TRS policies. The Financial Consultant shall provide the written approval to the general journal entry amendment and any other necessary explanatory information. Should the Financial Consultant reject the journal entry amendment they should provide the reasons therefore in writing and deliver the denial to the Administrative Services Manager. The Administrative Services Manager shall then likewise make the necessary corrections in concert with the Business Technician and resubmit all or withdraw the proposed journal entry amendment.

All journal entry amendments must receive approval by the school board prior to their entry into the general ledger.

Section 14.03 Reconciliations

The Business Technician shall reconcile all accounts at least monthly and within fifteen business days of receipt of a bank statement regarding any account. Bank reconciliation shall be done according to the following procedure; the Business Technician shall:

- a. Prepare written reconciliations for each bank account within fifteen days of the bank statement date.
- b. Identify all reconciling items with references to supporting documentation.
- c. Propose correcting entries or request the bank to make any necessary corrections for all errors detected in the reconciliation process.
- d. Require the Manager to review and approve each reconciliation and the resulting correcting entries.
- e. Investigate all outstanding checks and other reconciling items outstanding for more than six months and take appropriate action to eliminate the reconciling item.

The Business Services Manager shall act to provide checks and balances in the above procedures and maintain compliance.

The Business Technician shall reconcile all bank statements with general ledger balances to ensure agreement between the two amounts and or quick resolution of any discrepancies. Failure to perform the above policy shall be grounds for severe disciplinary action up to and including termination.

The Business Services Manager shall be responsible for ensuring the above described policy is carried out. The Business Services Director shall take immediate disciplinary action should the Business Technician fail to strictly adhere to the above described policy. Should the Business Services Director fail to closely monitor the implementation of this policy and take appropriate action in ensuring the timely reconciliations on a monthly basis, the Business Services Director shall be subject to discipline with sanctions up to and including termination.

The president will exercise such authority as may be necessary to limit public comment in order to protect due process and privacy rights, preserve order, require relevancy and to prevent redundancy and/or excessive length of public comment. Public comment shall be limited to fifteen minutes per speaker. Board members cannot respond to public comments unless the comments address an item on the agenda or unless they constitute a personal attack on the Board member. A Board member may direct the administration to

investigate the comment and/or place it on a subsequent agenda, but not direct action.

- F. The Board may retire to an executive session from which the public and all other persons, excepting only those persons invited by the Board to be present, are excluded. Executive sessions may be held for consideration of personnel matters, legal matters and the receipt of confidential information. No decision of the Board shall be made in executive session. All voting shall be done in public session. Executive sessions must be kept confidential. It is illegal for any participant to disclose discussions, information or anything else that takes place in executive session. Any person or party disclosing confidential executive session information shall be disciplined up to and including termination.

Section 15.07 Code of Ethics

A. Education Needs and Welfare of Students

The Board members are elected to represent the community and guide the operation of the School for the benefit of the students. All decisions of the Board will be primarily determined by the educational needs of the students and their welfare. Community opinion and needs will, to the maximum extent possible, be considered. However, the educational needs and welfare of the students must take precedence in any and all decisions of the Board.

B. Faithful Discharge of Duty

Each Board member has taken an oath of office in which he or she swore to faithfully discharge the duties and responsibilities of the office as a Board member. Dishonesty, inaccuracy and misrepresentation by a Board member are in violation of that oath. Therefore, a Board member is expected to be honest, fair, accurate and open in all reports and statements made to the Board. A Board member, when reporting or discussing Board actions and decisions in a public forum, is expected to be accurate and informed when speaking and avoid taking personal credit for Board action or divulging confidential information.

C. Compliance

Board members shall comply with and uphold all laws, rules, policies and governance procedures applicable to the School, including these policies, to promote the welfare, mission and financial resources of the School. For that purpose, Board members shall familiarize themselves with governing laws and policies, including the policies governing the protection and use of school funds and ensure that the expenditure of any School funds complies with the limits and conditions of a duly approved budget.

D. Diligence in the Discharge of Duty

The performance and effectiveness of a Board member requires diligence, study and attendance at all meetings. A Board member will, therefore, be expected to become familiar

with all materials presented for study, attend all meetings and take an active part in all discussions and decisions where no conflict exists.

E. Exercise of Independent Judgment

School boards are most effective when each member exercises his or her independent judgment while avoiding the formation of factions or voting blocks. The process of discussion and consideration of an issue must involve the independent participation of every Board member, respect for the opinions of others and candor in the expression of one's own opinion. Compromises are beneficial so long as the compromise is consistent with the other provisions of this code of ethics.

F. Community and Political Responsibilities

Individual members of the Board are free to recognize their community and political responsibilities. However, those responsibilities must be conditioned by duty owed to the Board and the School. Prior to a decision duly made by a majority of the Board on any issue, it is appropriate that a Board member receive opinions of his or her constituency while exercising care that no indication is made concerning a future position or decision with regard to the issue or to influence public opinion regarding the issue. It is appropriate to discuss impending issues with other Board members, but no agreement should be privately made to vote in a particular manner concerning any issue privately discussed. Individual investigation of facts is improper except where specifically authorized by a resolution of the Board. Generally, investigation of any factual situation should be directed to the administration and not undertaken by the Board or any individual member. After a decision is made by majority action of the Board, it is the duty of each Board member to support the decision in all public statements.

G. Duty to Vote

Every Board member has a duty to vote on every issue presented for a decision of the Board if no conflict exists. A Board member may abstain from voting only when a conflict exists. An affirmative vote on any issue means the Board member is in favor of the motion. A negative vote by a Board member means only that the Board member does not agree with the motion as seconded and presented for a decision.

H. Official and Public Statements

The Board must recognize that official statements and public statements by Board members carry great weight with the community at large and may affect the welfare of many other people. It is, therefore, expected and required that any public statement, whether an official statement of the Board or a public statement by a Board member, must be:

1. Supportive of the philosophy, policy and procedure officially adopted.
2. Supportive of Board members and School personnel.
3. Fair, accurate and objective.

4. Devoid of any personal opinion expressed to create or influence public opinion.

I. Conflict of Interest

Generally, a conflict of interest is defined as any consideration or influence experienced by a Board member which, when required to vote on an issue, competes with the best interests of the School and students. It is recognized that, to some degree, there is a conflict of interest involved in almost every decision of a Board member. However, ethical considerations apply only to defined areas of possible conflict and require special consideration and action by a Board member when experienced. Two categories of possible conflict are identified and the obligations of a Board member experiencing a conflict defined by category are provided.

1. A conflict of interest in this category obligates the Board member to report the perceived conflict of interest to the Board and to thereafter abstain from all participation in discussion or voting on the issue and from influencing or attempting to influence any person's position on the issue involving the conflict of interest. The Board member should absent themselves from the boardroom during all discussion and voting on the issue in order to avoid even the appearance of impropriety. The Minutes of the meeting should contain a record of the report of the conflict of interest and that the member having the conflict absented himself or herself from the boardroom during all discussion and voting on the issue. Conflicts of interest in this category are:
 - a) A financial conflict of interest is defined as any interest in any purchase or acquisition by the School of supplies, equipment, personal services or any other thing of value in excess of an aggregate value of \$100.00 during any thirty (30) day period, from the Board member or the Board member's immediate family or any business, partnership, corporation or proprietorship in which the Board member or Board member's immediate family has any ownership or management interest. This provision does not prohibit a Board member from placing a proposed purchase or acquisition on the agenda or from introducing the materials or services for sale to the Board prior to any Board consideration of the issue.
 - b) A familial conflict of interest is defined as any issue involving the hiring, promotion, or discipline of an employee of the Board or School when such employee is within the second degree of consanguinity or affinity to the Board member or is within the Board member's immediate family.
2. A conflict of interest in this category obligates the Board member to report the perceived conflict of interest to the Board. Thereafter, the Board shall discuss the perceived conflict of interest with the full participation of the

member perceiving the conflict. After the discussion, the member may determine that it is proper to abstain from participation in any discussion concerning the issue or any vote thereon. However, if after the discussion the Board member feels that he or she can vote objectively and without being influenced by what had been perceived as a conflict, then the Board member shall participate in all discussions concerning the issue and may vote thereon. The Minutes of the meeting should contain a record of the report of the conflict of interest and the decision made by the member concerning participation in the determination of the issue. Conflicts of interest in this category are:

- a) A conflict which involves the differing values of the White Mountain Apache culture or tradition and the requirements or practices of Anglo government or business.
- b) A conflict which involves the differing values of White Mountain Apache traditional religion and the requirements or practices of Anglo government or business.
- c) A conflict which involves influences or pressures exerted by the community, the politics of the community, chapter or tribe or the duties of other public offices also held by the Board member.
- d) A conflict which involves the differing requirements imposed by the law governing the issue and moral, ethical or religious concepts of the White Mountain Apache culture.
- e) Any other perceived conflict of interest which the Board member feels may influence his or her ability to be impartial in any consideration or decision of an issue before the Board.

Board members must also abide by the School's general conflict on interest policy (Article II, Section 2.07), the laws of the White Mountain Apache Tribe and federal government.

Section 15.08 Discipline of Members for Violation of Code of Ethics and/or School Policy

It is the intention of this Board that all violations of this Code of Ethics be met with appropriate discipline. Discipline shall, by majority decision of the School Board, consist of private counseling of the member found to have violated the Code of Ethics, private reprimand, public reprimand or publish a recommendation that the Board Member be recalled or report them to the White Mountain Apache Tribe Ethics and Rules Committee. All discipline, with the exception of the content of private counseling, shall be on the record as a part of the Minutes of the meeting. Private reprimands shall not be published in the public report of the meeting. Public reprimands shall be reported in the public report of the meeting. Recommendation of recall shall be placed in the public report of the meeting and communicated by letter to the White Mountain Apache Tribe Ethics and Rules Committee and the White Mountain Apache Tribal Election Administration Office.

The perception of possible violation of the Code of Ethics shall be verbally reported by any member at any time during a general meeting of the Board at which a quorum is present. The member who is perceived to have violated the Code of Ethics shall thereupon be afforded the opportunity to verbally respond to the report of a perceived violation and, thereafter, a general discussion shall be had as to the matter. Following said discussion, the issue of whether or not a violation of the Code of Ethics has occurred or is occurring shall be put to the vote of the members present. The member against whom the accusation is made shall abstain from said vote. All other members present shall be required to vote on the issue. If the member against whom the accusation is made is found, by majority vote of the other members, to have violated the Code of Ethics, then the matter of discipline shall be determined by majority vote of the members present, excepting only the member found guilty of a violation of the Code of Ethics.

Section 15.09 Authorized Payments to Members

A. Compensation

Board members shall not be paid, nor shall they receive, anything of value by way of payment for their services on the Board. However, board members shall be paid such stipend, as may be approved by the White Mountain Apache Tribe, for attendance at meetings called to order, for travel, for authorized attendance at association and conference meetings and such other duties as may be approved and adopted by majority decision of the Board.

B. Expenses

Board members shall be entitled to receive reimbursement for their necessary and reasonable expenses incurred in the performance of their duties as Board members. Travel expenses, when authorized by majority decision of the Board, shall be paid at the regular rates paid to other employees of the School for similar travel. All such travel expenses, excepting only a mileage allowance for operation of a personal vehicle on official business, shall be reimbursed when supported by an original receipt showing payment of the expense incurred.

C. Travel Advances

Travel advances may be paid to Board members as allowed by White Mountain Apache Tribal law. Unused advances must be reimbursed to the School on or before the next regular meeting of the Board. Reimbursement may be made by submission of receipts for the payment of reasonable, necessary and authorized expenses incident to the travel. In the event that sums paid by the School as travel advances are not fully reimbursed in this manner, then such sums as remain not fully reimbursed shall be deducted from payment of stipend at the rate of not more than one-half of each stipend check or payment until such sums are paid in full.

D. School Credit Cards

It is common for problems to arise over use of a school credit card. It is also becoming increasingly difficult to arrange travel accommodations, etc. without a school credit card. Therefore, the School has obtained school credit cards for strictly limited school authorized use. Because of the high potential for abuse of the school credit card, the use of school credit card for

Board expenses will be governed by the Credit Card policy, Section 4.20, and any violations will be pursued to the fullest extent.

Section 15.10 White Mountain Apache Code of Ethics

In addition to other policies set forth herein, including, but not limited to, policies regarding ethics, conflicts of interests and anti-nepotism, the School adopts the White Mountain Apache Code of Ethics as may be established by the Tribe.

ARTICLE XVI. CONFIDENTIALITY OF STUDENT RECORDS

Section 16.01 General Policy

It is the policy of the School and, therefore, the duty of all employees, agents, representatives and students of the School to respect and protect the privacy of all students and student records to the fullest extent possible within the law and to the degree possible given the informational needs in performing the educational mission of the School. Violations of these policies are grounds for disciplinary action.

Section 16.02 Confidentiality

Disclosure of student education records will be made in accordance with the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. 1232(g) and corresponding Federal Rules and Regulations set forth in 34 CFR 99, as well as the requirements under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §1400 et seq. and corresponding Federal Rules and Regulations set forth in 34 CFR 300.500. If a parent of a student or an eligible student has reason to believe that a violation of FERPA has occurred, that person should immediately contact a school official. Any alleged violation will be immediately investigated by the School and corrective measures will be taken as necessary. The person also has the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C., 20202-4605. In the case of a special education student, the School shall comply with the request without unnecessary delay and before any meeting regarding an IEP or any hearing relating to the identification, evaluation or educational placement or the provision of FAPE with respect to this student. If the requesting party is prevented by circumstances to review the record, the School will either provide a copy of the records or make other arrangements which will allow for an opportunity to inspect the records.

Parents or eligible students have the right to correct or amend the record if they believe that information contained in the record is inaccurate, misleading or in violation of FERPA. The

School will decide within two (2) weeks whether or not the records should be amended. If the School determines that no amendment is appropriate, the parents are entitled to a hearing to challenge the School's decision.

Any hearing pursuant to this Section will be held within forty-five (45) days after the request has been made. Section 16.05 Fees

- H. Health/Safety Emergency:
 - 1. The School may disclose personally identifiable information to appropriate parties in connection with an emergency if the information is necessary to protect the health or safety of the student or other individuals. The School shall maintain, for public inspection, a current listing of the names and titles of all employees who have access to personally identifiable information.

Parental consent must be obtained (1) before personally identifiable information is disclosed for any purpose other than meeting a requirement under this section (i.e., legitimate educational interest) or (2) if the information is to be disclosed to anyone other than officials of participating agencies who collect or use the information under IDEA or (3) whenever disclosure with parental consent is required under FERPA. APPENDIX XVI - A

Notice to Parents and Eligible Students

Dear Parent/Eligible Student:

If you need to have this letter translated, please contact the Principal.

The Theodore Roosevelt School Board, Inc. has established a written policy governing confidentiality of student records, pursuant to the Family Education Rights and Privacy Act, 20 U.S.C. §1232(g) and 34 C.F.R. Part 99 and the Individuals with Disabilities in Education Act, 20 U.S.C. §1400 *et seq.* 34 C.F.R. §300.500 *et seq.* Copies of the relevant policies are provided to the student. Additionally, copies are available in the administrative office.

The student records maintained by the School include identifying data, attendance data, and academic data as well as health data, incident reports and psychological evaluations and reports. These records are located at the administration office under the supervision of a designated School employee. Generally, these records are available to teachers and staff members working with a particular student and assist the teacher and staff member in providing appropriate educational services to the student. You have the right to inspect and review any and all educational records maintained by the School and pertaining to your child. If you would like to inspect and review your child's record or, in the case of an eligible student, if you would like to inspect and review your own record (except for medical and mental health records), you must submit a written request to the School administrative office. The School will comply with your request within a reasonable time but, in any event, within forty-five (45) days of the date of the request.

The School is not required to give an eligible student access to his/her mental health or medical records. However, the eligible student may have the records reviewed by a physician or other professional of the student's choice, with the written consent of the student.

The School will charge a reasonable copying fee unless the imposition of such a fee would prevent you from exercising your right to inspect and review the records. In extraordinary circumstances, when it is not feasible for you to come and inspect the records personally, the School will mail a copy of those records to you at the address provided by you.

If you believe that information contained in the records is inaccurate or misleading, you may request that the records be amended. Your request must be in writing, contain the specific information which you believe to be inaccurate or misleading and must contain the reasons why you believe the information is incorrect or misleading. If, after a review of the records, the School does not agree with your conclusion that the record should be amended, you have the right to request a hearing on that issue. The hearing will be conducted by an individual who does not have a direct interest in the outcome of the hearing.

The School has designated the following information as "directory information": student's name, address, telephone listing, date and place of birth, the names of the student's parents, the

student's grade, the student's extracurricular participation, the student's achievement awards and honors, the student's weight and height, if a member of an athletic team, the student's photograph, the school or school district the student attended before enrollment at this School.

You have the right to refuse permission for the School to use the above-designated "directory information", or parts of it, with respect to your child. In that case, you must notify the school of your refusal, in writing, within two (2) weeks from the beginning of the school year, or if your child enrolls after the beginning of the school year, within two (2) weeks from the date of enrollment. NOTE: If the School does not receive written notification from you within this two (2) week period, the School will assume that it has your permission to use the above-designated information.

If you believe that the School is violating public school records policies and procedures, you should immediately contact a School official. The School will promptly investigate your complaint and take corrective action, if necessary. You also have the right to file a complaint with the Family Educational Rights and Privacy Act Office in Washington, DC.

If your child is receiving special education and services, the School will inform you when personally identifiable information is no longer needed by the School to provide services to your child. This information will be retained by the School for a period of two (2) years after the date your child was last enrolled in the School.

NOTE: Although destruction of this information is the best protection against unauthorized and improper disclosure, these records may be needed in the future for social security or other benefits.

Section 17.11 Extended Field Trips

- A. General-Extended Field Trips may only take place at the end of the regular school year and before the beginning of the next school year. For the purposes of this policy only "Extended Field Trips" are defined as any field trip that would require a student to miss more than three (3) consecutive days and include, but are not limited to field trips for Honor Roll, Perfect Attendance, Eighth Grade, Residential, Gifted and Talented, and Student Council.
- B. Maximum Length of Trip. Extended Field Trips or any other field trips will not exceed five (5) consecutive calendar days in length.
- C. Stipends-Payment of staff members for accompanying students on an extended field trip as a field trip sponsor or chaperone, as part of their official duties and at the direction of the School, shall be by stipend of one hundred dollars (\$100.00) a day and expenses. In no event will a stipend beyond five hundred dollars (\$500.00) be paid for any field trip duties. All stipends must be approved in writing by the Principal or designee prior to the field trip and prior to the staff person providing services relative to the field trip. For the purpose of this policy, expenses are defined as and limited to, hotel accommodations for the staff person only, meals and entrance fees.
- D. Only staff are paid stipends for providing services on field trips. Parent chaperones shall not receive stipends, however, their expenses, as defined above, will be paid. Parent

chaperones must have background clearances completed prior to providing services and relative to and prior to going on the field trip.

Section 17.12 In-School Provisions

Appropriate educational accommodations will be made for those students who are not participating in field trips.

ARTICLE XVIII. TRANSPORTATION POLICIES

Section 18.01 General

The health, safety and welfare of all students and staff shall be the primary concern in all transportation matters. All transportation-related duties shall be performed with this in mind. Other general policies to be considered relative to the subject of transportation are protection of the School from liability, efficient service of the School's transportation needs, protection of School assets through proper maintenance and use and ensuring the staff is properly trained, licensed and certified to perform transportation functions.

Section 18.02 Definitions

A. Any person whose primary duties of employment directly and substantially involve the transportation purposes of the School and whose required license or

certification is revoked, suspended or expires without renewal, shall immediately notify his or her supervisor of such fact. The Supervisor shall notify the Principal, who shall bring the matter before the Board at its next regular meeting.

- B. The Board may terminate the employment of any person whose primary duties of employment directly and substantially involve the transportation purposes of the School and whose required license or certification is revoked, suspended or expires without renewal, pursuant to the *School's Policies and Procedures Manual*.

 3. The continued proper operation of all safety equipment.
- D. No vehicle shall be operated for the transportation purposes of the School in any unlawful manner and shall, at all times when engaged in the transportation purposes of the School, be operated in a safe, prudent and cautious manner.
- E. Any person who is charged, convicted or enters a plea of guilty or no contest to a charge of operating a vehicle in an unlawful manner, while said vehicle was engaged in the transportation purposes of the School, shall report that fact to the Principal within two (2) working days after said charge, and again within two (2) working days after a plea or conviction.
1. Such notice shall be in writing and shall include a copy of the original citation or charging instrument and a statement of the person describing the circumstances which resulted in the charge, including any exculpatory information which the employee may wish to include.
 2. The Principal may, based upon said information, determine that the employee no longer be permitted to engage in the transportation purposes of the School.
 3. If, as a result of the determination of the Principal, the employee is no longer able to fulfill a primary and necessary duty of his or her employment, that employment may be declared by the Board to have expired pursuant to the *School's Policies and Procedures Manual*.

F. Use of Vehicles by Board Members and School Employees

School vehicles may be used by individual Board members and school employees while engaged in the scope and course of school business. The school maintains a “no deviation” policy. Board members and employees who use school vehicles for purposes outside this policy are considered to engage in unauthorized use of the vehicle and may have the privilege of using a school vehicle withdrawn or suspended as a result of such unauthorized use.

G. Passengers

Only individuals directly engaged in activities which are associated with official school business may ride as passengers in a school vehicle. With permission of the Principal, a spouse may ride with a Board member or employee to or from a conference in a school vehicle.

H. Insurance

Theodore Roosevelt School has automobile insurance that covers employees and Board members driving or riding in a school vehicle. Any employee or Board member who seeks to operate a school vehicle must supply information as may be required by the school's insurance carrier and receive approval. Section 18.06 Transportation Involving Students

- A. The transportation of any student, which is the result of the planned operation of the School, shall be undertaken only upon the actual authority of the School granted to an employee. Any employee may, with implied authority, transport a student when the reason requiring such transportation constitutes a real and immediate emergency.
- B. No student enrolled in this School will be transported, at any time or for any reason other than a reason constituting a real and immediate emergency, except in a vehicle designed, constructed and equipped to carry a passenger in safety and in full compliance with law.
- C. No student enrolled in this School will be transported, at any time or for any reason other than a reason constituting a real and immediate emergency, in any space or part of a vehicle which is not designed, constructed and equipped to carry a passenger in safety and in full compliance with law.
- D. The operator of a vehicle engaged in the transportation of a student or students is directly responsible for the safety of the student or students.
- E. The operator of a vehicle engaged in the transportation of a student or students is directly responsible for the discipline and control of the student or students and is authorized to enforce such necessary and reasonable discipline and to report a violation of the discipline to the proper authority pursuant to the *School's Polices and Procedures Manual*.
- F. The operator of a vehicle engaged in the transportation of a minor student or students shall not permit any such student to disembark from the vehicle except to or into the custody and supervision of a responsible adult excepting only:
 - 1. When such student or students are directed to disembark at a school building when school or the services of that building are in session; or
 - 2. At their home when the operator has no reason to anticipate that such disembarkation will in any way compromise the safety of the student.
- G. It is the parent's responsibility to promptly pick-up their students at bust drop-off sites. Buses will not remain at drop-off sites after students have disembarked from the bus. Bus drivers are required by school policy to remain on paved roads at all times, to drop off students at designated sites only and to leave the drop-off site immediately after the students disembark from the bus. These rules apply for regular bus runs and activity runs.

Activity bus runs (bus service associated with a school extra-curricular activity) will be conducted pursuant to the above noted policy. A block time (range of

time) will be established for each activity bus service and publicized. It shall be the parent's responsibility to become informed of this block time (either by calling the School, or otherwise obtaining the times) and to be at the site during that range of time. If the bus should be late, it is the parent's responsibility to wait for its arrival. In climate weather and other conditions may make it impossible to arrive at the site at the scheduled time. If parents fail to pick-up their students at the site at the appropriate time, two (2) times within the school year, the student will be dropped from the activity.

It remains the parent's responsibility to insure that their student/child is picked-up at the time that the student disembarks from the bus. It is impossible for the School to adjust for each individual student; therefore, school bus drivers are under orders to drop-off students at the designated points at the designated times and proceed with their duties. To reiterate, it is then the parent's responsibility to pick-up their child/student at that point, at that time.

Section 18.07 Vehicle Repairs While Engaged in Transportation

- A. Private vehicles being used by an employee while engaged in the transportation purposes of the School shall be repaired at the expense and under the authority and responsibility of the operator.
- B. An employee who is engaged in the transportation purposes of the School and who is operating a vehicle which belongs to or is being operated under the custody of the School shall first contact an authority of the School and notify them of the need for repairs or assistance. If the School is unable to reasonably provide the necessary assistance and/or repairs, the operator is hereby authorized to obligate the School for the reasonable cost of such repairs and/or assistance.
- C. In the event repairs or assistance are reasonably required while engaged in the transportation of a student or students, the operator is further authorized to obligate the School for the reasonable cost, and is required to provide for such student or students all such services and facilities as may be necessary for their welfare while such repairs or assistance is being rendered.

Section 18.08 Transportation Expenses

- A. An employee who is engaged in the transportation purposes of the School, under actual authority, and who is operating a private vehicle, shall be paid or reimbursed the expenses of providing that transportation at a standard rate per mile, which rate shall be determined by the Board. It is considered and intended that payment of that rate per mile for transportation shall fully compensate the employee for the cost of operating, normal wear and tear and insurance for that vehicle while engaged in the transportation purposes of the School.
- B. The School shall pay the actual reasonable expenses of operation, maintenance and repair of all vehicles owned or leased by the School or any department thereof.

Section 18.09 Accidents Involving Property Damage or Personal Injury

- A. Any accident occurring during the operation of a vehicle being used to accomplish the transportation purposes of the School shall be reported, as soon as possible, to an authority of the School and to an appropriate law enforcement agency where required by law.
- B. In any accident occurring during the operation of a vehicle being used to accomplish the transportation purposes of the School which involves personal injury, primary and immediate attention shall first be given to rendering or obtaining for those persons such aid, care or assistance as may be reasonable under the circumstances.
- C. In any accident occurring during the operation of a vehicle being used to accomplish the transportation purposes of the School which involves damage to the property of the School, or which exposes such property to consequential damage or loss, attention shall then be given to the protection and/or repair of that property.
- D. In all accidents requiring the attention of a law enforcement authority, the scene of the accident shall be maintained as closely as practicable to its condition immediately after the accident. All employees present at the time of the accident shall cooperate fully with law enforcement authorities and the direction of authorities of the School. A School Accident Investigation Report form shall also be completed by the operator of the School vehicle.
- E. The driver and any accident, as defined herein, shall submit a drug and alcohol test within one (1) hour of the accident. It shall be the driver's responsibility to ensure that such a test is administered within the time frames set forth herein.

Section 18.10 Specific Implementing Procedures

- A. Not later than thirty (30) days after the adoption of this Manual by the Board, the Principal shall designate a person to draft proposed specific procedures which detail the routine safety inspection for all vehicles owned or leased by the School. Said draft shall be submitted thirty (30) days after said assignment.
- B. Not later than thirty (30) days after the adoption of this Manual by the Board, the Principal shall designate two (2) persons to draft proposed specific procedures concerning the operation and safety of School buses. Said draft shall be submitted to the Principal within thirty (30) days of the assignment.
- C. In addition to the above, any department or function may develop such specific transportation procedures, consistent with the provisions of this Manual, as may assist in the operation of the department or function as it relates to transportation.

Section 18.11 Approval of Specific Procedures

Such specific procedures as are developed shall be reviewed by the head of the department or function promulgating the procedures and, if approved, then submitted to the Principal for his or her review. If approved by the Principal, they shall be submitted to the Board, and if approved, such procedures shall become immediately effective and shall be identified by the date of approval and effect. The original copy of the procedures shall be returned to the department promulgation then and a copy shall be placed among the collected policies and procedures of the School.

Section 18.12 Bus Driver And Operation Policy

A. POLICY STATEMENT

The Theodore Roosevelt School Board recognizes that the school bus driver is the first representative of the school that most students meet each day. Bus drivers must have strong interpersonal and communication skills and demonstrate an attitude of respect and dignity on the school bus. An understanding of assertive discipline and behavior management techniques is important. The bus driver stands *in loco parentis* while students are under his or her care and control-- that is, the bus driver acts as a reasonable and prudent parent would in ensuring the safety of all students on the bus. When disciplinary action is necessary, the bus driver will follow the procedures outlined herein.

The school bus driver must adhere to all White Mountain Apache Tribe, Arizona and Federal laws and regulations and school board policy governing the transportation of students, including all applicable speed limit laws.

The School Bus Driver is responsible to the Transportation Manager/Director.

B. SUMMARY OF ROLE

1. General safety: The bus driver will inform students regarding regulations which affect their safety, stressing those which involve getting on and off the bus safely. It is the responsibility of the bus driver to allow students to get off the bus only when traffic conditions permit; that is, when the traffic is obviously going to obey the school bus red lights. A bus driver must not allow students to disembark when it is doubtful that traffic approaching from either the front or the rear is not going to obey the red lights.
2. Emergency/accident procedures: Be familiar with school bus emergency and accident procedures and train student leaders and helpers early in the school term on the emergency procedures.
3. Maintaining order: The driver of a school bus shall endeavor to maintain order among the students being transported and shall have authority to order a disorderly student to leave the vehicle, as set forth below, and shall report any misconduct by students and any such action by him to the appropriate school authorities on the Bus Behavior Referral form attached hereto as Appendix B. The Driver shall turn the Bus Behavior Referral form into his/her Supervisor as soon as is reasonably possible. The Driver's Supervisor shall provide the Bus Behavior Referral Form to the Principal the same day or, if after normal business hours, the

day after the Supervisor receives the form from the Driver.

In the event of serious inappropriate behavior, the bus driver should ask a student to leave the bus **only at the school or their own bus stop**. If the bus driver chooses to return to the school with a student, he/she should inform the school principal or his/her designate that the student has been returned to the school so that the parent/guardian can be contacted.

Only if the behavior is endangering the safety of the student or other students can a student ever be discharged at a place other than the school or home stop. It must be an extremely serious situation to do so and the driver must then immediately radio the school and/or go the nearest telephone and contact the school principal to contact the parent/guardian. If the driver is unable to make contact at the school, he/she must make every effort to contact the parent/guardian directly and immediately.

4. Evacuation drills: The bus driver will practice bus evacuation drills at the beginning of the school term and at least twice more during the school year. The bus driver should also train student leaders and helpers to conduct a bus evacuation independently.
5. Backing up: The bus driver shall not back a school bus on school grounds unless under the supervision of a designated person. The driver will sound the horn at all times before backing a school bus.
6. Seating plans: The bus driver will prepare a seating plan if there is damage occurring to school bus seats, or if a seating plan would be an asset in managing student behavior. The bus driver should inform students at the beginning of the school term that cost of intentional damage to school buses will be invoiced to the parent/guardian.
7. Permission slips required: The bus driver will be provided with a written permission (signed and dated) from the parent/guardian before allowing a student to disembark at a stop other than their own home, or to transfer to another bus.

Unscheduled student passengers: The bus driver is under no obligation to permit unscheduled student passengers to travel on a school bus unless prior arrangements have been made by the parents/guardians **and** the carrying of additional passengers will not result in the bus being overloaded.

8. Bus stops: The bus driver will report requests for new stops to the manager of transportation immediately. The bus driver should not alter a bus stop in any way or assign a new one without consulting with his/her supervisor.
9. Communications systems: The bus driver will ensure that communication systems (i.e. radios and/or cell phones) assigned to buses remain in the bus and are in working order.
10. Reports: The bus driver will complete all required reports and forms, and submit them on time to the supervisor or designate.
11. On duty time: On duty time means all time from the time a driver begins to work or is required to be in readiness to work until the time the driver is relieved from work and all responsibility for performing work. On duty time shall include but not be limited to the following:

- ❖ all driving time
- ❖ all time inspecting, servicing or conditioning the bus
- ❖ all time the bus driver is “on call” or “stand by” on or near the school premises and the employee cannot use his/her time freely
- ❖ all time spent in training required by the School (Does not include training required to maintain necessary license)
- ❖ lunchtime if less than 30 minutes
- ❖ rest periods of 20 minutes or less

12. Field trips: Drivers may only work a maximum of sixteen (16) hours of on duty time while on field trips and must have been off duty for eight (8) consecutive hours prior to working sixteen (16) hours. Ten (10) of these hours can be behind the wheel in control of the school bus.

13. School Bus Log Book: All bus drivers are required to keep a log book which must always be kept up to date. The log book shall accurately reflect the driver’s record of duty status, i.e., “on duty,” “off duty” or “on duty – not driving.” For each change of status, the date, time and location shall be noted. The driver shall also log the total daily miles driven. Entries may be made by the driver only. All entries must be legibly written. The driver shall certify to the correctness of all entries by signing the form containing the driver’s duty status record with his/her legal name or name of record. The log book shall always be available for inspection by the supervisor while the driver is on duty.

14. Drug and Alcohol Use and Testing: All bus drivers are drug tested prior to employment and are subject to random drug and alcohol testing. They may be subject to post-accident testing or testing upon reasonable suspicion. The procedure for drug and alcohol testing for holders of commercial driver’s licenses will be followed in all cases. See Section (6) and (7) of Appendix A set forth as “Prohibited Conduct” relative to Drug and Alcohol use. Violation of the “Prohibited Conduct” provision(s) is grounds for disciplinary actions up to and including termination.

15. This policy and the regulations, directions and prohibited conduct set forth herein are in addition to and not in place of other policies.

16. APPENDIX XVIII A

PROCEDURES FOR DRUG AND ALCOHOL TESTING

- (1) **Purpose.** The purpose of this policy is to deter the use of drugs and alcohol in the workplace by establishing standard procedures for drug and alcohol testing for all employees required to hold a Commercial Drivers' License in the performance of safety-sensitive functions.
- (2) **Authorization.** Employers of persons performing safety sensitive functions and holding commercial drivers' licenses are required to implement a drug and alcohol testing program pursuant to the Omnibus Transportation Employee Testing Act of 1991 (OTETA), regulations of the Federal Highway Administration (FHWA) contained in 49 CFR Parts 40 and 382, et al.
- (3) **Definitions.** Prohibited Substances or Drugs: Any illegal drug or substance as identified in Schedules I through V of Section 202 of the Controlled Substance Act and as further defined by 21 CFR 1300.11 through 1300.15. This includes, but is not limited to, marijuana, amphetamines, opiates, phencyclidine (PCP), and cocaine. Illegal use includes use of any illegal drug, misuse of legally prescribed or obtained prescription drugs. Failure of the covered employee to report the use of prescription or over-the-counter medications that warn of impairment in the operation of vehicles or heavy equipment or that contain controlled substances fall within the scope of the law and this policy.
 - (a) **Alcohol:** Alcohol use is the consumption of any beverage, mixture or preparation including any medication or product containing alcohol.
 - (b) **Covered Employees:** Covered employees include those School employees who perform safety sensitive functions by operating vehicles that require a Commercial Drivers' License by federal requirements.
- (4) **Application.** This policy applies to all School employees who are required to hold a Commercial Drivers' License as a condition of employment and/or who perform safety sensitive functions. Specifically, the federal requirement to hold a Commercial Drivers' License and to fall within the covered employee category of this policy applies to employees who drive vehicles over 26,000 pounds GVR or, vehicles originally designed to carry 16 or more passengers (including the driver) or, vehicles carrying hazardous material. The requirement to be covered under OTETA and this policy includes those employees who voluntarily maintain Commercial Drivers' Licenses and only occasionally operate the vehicles described above.
- (5) **Enforcement Authority.** The Principal or the Principal's designee shall determine when testing shall take place under these procedures and shall ensure enforcement of these policies. All administrators and supervisors are responsible for reporting all violations of these policies to the Principal or designee, and, further, for making recommendations to the Principal or designee for testing when they deem appropriate or required under these policies. All Administrators are required to identify covered employees within their areas of responsibility and to keep the Principal or designee advised of current names and position descriptions covered by OTETA.

(6) **Prohibited Conduct.** Prohibited Substances or Drugs: No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, including prescription medications or over-the-counter medications.

(a) **Alcohol:** No covered employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of BAC.02 or greater. An OTETA covered employee who has a blood alcohol count of 0.02 but less than 0.04 shall not perform safety sensitive functions until the start of the employee's next regularly scheduled duty period, but not less than 24 hours following administration of the test. A blood alcohol content at or above 0.04 is deemed to be positive. No covered employee shall use, have in possession, or have on their assigned vehicle, alcohol as defined in this policy and as applicable to OTETA. No driver shall perform safety-sensitive functions within four hours after using alcohol.

Failure of an employee to submit to or report for any required drug or alcohol test is considered a positive test in accordance with this Policy and Federal Highway Administration (FHWA) Regulations. Employees are expected to cooperate fully in providing specimens and explanations which may be subsequently required by this Policy. Failure to provide specimens, attempts to contaminate specimens or otherwise interfere with School procedures shall be considered as positive tests. An employee who is injured in the course and scope of his employment and who refuses to submit to a drug or alcohol test, or who tests positive, in addition to the above, may forfeit his or her eligibility for any Worker's Compensation medical and indemnity benefits. The School group medical insurance may not cover injuries sustained in the course and scope of employment if an employee refuses to submit to a drug or alcohol test or tests positive.

(7) **Consequences of Prohibited Conduct.** It shall be the policy of the School that employees who engage in the prohibited conduct described in this or other Theodore Roosevelt School Policies or the Statutes and Regulations that require this drug and alcohol testing program, shall be subjected to disciplinary action which may include termination of employment.

Prior to termination, the FHWA requirement for evaluation by a designated Substance Abuse Professional (SAP) may be conducted and the individual employee may be advised of any recommended rehabilitation. Failure by the employee to appear at the scheduled SAP appointment shall constitute a waiver of the offer to be evaluated by a SAP prior to dismissal.

TREATMENT AND NOTICE REQUIREMENTS

Notice to Affected Employees: School will communicate to all covered employees prior to conducting drug and alcohol testing and provide the reasons for conducting said test(s). School shall provide written notice of the required testing to covered employees and shall provide oral notice at the time of the actual testing.

Education and Training: School shall provide educational materials that explain the requirements of the program and its policies and procedures with respect to meeting the requirements.

Notice to Physicians: Covered employees are required to notify attending physicians that they perform safety-sensitive functions and that they are subject to drug and alcohol testing. Employees are encouraged to request medications that will not impair their ability to perform their safety-sensitive functions.

Covered Employee Mandatory Notice to Supervisor: Covered employees are required to notify their supervisor of their taking prescribed or over-the-counter medications containing controlled substances or alcohol. The supervisor receiving such notification shall ensure the immediate cessation of safety sensitive duties for that employee. If non-safety-sensitive duties are available, the covered employee may be temporarily assigned those duties instead of sick leave at the discretion of School.

Treatment Information: Each covered employee who engages in prohibited conduct shall be evaluated by a substance abuse professional designated by the School who shall determine what assistance, if any, the employee needs in resolving problems associated with use of prohibited drugs or alcohol misuse. The decision to seek further assistance in resolving problems associated with the use of prohibited drugs or alcohol misuse shall be the individual employee's. The school's financial obligation is limited to the evaluation by a substance abuse professional, selected by the school to conduct such evaluations.

TESTING AND ANALYSIS

It is the intent of the School to comply with all alcohol and controlled substance testing procedures contained in 49 Code of Federal Regulations Part 382, 291, 192, and 395. The School recognizes the need to protect individual dignity, privacy and confidentiality in the program. Specimen analysis shall be conducted in a manner to assure a high degree of accuracy and reliability.

Employees directed to participate in any of the required testing shall be in a pay status from departure from the workplace to the test facility, while waiting for testing, and while traveling directly back to the workplace, regardless of the reason for the testing.

The testing laboratory shall use a split sample procedure. The first sample is used to measure the presence of the controlled substances and the cost of this test is borne by the School. The second, split sample, is available at the covered employee's request upon notification by the Medical Review Officer of a positive reading. The decision to conduct the split sample (confirmation) test is solely the employee's and the option to conduct the test is offered prior to the School's notification of a positive test. All that is required as confirmation in the split sample test is a mere trace of controlled substances. The cost of the split sample test shall be borne by the covered employee requesting its use.

The following are conditions under which testing may be conducted as required by School Policy, Federal regulations or when circumstances warrant.

1. Pre-Employment Testing

All applicants for employment for positions that meet the covered employee definition and who meet the requirements stated under "Application" of this policy must be tested

before being hired, or after the offer to hire but before performing any safety-sensitive function. This requirement applies also to current employees who are transferring to a safety-sensitive position and to candidates for employment who are receiving training for licensing to operate a school bus or other vehicle requiring a Commercial Drivers' License. Under no circumstances will employment candidates, current employees who are transferring to safety-sensitive positions or undergoing driver training for school buses or other covered vehicles be allowed to operate the vehicle until Pre-Employment drug and alcohol testing is conducted and negative test results received. Candidates for employment who test positive for controlled substances or alcohol shall not be offered employment or further training leading to employment. Current employees not in safety sensitive positions being tested in relation to a job transfer to a safety-sensitive position or for purposes of qualifying to perform safety-sensitive functions on an occasional basis or for any other reason shall be subject to disciplinary action that may include termination.

Additionally, as part of previous employment verification for candidates/transfers to safety-sensitive positions, it is required that previous employers provide written results of drug and alcohol testing for the previous two years where the applicant may have performed safety-sensitive functions under OTETA. Likewise, School must provide test results for school employees seeking employment elsewhere. In either case, signature release of the records is required from the employee/candidate. Applicants whose previous test results reveal positive readings for drugs or alcohol shall not be offered employment, regardless of their having passed the Pre-employment tests, if the positive reading was within the last 7 years.

2. Reasonable Suspicion Testing

A supervisor or designee who has been trained in accordance with these policies shall require a driver to submit to an alcohol or drug test when the employer has reasonable suspicion to believe that a driver has violated the prohibitions contained in these policies or FHWA Regulations.

Reasonable suspicion must be based on documented objective facts and circumstances which are consistent with the long- and short-term effects of alcohol or substance abuse including but not limited to physical signs and symPACms, appearance, behavior, speech and/or body odor.

The required observations for alcohol and/or controlled substance reasonable suspicion testing shall be made by all supervisors of all employees required to hold a Commercial Drivers License in the performance of safety-sensitive functions. All such supervisors must have been trained for at least 60 minutes on alcohol misuse and an additional 60 minutes on controlled substance misuse. Employees who exhibit cause for reasonable suspicion testing shall immediately cease the performance of safety-sensitive duties. They shall be escorted directly to the designated test facility by a trained supervisor who shall be authorized to order the reasonable suspicion test. During the period of time that the results from the laboratory are pending, the individual shall not be allowed to resume safety-sensitive duties and shall be allowed to take annual, personal or sick leave. Employees whose primary duties are not safety-sensitive but exhibit cause for

reasonable suspicion testing shall also be removed from their regular duties and allowed to take annual, personal or sick leave. If test results are returned as negative, the individuals leave shall be changed to temporary duty with pay.

3. Post Accident Testing

Alcohol or drug testing shall be administered following an accident when the driver was performing a safety-sensitive function. The limitations described herein are applicable to drug and alcohol testing requirements and are not intended to prohibit or limit the definition of “accidents” in other policies or work rules and do not limit other disciplinary or administrative actions deemed appropriate for lesser accidents. The following circumstances dictate post accident testing for alcohol and drugs:

1. When there are one or more fatalities; or,
2. The covered driver was cited for a moving violation by a law enforcement officer, and
3. One or more drivers or passengers received immediate medical treatment away from the scene of the accident, or,
4. One or more of the vehicles involved had to be towed away from the scene.

In the application of the above circumstances, the following factors are necessary considerations by the individual making the decision to order testing. The fatality’s rule does not mean death must occur at the scene of the accident; if an accident victim dies within 30 days of the accident as a direct result of the injuries sustained in the accident, testing is required. In addition should a victim’s injuries be serious enough that there is an anticipated death, testing will be required. The towing rule is not restricted to vehicles that are so severely damaged they can not be driven. If a vehicle must be towed in order to prevent further damage, and the covered employee was cited for a moving violation, testing must occur. Testing for drugs must be conducted prior to commencement of the 32nd hour after the accident; testing for alcohol must be conducted within 8 hours of the accident.

If law enforcement officers on the scene of the accident determine the need to administer Evidential Breath Testing for alcohol due to suspicion of DUI, that test result will meet the requirements of this Policy. However, the field sobriety test often used to pre-screen before EBT testing will not suffice. Drug testing, even with an on-the-scene test and DUI charge, must still be conducted unless the covered employee is incarcerated beyond the time limits set in these policies or FHWA Regulations (prior to the commencement of the 32nd hour after the accident). A law enforcement drug test, by urinalysis or blood test, will meet the requirements of these policies or FHWA Regulation post accident testing.

Drivers involved in accidents must not consume alcohol for a period of 8 hours, unless tested sooner or until it has been established that they were not a contributing factor in causing the accident.

Drivers, including employees whose primary duties are not driving duties, who are required to submit to post accident testing shall immediately cease performing the safety-sensitive function and shall be placed in a non-driving assignment until all test results are received. Drivers whose test results are positive shall immediately be placed in a leave without pay status pending evaluation by the substance abuse professional and disciplinary action. If test results are returned as negative, the individual's status shall be changed to temporary duty with pay.

4. Random Testing

All covered employees shall be subject to random, unannounced drug and alcohol testing. The annual random rate for alcohol testing shall be 25% of the covered employees. The annual random rate for controlled substance testing shall be 50% of the covered employees. Lower testing percentage rates will be authorized based on the performance guidelines set forth in these policies or FHWA Regulations.

Covered employees whose daily duties do not require the performance of safety-sensitive functions (such as teachers driving for field trips, substitute school bus drivers, painters, etc.), but who are selected for random testing, must be tested either just before, during, or just after performance of safety-sensitive functions. "Just before" is interpreted to mean the day before or day the employee is to perform a safety sensitive function. The fact that such individual has been selected for random testing must remain strictly confidential until a day the individual is scheduled to perform the safety-sensitive function. The individual selected must submit to testing as directed that day, and report to the testing facility immediately upon being so notified.

Covered employees are subject to both drug and alcohol random testing. Selection for random testing does not preclude being selected subsequent times during the same year; random selection for drugs does not restrict selection to be tested for alcohol or vice versa.

Random tested employees, including employees whose regular duties are not driving, shall be in a regular pay status while waiting test results and shall continue their safety-sensitive functions without restriction. Upon notification of positive test results, random tested employees shall immediately cease the performance of safety-sensitive duties and be placed in a leave status pending evaluation by the designated substance abuse professional until disciplinary or dismissal proceedings are completed.

5. Return to Duty Testing

Employees who previously tested positive on a drug or alcohol test must submit to a return to duty test and test negative prior to returning to duty. Additionally, prior to returning to duty, the employee must have completed an evaluation and any referral and education/treatment process recommended by the designated substance abuse professional. Such treatment or actions shall be at the individual employees expense and the employee will be in a leave without pay status until the actual commencement of authorized duties.

6. Follow-up Testing

Subsequent to passing the Return to Duty testing requirement, follow-up testing is required. Follow-up testing must be unannounced with the number and frequency of follow-up testing determined by a substance abuse professional. At a minimum, the substance abuse professional shall direct 6 tests in a 12 month period and may extend the follow-up testing requirement for up to 60 months. The cost for all follow-up testing shall be the responsibility of the employee. Any positive reading for a follow-up test for either drugs or alcohol shall result in immediate termination.

ARTICLE XIX. HOUSING POLICIES

Section 19.01 General

It is the policy of the School to provide, consistent with quarters availability and staff priorities, adequate quarters at a reasonable cost to those employees of the School with a demonstrated need for such quarters. Due to the limited quarters facilities, it is necessary that priorities be established in order to ensure that quarters are available, if their need is demonstrated, to those employees most crucial to the mission of the School. Therefore, employment by the School does not, by virtue of that relationship, entitle any employee to quarters. Likewise, the use and enjoyment of quarters, when granted, is a privilege which may be revoked by the School when previously assigned non-priority housing assignments are needed for priority staff, when a violation of this Manual or a breach of the terms of the rental agreement by the employee has occurred, or the employment relationship has expired.

The priority for quarters shall be applied by the Facilities Management secretary with oversight by the head of the Facilities Management Department and shall be established as follows: There shall be one quarters unit designated and reserved for the responsible employee in Facility Management so that the School shall have the benefit of immediate response to any facility problem. This reserved quarters unit shall be designated for use by an employee in Facility Management who also is responsible for and trained in fire fighting and prevention. Of the quarters units remaining unoccupied, preference shall first be given to the Principal and executive staff as enumerated herein (see Policy 18. (B)), then to professional teaching staff, then to other administrative staff, as their need may be demonstrated. Of the quarters units thereafter remaining unoccupied, all employees shall be considered, based upon the following criteria:

- A. The benefit to the School which would occur if the employee were to be awarded quarters.
- B. The employment record and length of employment of the employee seeking quarters.
- C. The prior record, if any, of the employee with regard to any prior award of quarters or the occupancy thereof.
- D. The need demonstrated by the employee seeking quarters.

No priority hereby established shall prejudice any rights to quarters previously awarded, but shall be applied only to future awards of quarters.

A copy of these policies shall be made available to every employee of the School, whether or not such employee has been granted quarters, to the end that every employee knows and understands the terms and conditions under which quarters are presently granted or hereafter may be granted.

Each employee and every person residing in or visiting School quarters shall be informed of, by the employee residing in the quarters, and know the terms, conditions, rules, regulations and policies related to the quarters. Any claimed lack of knowledge of said term, condition, rule, regulation or policy shall not constitute a defense to a charged violation of any such term, condition, rule, regulation or policy.

The employee to whom the quarters are granted is responsible for the actions of any person on or about the quarters.

Section 19.02 Function and Authority

- A. The secretary of the Facilities Management Department, with oversight by the head of the Department, shall have full authority and responsibility to award quarters to employees consistent with the terms and conditions of this Manual.
- B. The head of the Facilities Management Department, by majority action, shall have authority to terminate for good cause the quarters privilege of any employee. Good cause for such termination shall be limited to and consist only of a finding that:
 - 1. A non-priority assignment of quarters is not being utilized for a priority purpose; or
 - 2. the employee to whom the quarters were awarded violated the terms and conditions of this Manual and/or that he or she breached the terms and conditions of the quarters agreement entered into and executed by the School and the employee whose quarters privilege is subject to termination; or
 - 3. Said termination is necessary for the health, safety, welfare and/or quiet enjoyment of other residents of School quarters, students, staff or the School's best interest.
 - 4. Such termination shall be effective only after completion of an appeal as set forth in Policy _____.
- C. After the Facility Management Department has completed the annual inspection of all quarters, the Department shall review all Inspection Report Forms and make such recommendations to the Principal as shall appear proper and necessary as a result of such review.

Section 19.03 Application for Quarters

No quarters award shall be made by the secretary of the Facilities Management Department except upon consideration and approval of a written application submitted to the secretary of the Facilities Management Department on a form approved by the Principal and set forth in Appendix A to this Section.

Section 19.04 Consideration of Applications for Quarters

The secretary of the Facilities Management Department shall consider written applications for quarters as above provided and, in addition, may require the presence of the employee submitting the application before the secretary of the Facilities Management Department.

Section 19.05 Denial of Application for Quarters

Denial of an application for quarters shall be made and recorded in writing signed by the secretary of the Facilities Management Department. Such writing shall set forth the exact reason or reasons for the denial and shall be kept and maintained, together with the application, by the secretary of the Facilities Management Department for not less than one year following the decision. A copy of the written decision shall be provided to the applicant.

Section 19.06 Administrative Review of Denial of Application

Any employee who has been denied an application for quarters may, within three (3) working days of receipt of the written decision of the denial file a grievance with the head of the Facilities Management Department using the forms attached to Policy 7.02, Grievances, herein. The grievance shall be filed with the head of the Facilities Management Department within the timelines set forth in Policy 7.02. Any subsequent appeal shall go to the Principal for review on the record. The Principal's decision shall be final.

Section 19.07 Priorities for Awards of Quarters

The priority for quarters shall be applied by the Housing Committee and shall be established as follows:

- A. There shall be one quarters unit designated and reserved for the responsible employee in Facility Management so that the School shall have the benefit of immediate response to any facility problem. The reserved quarters unit shall be designated for use by an employee in Facility Management who also is responsible for and trained in fire fighting and prevention.
- B. Of the quarters units remaining unoccupied, preference shall first be given to the following executive officers:
 1. Principal
 2. Business Manager
 3. Principal

- C. Of the quarters units remaining unoccupied, preference shall then be given to professional teaching staff, then to other administrative staff, as their need may be demonstrated.
- D. Of the quarters units thereafter remaining unoccupied, the non-priority application of any employee shall be considered, based upon the following criteria:
 - 1. A preference shall be given to such non-priority applications as shall be submitted by an employee whose quarters assignment has been previously terminated because of the priority needs of the School.
 - 2. The benefit to the School which would occur if the employee were to be awarded quarters.
 - 3. The employment record and length of employment of the employee seeking quarters.
 - 4. The prior record, if any, of the employee with regard to any prior award of quarters or the occupancy thereof.
 - 5. The need demonstrated by the employee seeking quarters.
- E. Non-priority assignments of quarters shall commence on the effective date of the assignment and shall continue to and until the first day of the following July. Thereafter, such assignment shall continue to the following first day of July, absent further action by either the employee or the Facilities Management Department unless:
 - 1. The head of Facilities Management Department determines that the non-priority assignment must be terminated in order to provide for the priority needs of the School; and
 - 2. The head of Facilities Management Department notifies the employee on or before the first day of July that the quarters assignment must be terminated in order to provide for the priority needs of the School.
- F. No priority hereby established shall prejudice any rights to quarters previously awarded, but shall be applied only to future awards of quarters.
- G. The department Supervisor or the Principal may, if they deem it to be appropriate and in the best interest of the School, suggest to the head of Facilities Management Department such benefits or detriments as may occur if the employee were to be awarded such quarters as has been requested.

Section 19.08 Determination of Priority Needs

- A. On or before the first working day of July in each year, the Principal shall notify the secretary of the Facilities Management Department in writing of those

administrative offices which may or will require an award of quarters during the School year.

- B. On or before the first working day of July in each year, the Principal shall notify the secretary of the Facilities Management Department in writing of those professional teaching positions which may or will require an award of quarters at or immediately after the beginning of the School year.
- C. The secretary of the Facilities Management Department shall thereafter, as soon as practicable, compare the available and unoccupied quarters with the expressed needs for quarters as notified. Insofar as may be possible, adequate quarters shall be set aside, pursuant to the priorities established herein.
- D. In the event the head of the Facilities Management Department determines that the priority needs for quarters requires that an award or awards of non-priority quarters be terminated in order to provide for priority needs, then the secretary of the Facilities Management Department shall act in compliance with the requirements of these policies.
- E. On or after the first working day in October in each year, if any quarters remain available and unoccupied, the secretary of the Facilities Management Department shall publish and distribute a list of all available quarters to all School staff.
- F. Short-term quarters may, if available, be rented to non-employees of the School in the event the services of the tenant are of benefit to the School or the quarters unit would otherwise be unoccupied and unproductive for revenue for the School.

Section 19.09 Execution and Delivery of Documents

Upon an award of quarters by the secretary of the Facilities Management Department, the person to whom the award was made shall execute and deliver to the Business Office, with a copy to the Office of the Principal, the following:

- A. An executed Quarters Assignment Agreement substantially in the form provided as Appendix B to this Section or a Residential Rental Agreement substantially in the form provided as Appendix C to this Section.
- B. If the person to whom an award is made is an employee, they must complete and sign a Rental Rate and Payroll Deduction Agreement substantially in the form as provided in Appendix E to this Section prior to being allowed into the quarters and prior to beginning their tenancy. If a person awarded quarters is not an employee, they must arrange and have in place an automatic payment procedure with their bank or employer. This shall be done prior to the tenant being allowed into the quarters and prior to beginning tenancy.

Section 19.10 Inspection and Repair by Facility Management

Prior to occupancy of the awarded quarters unit, Facility Management staff shall inspect the quarters and complete a Quarters Inspection Form substantially in the form provided as Appendix F to this Section. All deficiencies found in the quarters unit shall be remedied by Facility Management.

Section 19.11 Conditions of Award and Tenancy

All quarters awarded subject to the terms of this Manual and all quarters previously awarded, to the extent that the terms of this Section are not inconsistent with the duly executed Quarters Assignment Agreement or Rental Agreement which previously awarded the quarters, shall be used and occupied subject to the terms and conditions of this Section. The violation of any of these terms shall be grounds for the termination of the quarters assignment or rental rights of the employee as determined by the Facilities Management Department. Violation of the terms and conditions of Quarters Assignment Agreements or Rental Agreements previously executed shall also constitute grounds for the termination of the quarters assignment or rental rights set forth in those agreements. **THESE RULES AND CONDITIONS WILL BE STRICTLY ENFORCED.**

- A. The quarters assigned or rented shall be for the residence of those persons listed on the application for quarters and no other persons, except those invited guests whose visitation shall be for a period of twenty (20) days or less in any six-month period, without the prior written consent of a majority of the Housing Committee.
- B. The quarters assigned or rented shall be kept in a clean, sanitary, sightly and safe condition. All trash, garbage refuse and litter shall be promptly accumulated, contained and removed from the quarters and surrounding property.
- C. No livestock shall be kept on or in the assigned quarters and surrounding property. Household pets in a number and of a kind listed on the application for quarters may be kept if confined to the quarters and surrounding property. Household pets which remain in an unhealthy or unsanitary condition, which constitute a nuisance or danger to others or which are not confined or confinable by the owners, shall be promptly removed upon written demand of the Housing Committee. (The employee to whom the quarters are granted is responsible for any damage by or maintenance on account of any pet or animal.)
- D. No business, enterprise or activity for profit shall be conducted upon or in the assigned quarters and surrounding property without the express written permission of the Housing Committee.
- E. The employee to whom the quarters are awarded shall be responsible for and shall notify Facility Management of all maintenance needs with regard to the quarters.
- F. No repairs, alterations, improvements or additions shall be made to the quarters by the employee to whom the quarters is awarded without the prior written permission of the Principal. No alterations, improvements or additions so made to

the quarters shall be removed without the prior written permission of the Principal.

- G. The discharge of a firearm, air gun or any other device capable of discharging or propelling any material which could cause damage, harm or injury to any person or property shall not be permitted in or upon the quarters assigned or in the compound of quarters.
- H. The hauling of water taken from any quarters by or for a non-tenant shall not be permitted.
- I. The employee to whom the quarters is awarded and all authorized residents of the quarters shall permit, upon reasonable notice, access to the quarters by an authorized employee for the purposes of inspection, maintenance, repair or improvement to the quarters or the contents thereof.
- J. No illegal activity shall be conducted or maintained in or about the quarters assigned.
- K. No accidental or purposeful damage shall be caused to the quarters. Any such damage as shall occur shall be immediately reported to Facility Management and the person to whom the damaged quarters is assigned shall pay the reasonable cost of all necessary repairs performed by Facility Management as the result of such damage.
- L. No inoperable vehicles, vehicle parts, trailers, machinery or other such unsightly materials shall be stored or placed on the premises. Two (2) weeks after notification, these items will be removed at the tenant's expense. Said expense shall be charged and payable with the next month's rent.
- M. The employee or any other person shall not act or permit or allow actions that may compromise or endanger the health, welfare, safety or quiet enjoyment of any other resident of School quarters, student, staff or other person, nor shall such persons act or permit or allow actions that are against the best interests of the School.
- N. Tenants shall ensure that play and recreational areas, including, but not limited to, basketball, volleyball, goals, etc., be established away from roads and/or other potential hazards.

Section 19.12 Complaints and Reported Violations

All complaints concerning a violation of the terms of this Manual shall be made to the secretary of the Facilities Management Department in writing, dated and signed by the person making the complaint.

Section 19.13 Appeals

Appeals of any actions or issues related to quarters shall be initiated and conducted as set forth in Policy 18.____. In exigent circumstances, action may be taken by the Principal immediately, with any appeals' procedures taking place as soon as reasonably possible thereafter.

Section 19.14 Expiration

An award of quarters shall expire upon the occurrence of any of the following events:

- A. The mutual agreement of the parties to the Quarters Assignment Agreement or Residential Rental Agreement.
- B. The expiration of the employment of the person to whom the quarters were awarded. In the event another member of the authorized residents of the household is also an employee of the School, such other employee shall have the right to make application for an award of quarters for a period of thirty (30) days after the expiration of the original quarters award if, during that time, the applying employee has agreed to assume the cost and expenses of an award of quarters.
- C. A finding by the head of the Facilities Management Department that cause exists and termination is found to be the appropriate remedy.
- D. The determination by the head of the Facilities Management Department Housing Committee that the priority needs of the School require the termination of a non-priority assignment of quarters.

Section 19.15 Procedure Upon Expiration of Tenancy

- A. The employee to whom the quarters were awarded shall, upon expiration of the tenancy, notify Facility Management of the intended date of expiration or the date upon which the quarters are to be vacated.
- B. The quarters to be vacated shall be inspected by Facility Management in the presence of the employee to whom the quarters were awarded at a time which is mutually convenient and arranged with the employee by Facility Management.
- C. Upon the completion of the inspection, a Quarters Inspection Form must be completed by the inspecting authority from Facility Management. A copy of such completed form shall be provided to the employee to whom the quarters were awarded and, if the report is acceptable to the employee, the original of the form shall be signed by the employee and the Facility Management representative.

- D. The Inspection Report Form shall conclude that the quarters are acceptable and that the employee to whom the quarters were awarded is cleared of all further responsibility for the quarters when it is found that:
1. No loss, damage or injury, exclusive of normal wear, has occurred by virtue of the expiring occupancy.
 2. That the quarters are in a clean, sightly and sanitary condition.
 3. That all trash, refuse and litter have been removed from the quarters and surrounding property.
 4. That all personal property has been removed from the quarters.
 5. That all keys to the quarters have been returned to Facility Management.
- E. The Inspection Report Form shall conclude that the quarters are unacceptable and that the employee to whom the quarters were awarded is not cleared from further responsibility for the quarters when it is found that:
1. Loss, damage or injury, apart from normal wear, has occurred by virtue of the expiring occupancy.
 2. That the quarters are not in a clean, sightly and sanitary condition.
 3. That all trash, refuse and litter have not been removed from the quarters and surrounding property.
 4. That all keys to the quarters have not been returned to Facility Management.
- F. In the event the Inspection Report Form shall conclude that the quarters are acceptable, a copy of such report shall be immediately delivered to the Business Office and no further claim or liability shall be placed upon sums due and owing to the employee by virtue of the expired occupancy of quarters.
- G. In the event the Inspection Report Form shall conclude that the quarters are unacceptable and the employee to whom the quarters were awarded is not cleared from further responsibility, a copy of the report shall be delivered to the Principal for further action and no sums due and otherwise owing to the employee shall be released to the employee until it is found that the quarters have been made acceptable or until the employee has been released from responsibility.
- H. The head of the Facilities Management Department shall meet with the employee to whom the quarters were awarded at the earliest possible time and shall then attempt to resolve all matters then pending with regard to the deficiencies set forth in the Quarters Inspection Form. When all deficiencies are thereafter resolved and their resolution accomplished, the head of the Facilities Management

Department shall so indicate on the Quarters Inspection Form, a copy of which shall then be delivered to the Business Office.

Section 19.16 Other Duties of Facility Management

- A. A designated representative of Facility Management shall conduct an annual inspection of all quarters. An Inspection Report Form shall be completed as a part of each inspection. The original of the inspection report shall be retained among the records of Facility Management, and a copy shall be provided to the Housing Committee, the Principal, and the occupant.
- B. A designated representative of Facility Management shall conduct an inspection of quarters awarded prior to occupancy and shall complete an Inspection Report Form as a part of such inspection. The intended occupant shall be given a copy of this report form when completed.
- C. A designated representative of Facility Management shall conduct an inspection of quarters prior to the expiration of tenancy and shall complete an Inspection Report Form as part of such inspection. The occupant shall be given a copy of this report form when completed.
- D. Occupied quarters shall be entered by designated representatives of Facility Management only after reasonable notice of such intended entry shall have been provided to the occupant. Such notice may be in writing or may be given verbally. Such notice shall provide the approximate time and date of the intended entry and the purpose necessitating the intended entry. In the event the occupant is not agreeable to the time proposed for entry into the quarters, reasonable attempts shall be made to accommodate the needs and desires of the occupant. Such notice need not be given in the case of an emergency where, to do so, would unreasonably forestall such action as may be required by the circumstances of the emergency. However, written notice of the entry which includes the date and time of entry, the purpose for entering the occupied quarters, and the action taken within the quarters will be provided to the occupant within three (3) working days after the emergency entry has occurred.
- E. The Facilities Manager shall assure that all income from quarters rentals shall be used for the direct benefit of all quarters. The Facilities Manager shall, on or before the first day of May in each year, provide the Principal and Business Manager with an annual report of all income and expenditures of quarters rentals income and shall consult with the Principal on any intended expenditure in excess of \$5,000.00 from said funds.
- F. The Facilities Manager shall assure that work orders for the repair or maintenance of quarters are promptly processed and, to the extent funds are available, assure that appropriate work and maintenance is performed, consistent with those work orders.

- G. The Facilities Manager shall assure that the performance and conduct of all employees under his or her authority conforms to the policies and procedures contained in this Manual.
- H. The Facilities Manager shall assure that, to the extent within his or her control and authority, all employees and all persons residing in awarded quarters conform their conduct and performance to the policies and procedures contained in this Manual.
- I. The Facilities Manager, in consultation with the Principal and the Business Office, may promulgate implementing procedures in furtherance of this *Policies and Procedures Manual*.
 - 1. Such implementing procedures as are promulgated shall thereafter be delivered to the Principal for his or her final review. If approved by the Principal, such implementing procedures shall become immediately effective and shall be identified by the date of approval and effect.
 - 2. The original of such procedures shall be placed among the collected policies and procedures of TRS and copies shall be distributed to all employees.
 - 3. Such procedures as have been approved may be thereafter amended in whole or in part by action of the Facilities Manager with the approval of the Principal. Such amended procedures shall be marked with the date of approval and effect and be placed among the collected policies and procedures of the School and copies shall be distributed to all employees.

Section 20.01 Records Requests

All document and record requests shall be made to the Business Manager or his/her designee and must be in writing, using the School Request for Records Form. School documents and records may only be provided pursuant to this procedure and upon completion of the School Request for Records Form.

A requesting party may appeal the denial of a Records Request to the Principal. An appeal must be in writing, stating the specific reasons why the record should be released and why the cited authority is inapplicable and must be filed and received in the Office of the Principal within ten (10) business days of the denial. The Principal shall issue his/her decision on the appeal ten (10) business days or less from receipt of the appeal. The decision of the Principal is final unless reversed by the White Mountain Apache Tribal Court. Providing school documents other than through this procedure and use of the attached forms is grounds for disciplinary action up to and including termination.

The School shall apply the Act in concert with its policies relative to student confidentiality set forth in Article XV of these Policies and Procedures. In the event of a conflict those policies in Article XV shall control.

See also Policy 3.06, Non Disclose. The Principal or Designee shall resolve all conflicts between Policy 3.06 and this policy.

Section 20.02 Community and Parent Involvement in Community School

- A. Local community involvement and control of Theodore Roosevelt School shall primarily be accomplished through the local elections of school board members. The school board members shall be the legitimate voice of the local community as authorized and set forth in the White Mountain Apache Tribal Code.
- B. Parental involvement shall be “encouraged” and welcomed primarily through the parent teacher organization. A copy of the organizational document for the school’s parent teacher organization is attached hereto. All parents are encouraged and invited to become members of the parent teacher organization and participate in the school through that organization. Other community members are invited to attend those meetings.
- C. Additional procedures for involving parents in the local community and the school may be developed by the board.

Section 20.03 Public Concerns and Complaints

- A. The school policy is to be attentive to public concerns and complaints. The school will treat such concerns and complaints seriously but in an orderly fashion pursuant to the

procedures set forth herein to ensure the least disruption to the work of the school and to the children's education.

- B. Public concerns and complaints should be resolved at the lowest possible level in the school's organizational chart.
- C. Parent concerns regarding their children's academic performance or experience should first be presented to their child's teacher. This meeting should first be arranged through the school Principal. Section 21.01 General Policy Statement

The following are guidelines, procedures and policies to be followed by all School employees, those performing under contracts with the School and all subcontractors and all others involved in the acquisition and/or administration of any federal grant for which the School applies or which it receives.

It is the intent of these guidelines, procedures and policies to cause the School and the above-named parties to act in compliance with all applicable federal, White Mountain Apache Tribe and local laws, rules and regulations, and these policies shall be construed and interpreted to accomplish that intention. The School incorporates by reference into these policies: the written terms and conditions of any such grant, 43 CFR § 12.76 and amendments thereto; regulations of the Department of the Interior; and other laws, rules or regulations found to be applicable; into these policies.

Should a conflict arise between these policies and the various laws, rules and regulations then the White Mountain Apache Tribal Code shall control over these policies and local laws, rules and regulations; and the laws, regulations and rules of the federal government shall control over the foregoing or as applicable law requires.

Section 21.02 School Procurement Standards and Ethics

1. General. When procuring property and services under a grant, the School shall use and enforce its established adopted policies and procedures, including, but not limited to, its procurement, conflict of interest and anti-nepotism policies, all of which are incorporated herein by reference, except and wherein said policies conflict with the guidelines, procedures, and policies set forth herein and/or the laws, rules and regulations of the federal government, granting agency, White Mountain Apache Tribe and/or _____ Township.
2. Standards.
 - a. The School, its contractors and their subcontractors will use School procurement procedures which reflect applicable federal, White Mountain Apache Tribe and local laws, rules and regulations, and the standards specifically set forth in 43 CFR § 12.76 and amendments thereto. In the event of any conflicts, the federal law shall control.
 - b. The School will maintain a contract administration system which ensures that contractors perform in accordance with the terms, conditions and specifications of their contracts or purchase orders.

- c. The School does and will maintain a written code of standards of conduct governing the performance of the School's employees in the administration of contracts and other procurements. Said employees are and shall be subject to the standards, guidelines, procedures and policies set forth herein and other applicable policies set forth in the School's policy manual.
- d. In addition to the conflict of interest and anti-nepotism policies set forth in the School's policy manual, a conflict will also arise when: (i) an employee, officer or agent of the School, (ii) any member of his or her immediate family, (iii) his or her partner, or (iv) an organization which employs or is about to employ any of the above, has a financial or other interest in a firm, person or entity selected for an award.

- f. The School, its contractors and their subcontractors shall review proposed procurements to identify unnecessary or duplicative purchases. In said review, consideration shall be given to consolidating or breaking up procurements to obtain a more economical purchase. Where appropriate, leases should be considered in place of purchases, and other such possible cost-saving alternatives should be considered.
- g. Where possible and to foster greater economy and efficiency, the School shall enter into agreements with the White Mountain Apache Tribe and local governmental agencies for procurements or use of common goods and services.
- h. Where feasible and economically advantageous, the School shall use federal excess and surplus property in lieu of purchasing new equipment and property.

Said written notice shall include a detailed description of the basis for said dispute or protest, including, but not limited to, policies or specifications at issue, dates, times, actions, names of parties and witnesses relevant to the dispute or protest. Facts not submitted initially may be precluded in further consideration of the dispute or protest. Failure to provide said notice within the time noted above shall constitute a waiver of the dispute or protest.

The School's chief administrator shall have thirty (30) days from submission of a notice to resolve said dispute or protest. The party disputing or protesting any procurement must participate with the School's chief administrator, or designee, in discussions and negotiations and other dispute resolution procedures in an attempt to resolve the dispute or protest. Should the dispute not be resolved by the School's chief administrator, or designee, within the time set forth above, said dispute and record thereof shall be submitted, by the School's chief administrator, to the School Board for its consideration. The party disputing or protesting the procurement may submit a written statement to the School Board at that time for its consideration. A decision of the School Board shall be final. Only after exhausting the above administrative remedies may a protestor pursue a review with the federal agency.

Any review by the federal agency shall be limited to: (i) violations of federal law or regulations, the standards of this section (violations of White Mountain Apache Tribe or local law shall be under the jurisdiction of the White Mountain Apache Tribe or local authorities); and (ii) violations of the School's or the School's contractors or subcontractors for failure to review a complaint or protest.

CONFLICT OF INTEREST AGREEMENT

THEODORE ROOSEVELT SCHOOL

Employees have an obligation to conduct business within guidelines that **prohibit actual or potential conflicts of interest**. The purpose of this policy is to provide employees with clarification on issues of acceptable standards of conduct regarding personal gain, relatives and transactions with outside firms and individuals.

Actual or potential conflict of interest occurs when an employee is in a position to influence a decision that may result in a personal gain for that employee or a relative of that employee. For the purposes of this policy, a relative is person who is defined as a relative under the School's hiring policy (see Section 2.06 - Anti-Nepotism).

School business dealings with outside firms should not result in personal financial gains for any employee or his or her relatives (see Section 2.06 - Anti-Nepotism). An employee who has, or whose relative has a substantial personal interest in any decision of the School, shall make known the interest in the official records of the School, and shall refrain from participating in or influencing the School's position on any matter as an employee in such a decision. Personal gain may result not only in cases where an employee or relative has a significant ownership of a firm with which the School does business but also when an employee or relative receives any kick-back, bribe, substantial gift, or special consideration as a result of any transaction or dealings involving the School. All transactions that can be interpreted to involve personal financial gain shall require specific Board approval.

Additionally, no employee of the School shall accept gifts from any persons, group, or entity doing, or desiring to do, business with the School. The acceptance of any business related gratuity is specifically prohibited, except for widely distributed, advertising items of nominal value.

The undersigned employee, as evidenced by their signature below has reviewed school policies 2.06; 2.07; 10.01, Article XIX; and the Federal Grant Construction Policies of the School; and the requirements of 43 C.F.R. 12.76, understands said policies and requirements, and agrees to comply with and be bound by said policies and requirements as an employee of the School. Employee understands that failure to comply with the above noted Conflict of Interest Provisions may result in disciplinary action up to and including termination.

I have been provided with a copy of this signed Conflict of Interest Agreement and understand that a signed copy will be placed in my personnel file.

ARTICLE XXII. FOOD SERVICE

Section 22.01 Purpose. Theodore Roosevelt School participates in the National School Lunch and School Breakfast Programs. These programs make available to school children meals of optimum nutritional value at a minimum cost to the child. This is accomplished by providing a daily meal that meets one-third of the Recommended Dietary Allowance (RDA). The U.S. Department of Agriculture (USDA) reimburses the School for the meals which are not reimbursed. Adult meals must be paid for from other funding sources.

The Food Service Department has a line item budget under the residential program reimbursements received from the USDA and items budgeted under the residential program must be used for the purchases of food for student meals and salaries to prepare those meals. These funds cannot be used for any other purpose. Therefore, any food request for parties, potlucks or any other functions must be paid from other funding sources. An approved purchase order will be required before the Food Service Department will order any food items you are requesting.

Under USDA regulations, if an area within the School is designated as an extension of the cafeteria for meal (breakfast and lunch) consumption, that area cannot be used to sell foods or minimal nutritional value during breakfast and lunch. Examples of food considered as having minimal nutritional value are soda, hard candy, chips, corn nuts, gum, cakes, fry bread and caramel popcorn. As a result, foods of minimal nutritional value are not allowed in the cafeteria during meal hours.

Section 22.02 Food Requests. Requests for sack meals shall be submitted five (5) working days in advance. Sack lunch will be provided as needed. Check with the Food Service Department the day before the pickup date to make sure an order has been received. Sack meals requested that are not picked up will be charged to the requester.

Any food request for special events must be submitted ten (10) working days (M-F) in advance. Weekends do not count in the ten (10) days. The Food Service Department does not keep large quantities of food on hand and will order the food according to the menu.

Section 22.03 Food Procurement. All food service purchasing and disbursements are controlled by the procurement accounting and management and disbursements of property sections included in this Manual and food service personnel shall comply with said policies.

Section 22.04 Conduct in Food Service Area. Conduct in the food service area shall be as prescribed, for students and staff, in the other general conduct areas of this Manual. Unruly or inappropriate behavior will result in disciplinary action.”

ARTICLE XXIV. PARENT ADVISORY COMMITTEE POLICIES

Section 24.01 Mission Statement.

The Theodore Roosevelt School Parent Advisory Committee (hereinafter “PAC”) adopts the Mission and Philosophy Statement of the Theodore Roosevelt School (hereinafter “TRS” or the “School”) as set forth in the TRS Policies and Procedures Manual and as set forth below. The PAC pledges to promote, support and act in compliance with said Mission and Philosophy Statement.

The Theodore Roosevelt School School Board (hereinafter the “Board”) adopts and proclaims the following mission and philosophy statement and shall act in conformance with said statement:

The Mission and Philosophy of Theodore Roosevelt School (hereinafter the “School”) is based upon the Traditional Diné Cultural approaches to Child Rearing. The School is designed and built to reflect the Diné holistic direction of a Home. We strive to guide a child to proper Emotional, Social, Physical and Spiritual Development through extensive Diné Culture and Language programs.

Our students have achieved very well academically, socially and spiritually. This is shown by higher academic scores and a reduction in negative student behavior and drug/alcohol involvement. Our program has been recognized as a Model Program for Residential Community Controlled Schools. In addition, the Office of Indian Education Programs in Washington, D.C. recently reviewed our program and said it was an effective one.

The Diné Cultural approach to Child Development has been given to us by the Holy People and has been proven to be a very effective way of proper child development through many generations. As we approach the New Millennium, our children are faced with many problems: social, emotional, mental and spiritual. They can be overwhelming and cause them to fail in life. We have tried many ways to circumvent these problems with our youth. Many have not worked.

Our only alternative is to return to our proven Diné traditions, and that is the heart and soul of our program at TRS. We continue to raise the achievement standards for our students, staff, and parents. We hope that, with the support of our Community and Parents, our students will become lifelong achievers.

Section 24.02 PAC Additional Mission Statement.

It shall be a further purpose and mission of the PAC to:

- a. Support and speak on behalf of children and youth in the TRS Kindergarten, in the community and before governmental bodies and other organizations that make decisions affecting children.
- b. Support, promote and speak on behalf of TRS in the community and before governmental bodies and other organizations that make decisions affecting TRS.

- c. Assist parents in developing the skills they need to raise and protect their children; and
- d. Encourage and facilitate parent and public involvement in TRS.

Section 24.03 Understanding Roles of Different Groups at TRS.

- a. There are different groups and entities at TRS. Each group has a specific role to play. Each interrelated group must know and operate within its parameters. The PAC is one of these groups. It is important that the PAC know and acknowledge these different groups, their duties and their parameters, including their authority. This knowledge and acknowledgement will allow the PAC to best fulfill its role.

The purpose of TRS and each group **is the children**. The children served by TRS must remain the focus of each of these interrelated groups. All employees, officials and community members involved in the mission of TRS must keep the focus on the best interests of the children. All our actions and energies should be directed toward the education, development and well-being of our community's children. Personal disputes and arguments between adults must not be allowed to detract from this simple, yet very important focus.

- b. School Board. The School Board (hereinafter "Board") is the entity authorized by White Mountain Apache Tribal law to act on behalf of TRS. Only the Board may take lawful action that is binding upon TRS.

The Board may only take such action as a group by motion/resolution duly moved, seconded and voted on at public meetings. The Board may not act otherwise. Board members are not authorized to act individually on behalf of TRS or outside of a public meeting unless specifically authorized to do so by a vote of the Board in a public meeting.

White Mountain Apache Tribal law mandates local control of community schools through the local election of School Board members. The School Board members are then given the legal responsibility, as a group, to operate the School. Local control does not mean control by ad hoc committees or groups of parents, community members or the chapter, but it does mean operation of the School through the actions of locally-elected School Board members who are accountable to local communities through the election process.

The School Board has broad policy-making and oversight functions. They do not become involved in the day-to-day operation of the School, but set policy delegate limited authority and designate others or other groups to perform the day-to-day operation of the School and accomplish other needed functions. It is important to realize that the authority of every other group at the School, including the PAC, is derived from a grant of limited authority from the School

Board. The Board is responsible for the actions from all of the other groups and retains the authority to control these groups.

- c. Administration. The administration is composed of professionals hired by the School to carry out the day-to-day operation of the School. It is the duty of these administrative professionals to enforce the policies set by the Board and attend to the day-to-day operation of the School. The Principal is the chief operating officer of the School and is responsible for this administrative function. The Principal's authority arises from a grant of limited authority from the School Board to accomplish those administrative duties. The Principal reports to and is controlled by the School Board.
- d. Staff. The staff is composed of education professionals and trades people who are responsible for accomplishing the myriad specific tasks that are necessary for the School to perform its mission. It is this group that performs the specific teaching, maintenance, housing, security and other tasks necessary to provide the services to the children and the community. The staff is supervised by the administration and Principal in carrying out their tasks. The Board has given the Principal limited authority to organize and supervise the staff.
- e. PAC and Other Similar Groups or Entities. The PAC is also an arm of the School authorized by the School Board. The PAC does not have an independent source of authority. The purpose of the PAC is to provide support to the School in accomplishing the School mission and act in an advisory capacity on specific School matters. The PAC is part of the School team. The PAC is not authorized to operate the School or dictate how the School should operate.

The Board has authorized the PAC to serve in the above functions and to assist in providing a larger perspective on School matters. It is hoped that the PAC will provide a positive communication link to and from the community. The PAC is, as are the other School groups, subject to all the rules, policies and procedures set forth in the Policies and Procedures Manual and other Board directives.

"Cause," as used in this section, is any conduct injurious or prejudicial to the good order, peace or interest of the PAC or TRS, or at variance with the PAC and/or the TRS Mission and Philosophy Statement, policies and procedures, bylaws or rules. Prior to expulsion, the member considered for expulsion shall be given the opportunity to be heard at the meeting. The time allowed for the member to be heard may be reasonably limited by the presiding officer. Any member who is to be considered for expulsion shall be notified by a letter addressed to the member's address of record, of the intention to move for the member's expulsion and the date and time of the meeting at which the expulsion will be considered. This letter shall be mailed to the member five (5) working days prior to the meeting. Any member so expelled may not participate in PAC meetings or activities for the remainder of the school year.
- e. Non-members may attend PAC meetings; however, they may not participate in the meeting nor may they vote.
